A. Administrative Provisions and Legislative Authority

This Program is subject to the provisions found at 7 CFR part 3402. 7 CFR 3402.5(e) sets forth procedures to be followed when submitting supplemental grant proposals for special international study or thesis/ dissertation research travel allowances, rules governing the evaluation of proposals and the awarding of such grants, and regulations relating to the post-award administration of grant projects.

Legislative authority for this program is contained in section 1417(b)(6) of the National Agricultural Research, Extension, and Teaching Policy Act of 1977, as amended (NARETPA) (7 U.S.C. 3152(b)(6)).

B. Program Description

CSREES has determined that a new competition for special international study or thesis/ dissertation research travel allowances will be held during FY 2000, and hereby solicits proposals for competitive supplemental grants. Proposals may be submitted by universities or colleges who currently have active Food and Agricultural Sciences National Needs Graduate Fellowship Grants. Eligibility for this opportunity is limited to any current Fellow with sufficient time to complete the international experience before the termination date of the fellowship grant under which he/she is supported. These supplementary grants provide support for a Fellow to conduct thesis/ dissertation research or to undertake studies at a site outside of the United States primarily for the pursuit of activities that are not generally available within the United States. Before the international study or thesis/ dissertation research travel may commence, a Fellow must have completed one academic year of full-time study, as defined by the institution, under the fellowship appointment and arrangements must have been formalized for the Fellow to study and/or conduct research in the foreign location(s).

Estimated funds for supplemental grants in FY 2000 are approximately \$60,000. These funds are obtained from

no-year funds drawn from expired fellowship grants with unspent funds remaining. CSREES has determined that no FY 2000 appropriations will be targeted to supplemental grants supporting special international study or thesis/dissertation research travel allowances. For each travel allowance, the institution may request up to \$5,000. Travel allowance monies may be used only to pay travel and living expenses for the Fellow while the Fellow is on the specific international assignment as proposed in the application for the special international study or thesis/dissertation research travel allowance. No limitation is placed on the number of applications an institution may submit. Awards will be made to the extent possible based on the review of the proposal and availability of funds.

C. Selection Process and Evaluation Criteria

Applications for the special international travel allowances will be evaluated as they are received until available funds for the supplemental grants are exhausted. Upon receipt of an application, CSREES staff will first determine the eligibility of the Fellow for whom the application was submitted for an international travel experience. Eligible and complete requests then will be reviewed by professional staff from USDA or other Federal agencies, as appropriate. Since awards for supplemental grants will be awarded as reviews are completed, there is no assurance funds will be available late in the application period for every acceptable proposal.

The six evaluation criteria are:

1. Destination and duration—the degree to which the destination and duration of the travel experience is appropriate for enhancing the Fellow's academic program—10 points.
2. Travel experience activities—the degree to which the specific international experiences contribute to the Fellow's program of study—30 points.
3. Advance preparations—the degree to which the proposed study or research activities are well-planned, including the likelihood that these activities will come to fruition and that the participation of identified personnel will materialize—20 points.
4. Budget—the degree to which the budget for the international experience is justified—10 points.
5. Personnel—the degree to which the personnel, both U.S. and international, involved with the travel experience have the appropriate credentials and experience to direct the Fellow's international experience, and the

likelihood that their participation as mentors, trainers, advisors, or teachers will contribute to the educational value of the travel experiences—20 points.

6. Supporting documentation—the degree to which letters from the dean of the college (or equivalent administrative unit) and the fellowship grant project director support the application—10 points.

D. How To Obtain Application Materials

An Application Kit containing program application materials will be made available to eligible institutions upon request. These materials include the Administrative Provisions, Request for Proposals, Program Announcement, forms, instructions, and other relevant information needed to prepare and submit grant applications. Copies of the Application Kit may be requested from the Proposal Services Unit; Office of Extramural Programs; Cooperative State Research, Education, and Extension Service; U.S. Department of Agriculture; STOP 2245; 1400 Independence Avenue, SW; Washington, DC 20250–2245. The telephone number is (202) 401–5048. When contacting the Proposal Services Unit, please indicate that you are requesting the Application Kit for the FY 2000 Graduate Fellowship (International) Supplemental Grants Program.

Application materials may also be requested via Internet by sending a message with your name, mailing address (not e-mail) and telephone number to psb@reeusda.gov that states that you wish to receive a copy of the application materials for the FY 2000 Graduate Fellowship (International) Supplemental Grants Program. The materials will then be mailed to you (not e-mailed) as quickly as possible.

E. What To Submit

An original plus six copies of each application must be submitted. Proposals should contain all requested information when submitted. Each proposal should be typed on 8½" x 11" white paper, double-spaced, and on one side of the page only. Please note that the text of the proposal should be prepared using a font no smaller than 12 point and one-inch margins. Applications transmitted via a facsimile (FAX) machine will not be accepted.

A separate application must be submitted by a fellowship grant project director at an eligible institution on

behalf of each Fellow for which a special international study or thesis/dissertation research travel allowance is requested.

Each application must include an "Application for Funding," Form CSREES–661, and a "Budget," Form CSREES–55. To provide the office of Higher Education Programs (HEP) with sufficient information upon which to evaluate the merits of the requests for a special international study or thesis/dissertation research travel allowance, each application for a supplemental grant must contain a narrative which provides the following: (1) The specific destination(s) and duration of the travel; (2) the specific study or thesis/dissertation research activities in which the Fellow will be engaged; (3) how the international experience will contribute to the Fellow's program of study; (4) a budget narrative specifying and justifying the dollar amount requested for the travel; (5) summary credentials of both the U.S. and international faculty or other professionals with whom the Fellow will be working during the international experience (summary credentials must not exceed three pages per person; "Summary Vita—Teaching Proposal," Form CSREES–708, may be used for this purpose); (6) a letter from the dean of the Fellow's college or equivalent administrative unit supporting the Fellow's travel request and certifying that the travel experience will not jeopardize the Fellow's satisfactory progress toward degree completion; and (7) a letter from the fellowship grant project director certifying the Fellow's eligibility, the accuracy of the Fellow's travel request, and the relevance of the travel to the Fellow's advanced degree objectives.

The narrative portion of the application must not exceed 10 pages, excluding the summary vita/vitae.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of preliminary results of antidumping duty administrative review.

The review covers one manufacturer/exporter of this merchandise to the United States, Wolverine Tube (Canada), Inc., ("Wolverine"). The period covered is January 1, 1998, through December 31, 1998. SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department of Commerce's regulations refer to the regulations codified at 19 CFR Part 351 (1999).

Background

The Department of Commerce ("the Department") published an antidumping duty order on brass sheet and strip from Canada on January 12, 1987 (52 FR 1217). On January 14, 1999, the Department published a notice of "Opportunity to Request an Administrative Review" of the antidumping duty order on brass sheet and strip from Canada (64 FR 2470). On January 29, 1999, the Petitioners requested an administrative review of Wolverine's exports of the subject merchandise to the United States for the period January 1, 1998 through December 31, 1998. In accordance with 19 CFR 351.213 we published a notice of initiation of the review on February 22, 1999 (64 FR 8542). The Department is now conducting this administrative review in accordance with section 751 of the Act.

On April 22, 1999, we issued an antidumping questionnaire to Wolverine. Wolverine submitted the response to Sections A, B, C, and D on July 9, 1999. On July 29, 1999, the Petitioners submitted comments with respect to Wolverine's questionnaire which response.

We issued a supplemental questionnaire to Wolverine on October 13, 1999. The response to this supplemental questionnaire was submitted by Wolverine on November 12, 1999. On December 2, 1999, the Petitioners submitted comments with respect to Wolverine's supplement questionnaire response.

On December 20, 1999 we issued a second supplemental questionnaire to Wolverine. Wolverine filed its response to the second supplemental questionnaire which was received on January 11, 2000.

On January 28, 2000, the Department issued its third supplemental questionnaire to Wolverine. The

response to the supplemental questionnaire is not due until after the preliminary results are completed. Therefore, we will take that response into account for the final results of review.

Under section 751(a)(3)(A) of the Act, the Department may extend the deadline for issuing a preliminary determination in an administrative review if it determines that it is not practicable to complete the preliminary review within the statutory time limit of 245 days. On October 19, 1999, the Department published a notice of extension of the time limit for the preliminary results in this case to January 31, 2000. *See Brass Sheet and Strip from Canada: Time Limit*, 64 FR 56308 (October 19, 1999).

Scope of Review

The product covered by this review is brass sheet and strip ("BSS"), other than leaded and tinned BSS. The chemical composition of the covered products is currently defined in the Copper Development Association ("C.D.A.") 200 Series or the Unified Numbering System ("U.N.S.") C2000. This review does not cover products the chemical compositions of which are defined by other C.D.A. or U.N.S. series. In physical dimensions, the products covered by this review have a solid rectangular cross section over 0.006 inches (0.15 millimeters) through 0.188 inches (4.8 millimeters) in finished thickness or gauge, regardless of width. Coiled, wound-on-reels (traverse wound), and cut-to-length products are included. The merchandise is currently classified under Harmonized Tariff Schedule ("HTS") item numbers 7409.21.00 and 7409.29.00. Although the HTS item numbers are provided for convenience and customs purposes, the written description of the scope of this order remains dispositive. Pursuant to the final affirmative determination of circumvention of the antidumping duty order, covering the period September 1, 1990, through September 30, 1991, we determined that brass plate used in the production of BSS falls within the scope of the antidumping duty order on BSS from Canada. *See Brass Sheet and Strip from Canada: Final Affirmative Determination of Circumvention of Antidumping Duty Order*, 58 FR 33610 (June 18, 1993).

The period of review ("POR") is January 1, 1998, through December 31, 1998. The review involves one manufacturer/exporter, Wolverine.

In calculating the price to the United States, we used export price ("EP") as
