

Accordingly, the Department is continuing to base the all-others rate on a weighted-average of all the margins alleged in the petition. As a result, the all-others rate is 51.34 percent.

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act for Hage Fittings, Nirobo Metalverarbeitungs and Schulz we are directing the Customs Service to continue to suspend liquidation of all entries of subject merchandise from Germany that are entered, or withdrawn from warehouse, for consumption on or after the date 90 days prior date of publication of the *Preliminary Determination* in the **Federal Register**. For all other companies, we are directing the Customs Service to continue suspend liquidation of entries of subject merchandise from Germany that are entered, or withdrawn from warehouse, for consumption on or after August 2, 2000 (the date of publication of the *Preliminary Determination* in the **Federal Register**). We will instruct the Customs Service to require a cash deposit or the posting of a bond equal to the weighted-average amount by which the normal value exceeds the U.S. price, as indicated in the chart below. These suspension-of-liquidation instructions will remain in effect until further notice. The weighted-average dumping margins are as follows:

Exporter/manufacturer	Weighted-average margin (percent)
Hage Fittings	76.24
Nirobo Metalverarbeitungs	76.24
Schulz	76.24
All Others	51.34

ITC Notification

In accordance with section 735(d) of the Act, we have notified the International Trade Commission ("ITC") of our determination. As our final determination is affirmative, the ITC will, within 45 days, determine whether these imports are materially injuring, or threaten material injury to, the U.S. industry. If the ITC determines that material injury, or threat of material injury does not exist, the proceeding will be terminated and all securities posted will be refunded or canceled. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing Customs officials to assess antidumping duties on all imports of the subject merchandise entered for consumption

on or after the effective date of the suspension of liquidation.

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act.

Dated: October 10, 2000.

Troy H. Cribb,

Acting Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-580-810, A-583-815]

Continuation of Antidumping Duty Orders: Certain Welded Stainless Steel Pipe from South Korea and Taiwan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Continuation of Antidumping Duty Orders: Certain Welded Stainless Steel Pipe from South Korea and Taiwan.

SUMMARY: On February 4, 2000, the Department of Commerce ("the Department"), pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended ("the Act"), determined that revocation of the antidumping duty orders on certain welded stainless steel pipe from South Korea and Taiwan is likely to lead to continuation or recurrence of dumping. See 65 FR 5607 (February 4, 2000).

On October 2, 2000, the International Trade Commission ("the Commission"), pursuant to section 751(c) of the Act, determined that revocation of the antidumping duty orders on certain welded stainless steel pipe from South Korea and Taiwan would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. See 65 FR 58806 (October 2, 2000). Therefore, pursuant to 19 CFR 351.218(f)(4), the Department is publishing notice of continuation of the antidumping duty orders on certain welded stainless steel pipe from South Korea and Taiwan.

EFFECTIVE DATE: *Effective Date of Continuation:* October 16, 2000.

FOR FURTHER INFORMATION CONTACT: Martha V. Douthit or James P. Maeder, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW, Washington, DC 20230;

telephone: (202) 482-5050 or (202) 482-3330, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 1, 1999, the Department initiated, and the Commission instituted, sunset reviews (64 FR 35588 and 64 FR 35694) of the antidumping duty orders on certain welded stainless steel pipe from South Korea and Taiwan pursuant to section 751(c) of the Act. As a result of its reviews, the Department found on February 4, 2000, that revocation of the antidumping duty orders on certain welded stainless steel pipe from South Korea and Taiwan would likely lead to continuation or recurrence of dumping and notified the Commission of the magnitude of the margins likely to prevail were the orders revoked. See 65 FR 5607 (February 4, 2000).

On October 2, 2000, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty orders on certain welded stainless steel pipe from South Korea and Taiwan would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. See *Certain Welded Stainless Steel Pipe from Korea and Taiwan*, 65 FR 58806 (October 2, 2000) and USITC Publication 3351, Investigation Nos. 731-TA-540 and 541 (Review) (October 2000).

Scope of the Orders

The merchandise subject to these orders are certain welded austenitic stainless steel pipe that meets the standards and specifications set forth by the American Society for Testing and Materials ("ASTM") for the welded form of chromium-nickel pipe designated ASTM A-312. The merchandise covered by the scope of these orders also includes austenitic welded stainless steel made according to the standards of other nations which are comparable to ASTM A-312. Pipes are produced by forming stainless steel flat-rolled products into a tubular configuration and welding along the seam. Pipes are a commodity product generally used as a conduit to transmit liquids or gases. Major applications for pipes include, but are not limited to, digester lines, blow lines, pharmaceutical lines, petrochemical stock lines, brewery process and transport lines, general food processing lines, automotive paint lines, and paper process machines. Imports are currently classifiable under the following Harmonized Tariff Schedule of the United States ("HTSUS") subheadings:

7306.40.5005, 7306.40.5015, 7306.40.5040, 7306.40.5065, and 7306.40.5085. Although these subheadings include both pipes and tubes, the scope of these orders is limited to welded austenitic stainless steel. Although the HTSUS subheadings are provided for convenience and Customs purposes, our written description of the scope of these orders are dispositive.

Determination

As a result of the determination by the Department and the Commission that revocation of the antidumping duty orders on certain welded stainless steel pipe from South Korea and Taiwan would be likely to lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(1), the Department hereby orders the continuation of the antidumping duty orders on certain welded stainless steel pipe from South Korea and Taiwan. The Department will instruct the Customs Service to continue to collect antidumping duty deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of continuation of these orders will be the date of publication in the **Federal Register** of this notice. Pursuant to section 751(c)(2) and 751(c)(6) of the Act, the Department intends to initiate the next five-year review of the orders on certain welded stainless steel pipe from South Korea and Taiwan not later than September 2005.

Dated: October 10, 2000.

Troy H. Cribb,

Acting Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-M

DEPARTMENT OF COMMERCE

International Trade Administration

North American Free-Trade Agreement, Article 1904 NAFTA Panel Reviews; Request for Panel Review

AGENCY: NAFTA Secretariat, United States Section, International Trade Administration, Department of Commerce.

ACTION: Notice of first request for panel review.

SUMMARY: On September 22, 2000, Whirlpool Corporation and Inglis Limited filed a First Request for Panel Review with the Canadian Section of

the NAFTA Secretariat pursuant to Article 1904 of the North American Free Trade Agreement. Panel review was requested of the final injury determination made by the Canadian International Trade Tribunal, respecting Certain Refrigerators, Dishwashers and Dryers, Originating in or Exported from the United States of America and Produced by, or on Behalf of, White Consolidated Industries, Inc. and Whirlpool Corporation, their Respective Affiliates, Successors and Assigns. This determination was published in the *Canada Gazette*, Part I, (Vol. 134, No. 35, pp. 2694) on August 26, 2000. The NAFTA Secretariat has assigned Case Number CDA-USA-00-1904-04 to this request.

FOR FURTHER INFORMATION CONTACT:

Caratina L. Alston, United States Secretary, NAFTA Secretariat, Suite 2061, 14th and Constitution Avenue, Washington, D.C. 20230, (202) 482-5438.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686).

A first Request for Panel Review was filed with the Canadian Section of the NAFTA Secretariat, pursuant to Article 1904 of the Agreement, on September 22, 2000, requesting panel review of the final determination described above.

The Rules provide that:

(a) A Party or interested person may challenge the final determination in whole or in part by filing a Complaint in accordance with Rule 39 within 30 days after the filing of the first Request for Panel Review (the deadline for filing a Complaint is October 23, 2000);

(b) A Party, investigating authority or interested person that does not file a Complaint but that intends to appear in

support of any reviewable portion of the final determination may participate in the panel review by filing a Notice of Appearance in accordance with Rule 40 within 45 days after the filing of the first Request for Panel Review (the deadline for filing a Notice of Appearance is November 06, 2000); and

(c) The panel review shall be limited to the allegations of error of fact or law, including the jurisdiction of the investigating authority, that are set out in the Complaints filed in the panel review and the procedural and substantive defenses raised in the panel review.

Dated: September 26, 2000.

Caratina L. Alston,

United States Secretary, NAFTA Secretariat.
