#### SUPPLEMENTARY INFORMATION:

##### I. Background

On January 11, 2000 (65 FR 1712), HUD issued a final rule, as amended June 6, 2000 (65 FR 36042), that made certain amendments to the Public Housing Assessment System (PHAS) regulations. The PHAS was implemented by final regulations published on September 1, 1998. The amendments published to the PHAS regulations on January 11, 2000, followed a proposed rule published on June 22, 1999, and were prompted by both statutory and administrative changes to the PHAS.

##### II. Additional Transition Assistance to Certain PHAs

Following publication of the January 11, 2000, final rule, HUD was asked to provide further transition assistance to PHAs with fiscal years ending March 31, 2000, and June 30, 2000, by allowing these PHAs to inspect occupied units in accordance with HUD's Housing Quality Standards (HQS). Under sub-indicator #3 of PHAS Indicator #3, Management Operations, PHAs are assessed on the percentage of units and systems that a PHA inspects on an annual basis in order to determine short-term maintenance needs and long-term Capital Fund needs. PHAs must inspect these units in accordance with HUD's Uniform Physical Condition Standards (UPSC). In a June 6, 2000 (65 FR 36047) notice, HUD advised PHAs with fiscal years ending March 31, 2000 and June 30, 2000, of the extended transition assistance permitting these PHAs to inspect their units in accordance with HQS because HUD only recently released its physical inspection and training guidebook.

Through this notice, HUD advises that it will further extend the transition assistance provided in the June 6, 2000, notice to PHAs with fiscal years ending September 30, 2000, December 31, 2000, March 31, 2001, and June 30, 2001. All PHAs with fiscal years ending on or after September 30, 2001, must inspect units in accordance with HUD's UPSC.

Dated: October 16, 2000.

#### SUPPLEMENTARY INFORMATION:

##### Background

##### Uniform Physical Conditions Standards (UPCS)

On September 1, 1998 (63 FR 46566), HUD published its final rule on Uniform Physical Conditions Standards (UPCS) and Uniform Physical Inspection Requirements for Certain HUD Housing. The standards provided in the September 1, 1998 final rule, and codified at 24 CFR part 5, subpart G, are intended to ensure that housing insured and/or assisted under certain HUD programs is decent, safe, sanitary and in good repair. The September 1, 1998, final rule also generally established new physical inspection procedures that allow HUD to determine that the housing is in conformity with the standards.

In the preamble to the September 1, 1998, final UPCS rule (64 FR 46566) and in § 5.705(b) of the regulation itself, HUD advised that entities responsible for conducting inspections to determine compliance with the UPCS would not be required to conduct inspections in accordance with the UPSC until HUD issued the inspection software and accompanying guidebook. HUD advised that when these two items have been issued, HUD would publish a notice in the **Federal Register** to inform the public of the availability of the software and guidebook. HUD also advised that the notice, when issued, would provide 30 days within which those entities must prepare to conduct the physical inspections in accordance with the requirements of 24 CFR part 5, subpart G.

##### UPCS—Administrative Process for Assessment of Insured and Assisted Properties

On November 26, 1999 (64 FR 66530), HUD published a proposed rule titled Uniform Physical Condition Standards and Physical Inspection Requirements for Certain HUD Housing; Administrative Process for Assessment of Insured and Assisted Properties. This proposed rule establishes for multifamily housing (non-public housing as more fully described) certain administrative processes by which HUD will notify owners of HUD's assessment of the physical condition of their multifamily housing; the owners, under certain circumstances, will be provided an opportunity to seek technical or other review of HUD's physical condition assessment of multifamily housing properties; and HUD may take

action in certain cases when a property is found not to be in compliance with the UPCS.

HUD anticipates the final rule implementing the proposed rule will be published in the **Federal Register** within the next several weeks. The final rule will be effective 30 days after the date of publication in the **Federal Register**.

##### Thirty Day Notice

This notice constitutes the notice referred in the September 1, 1998, final UPSC rule, now codified in 24 CFR 5.705(b). Physical inspection software for public use and the accompanying guidebook may be obtained, at no cost, by contacting: Technical Assistance Center, Real Estate Assessment Center, Department of Housing and Urban Development, 1280 Maryland Avenue, SW, Suite 800, Washington, DC 20024; telephone 1-888-245-4860 (this is a toll-free number). Both items also may be downloaded, at no cost, from the REAC Internet Site, at <http://www.hud.gov/reac/products/pass/pass-demo.html>. In addition, training in the uniform physical condition standards and inspection protocol is available from the trainers on the approved training list on the REAC Internet Site, at [http://www.hud.gov/reac/products/pass/pass\\_srclist.html](http://www.hud.gov/reac/products/pass/pass_srclist.html).

All covered entities that are required to conduct physical inspections of properties to determine compliance with the UPCS regulations, must begin using HUD's physical inspection procedures by November 24, 2000.
