

Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the service to the Government.

2. The action will not have a severe economic impact on current contractors for the service.

3. The action will result in authorizing small entities to furnish the service to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the service proposed for addition to the Procurement List.

Accordingly, the following service is hereby added to the Procurement List:

*Janitorial/Custodial*

Backbay National Wildlife Refuge, 4005 Sandpiper Road, Virginia Beach, Virginia

This action does not affect current contracts awarded prior to the effective date of this addition or options that may be exercised under those contracts.

## BROADCASTING BOARD OF GOVERNORS

### Sunshine Act Meeting

**DATE AND TIME:** October 18, 2000; 9 a.m.-12 Noon.

**PLACE:** Hoover Institution, DeBasily Conference Room, Hoover Tower, 434 Galvez Mall, Palo Alto, CA 94305.

**CLOSED MEETING:** The members of the Broadcasting Board of Governors (BBG) will meet in closed session to review and discuss a number of issues relating to U.S. Government-funded non-military international broadcasting. They will address internal procedural, budgetary, and personnel issues, as well as sensitive foreign policy issues relating to potential options in the U.S. international broadcasting field. This meeting is closed because if open it likely would either disclose matters that would be properly classified to be kept secret in the interest of foreign policy under the appropriate executive order (5 U.S.C. 552b.(c)(1)) or would disclose

information the premature disclosure of which would be likely to significantly frustrate implementation of a proposed agency action. (5 U.S.C. 552b.(c)(9)(B)) In addition, part of the discussion will relate solely to the internal personnel and organizational issues of the BBG or the International Broadcasting Bureau. (5 U.S.C. 552b.(c)(2) and (6))

**CONTACT PERSON FOR MORE INFORMATION:** Persons interested in obtaining more information should contact either Brenda Hardnett or Carol Booker at (202) 401-3736.

Dated: October 10, 2000.

### Notice of Final Results of Antidumping Duty Administrative Review: Oil Country Tubular Goods From Canada

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On June 8, 2000, the Department of Commerce ("the Department") published the preliminary results of its administrative review of the antidumping duty order on oil country tubular goods from Canada. *See Notice of Preliminary Results of Antidumping Duty Administrative Review: Oil Country Tubular Goods from Canada* 65 FR 36407 (June 8, 2000) ("Preliminary Results"). This review covers one manufacturer/exporter, Atlas Tube, Inc. ("Atlas"), and the period December 1, 1998, through May 31, 1999. The period of review specified by the Department's opportunity to request administrative review was June 1, 1998, through May 31, 1999. However, due to the fact that the Department conducted a concurrent new shipper review of the same manufacturer/exporter for the period June 1, 1998, through November 30, 1998, this administrative review only covers the remainder of the period, December 1, 1998, through May 31, 1999. *See Notice of Initiation of Administrative Review* 64 FR 47167 (August 30, 1999). We gave interested parties an opportunity to comment on the *Preliminary Results* of review but received no comments. Therefore, these final results do not differ from the *Preliminary Results*, in which we found the dumping margin for Atlas to be 4.41 percent.

**EFFECTIVE DATE:** October 13, 2000.

#### SUPPLEMENTARY INFORMATION:

##### The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR Part 351 (1999).

##### Background

On June 8, 2000, the Department published in the **Federal Register** (65 FR 36407) the *Preliminary Results* of this review. We invited parties to comment on our *Preliminary Results*. We did not receive any comments.

In the *Preliminary Results*, we found the dumping margin for Atlas to be 4.41 percent. We have now completed the administrative review in accordance with section 751 of the Act and continue to find the rate of 4.41 percent.

##### Scope of the Review

The products covered by this review include shipments of OCTG from Canada. This includes American Petroleum Institute ("API") specification OCTG and all other pipe with the following characteristics except entries which the Department determined through its end-use certification procedure were not used in OCTG applications: Length of at least 16 feet; outside diameter of standard sizes published in the API or proprietary specifications for OCTG with tolerances of plus  $\frac{1}{8}$  inch for diameters less than or equal to  $8\frac{5}{8}$  inches and plus  $\frac{1}{4}$  inch for diameters greater than  $8\frac{5}{8}$  inches, minimum wall thickness as identified for a given outer diameter as published in the API or proprietary specifications for OCTG; a minimum of 40,000 PSI yield strength and a minimum 60,000 PSI tensile strength; and if with seams, must be electric resistance welded. Furthermore, imports covered by this review include OCTG with non-standard size wall thickness greater than the minimum identified for a given outer diameter as published in the API or proprietary specifications for OCTG, with surface scabs or slivers, irregularly cut ends, ID or OD weld flash, or open seams; OCTG may be bent, flattened or oval, and may lack certification because the pipe has not been mechanically

tested or has failed those tests. This merchandise is currently classifiable under the Harmonized Tariff Schedules (HTS) item numbers 7304.20, 7305.20, and 7306.20. The HTS item numbers are provided for convenience and U.S. Customs purposes. The written description remains dispositive.

##### Analysis of Comments Received

We did not receive any interested party comments on our *Preliminary Results*. Therefore, there is no Issues and Decision Memorandum for the final results of review.

##### Final Results of Review

We have determined that no changes to our analysis are warranted for purposes of these final results. As a result of this review, we determine that a 4.41 percent dumping margin exists for Atlas for the period December 1, 1998, through May 31, 1999.

##### Assessment

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. We have calculated an importer-specific duty assessment rate based on the ratio of the total amount of antidumping duties calculated for the importer-specific sales to the total entered value of the same sales. The rate will be assessed uniformly on all entries by that particular importer made during the POR. The Department will issue appraisal instructions directly to the Customs Service.

##### Cash Deposit Requirements

The following deposit requirements will be effective upon completion of the final results of this administrative review for all shipments of OCTG from Canada entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this new shipper review, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for Atlas will be the rate shown above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, in a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 16.65 percent. This rate is the "All-Others" rate established in the less-than-fair-value investigation. These deposit

requirements shall remain in effect until publication of the final results of administrative review for a subsequent review period.

##### Notification

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: October 5, 2000.

*Acting Assistant Secretary for Import Administration.*
