

tag is received by the transmission provider.

**Standard 7.7:** The 0–NX designation in the tag assigns as transmission customer, for all NHM Service path segments in the transaction, the PSE that is designated as the Purchasing-Selling Entity (PSE) responsible for the tag. A PSE submitting a tag may not designate a NHM Service reservation for another PSE and a transmission provider may not assign a reservation to any transmission customer other than the PSE submitting the NHM Service tag.

**Standard 7.8:** When evaluating competing requests for transmission reservations, a transmission provider offering NHM Service shall consider the NHM Service to have a priority lower than Tier 5—point-to-point service over secondary receipt and delivery points.

**Standard 7.9:** Once a tag goes to IMPLEMENT or CONDITIONAL status in ETAG, the transmission provider shall consider the associated NHM Service reservations to be confirmed. Since the NHM Service confirmed reservation(s) are by definition less than one hour prior to start, these reservations shall not be displaced by a subsequent non-firm reservation of higher priority.

**Standard 7.10:** The transmission customer shall be obligated to pay for the transmission service under the terms of the tariff at the posted offer price for non-firm hourly service, once the interchange transaction tag is changed to the IMPLEMENT or CONDITIONAL status in ETAG. In the event of a voluntary withdrawal or reduction in the amount or duration of the service by the transmission customer after the tag has changed to IMPLEMENT or CONDITIONAL, the transmission customer shall remain obligated to pay for the full amount of the approved request. In the event of an involuntary curtailment or reduction of the service, initiated by the transmission provider or any other transmission provider, the transmission customer shall not be obligated to pay for any portions of the NHM Service that were involuntarily curtailed. In the case of involuntary curtailment or reduction, payment shall be based on a calculation of the MWhours actually used.

**Standard 7.11:** In the case that a transaction uses NHM Service for all required path segments in the tag, the default condition of the tag is NOT approved unless all required transmission providers and control areas indicate tag approval.

**Standard 7.12:** In the case that a transaction mixes one or more transmission path segments that use NHM Service with one or more path segments that use other types of transmission service, then: (1) As long as the NHM Service path segment(s) are not fully approved, then the tag shall default to NOT approved; and (2) if all NHM Service path segments in the ETAG are fully approved, then the tag shall revert to the normal default status as specified

in NERC Operating Policy 3 and associated Appendices.

**Standard 7.13:** The transmission customer shall be required to submit a NHM Service transaction request prior to the tag submittal time limit as specified in NERC Operating Policy 3 and associated Appendices, and no earlier than 60 minutes prior to the start of the transaction.

**Standard 7.14:** The approval mechanism for a NHM Service reservation shall be the tag approval. If the tag is approved and moved to the IMPLEMENT or CONDITIONAL state, all required NHM Service transmission reservations associated with that tag shall be considered confirmed reservations. If one or more transmission providers do NOT approve their segment(s) of the transaction, then the transaction shall be considered NOT approved. Each transmission provider designated in a tag that does not approve that segment of the tag shall indicate that the associated reservation for that segment is REFUSED. If a designated transmission provider in a NHM Service path segment approves the tag but the tag is not approved through the action or inaction of another transmission provider, then that transmission provider shall indicate that reservation is ANNULLED.

**Standard 7.15:** The transmission provider shall assign the reservation request and final disposition status on behalf of the transmission customer within one hour of the requested start of the NHM Service transaction, regardless of the ultimate disposition of the tag.

**Standard 7.16:** NHM Service shall have the lowest curtailment priority in the event that a curtailment or reduction of transfers is initiated. Specifically, NHM Service (0–NX) shall have a NERC Curtailment Priority of 0.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Food and Drug Administration

#### 21 CFR Part 558

#### New Animal Drugs for Use in Animal Feeds; Narasin and Tylosin Phosphate

**AGENCY:** Food and Drug Administration, HHS.

**ACTION:** Final rule.

**SUMMARY:** The Food and Drug Administration (FDA) is amending the animal drug regulations to reflect approval of a new animal drug application (NADA) filed by Elanco Animal Health. The NADA provides for use of approved, single-ingredient narasin and tylosin phosphate Type A medicated articles to make two-way

combination Type C medicated feeds used as an aid in the prevention of coccidiosis, for increased rate of weight gain, and improved feed efficiency in broiler chickens.

**DATES:** This rule is effective November 1, 2000.

**FOR FURTHER INFORMATION CONTACT:** Charles J. Andres, Center for Veterinary Medicine (HFV–128), Food and Drug Administration, 7500 Standish Pl., Rockville, MD 20855, 301–827–1600.

**SUPPLEMENTARY INFORMATION:** Elanco Animal Health, A Division of Eli Lilly & Co., Lilly Corporate Center, Indianapolis, IN 46285, filed NADA 141–170 that provides for use of MONTEBAN® (36, 45, 54, 72, or 90 grams per pound (g/lb) narasin activity) and TYLAN® (10 g/lb of tylosin phosphate) Type A medicated articles to make combination Type C medicated broiler chicken feeds. The combination Type C medicated feeds contain 54 to 72 g/ton narasin and 4 to 50 g/ton tylosin phosphate and are used for the prevention of coccidiosis caused by *Eimeria necatrix*, *E. tenella*, *E. acervulina*, *E. brunetti*, *E. mivati*, and *E. maxima*, increased rate of weight gain, and improved feed efficiency in broiler chickens. The NADA is approved as of September 20, 2000, and the regulations in §§ 558.363 and 558.625 (21 CFR 558.363 and 558.625) are amended to reflect the approval. The basis of approval is discussed in the freedom of information summary.

In accordance with the freedom of information provisions of 21 CFR part 20 and 514.11(e)(2)(ii), a summary of safety and effectiveness data and information submitted to support approval of this application may be seen in the Dockets Management Branch (HFA–305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852, between 9 a.m. and 4 p.m., Monday through Friday.

The agency has determined under 21 CFR 25.33(a)(2) that this action is of a type that does not individually or cumulatively have a significant effect on the human environment. Therefore, neither an environmental assessment nor an environmental impact statement is required.

This rule does not meet the definition of “rule” in 5 U.S.C. 804(3)(A) because it is a rule of “particular applicability.” Therefore, it is not subject to the congressional review requirements in 5 U.S.C. 801–808.

#### List of Subjects in 21 CFR Part 558

Animal drugs, Animal feeds.

Therefore, under the Federal Food, Drug, and Cosmetic Act and under authority delegated to the Commissioner of Food and Drugs and redelegated to the Center for Veterinary Medicine, 21 CFR part 558 is amended as follows:

#### **PART 558—NEW ANIMAL DRUGS FOR USE IN ANIMAL FEEDS**

1. The authority citation for 21 CFR part 558 continues to read as follows:

**Authority:** 21 U.S.C. 360b, 371.

2. Section 558.363 is amended in paragraph (d)(1) by adding paragraph (d)(1)(xi) to read as follows:

##### **§ 558.363 Narasin.**

\* \* \* \* \*

(d) \* \* \*

(1) \* \* \*

(xi) *Amount per ton.* Narasin, 54 to 72 grams, plus tylosin, 4 to 50 grams.

(A) *Indications for use.* As an aid in the prevention of coccidiosis caused by *Eimeria necatrix*, *E. tenella*, *E. acervulina*, *E. brunetti*, *E. mivati*, and *E. maxima*, for increased rate of weight gain, and improved feed efficiency.

(B) *Limitations.* For broiler chickens only. Feed continuously as sole ration. Do not allow adult turkeys, horses, or other equines access to formulations containing narasin. Ingestion of narasin by these species has been fatal. Narasin sodium and tylosin phosphate as provided by 000986 in § 510.600(c) of this chapter.

\* \* \* \* \*

3. Section 558.625 is amended by revising paragraph (f)(2) to read as follows:

##### **§ 558.625 Tylosin.**

\* \* \* \* \*

(f) \* \* \*

(2) Tylosin may also be used in combination with:

(i) Hygromycin B as in § 558.274.

(ii) Melengestrol acetate alone or in combination with certain ionophores as in § 558.342.

(iii) Monensin as in § 558.355.

(iv) Narasin as in § 558.363.

(v) Pyrantel tartrate as in § 558.485.

Dated: October 16, 2000.

**Stephen F. Sundlof,**

*Director, Center for Veterinary Medicine.*

#### **ENVIRONMENTAL PROTECTION AGENCY**

##### **40 CFR Part 300**

[FRL-6893-3]

#### **National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List Update**

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of deletion of the Publicker Industries Inc. Superfund Site from the National Priorities List (NPL).

**SUMMARY:** The Environmental Protection Agency (EPA) announces the deletion of the Publicker Industries Inc. Superfund Site (Site) in Philadelphia, Pennsylvania from the National Priorities List (NPL). The NPL constitutes Appendix B of 40 CFR Part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), which EPA promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended. EPA and the Commonwealth of Pennsylvania, through the Pennsylvania Department of Environmental Protection, have determined that the remedial action for the Site has been successfully implemented under CERCLA. For this Site, the selected remedy is protective of human health and the environment as long as the property is used only for industrial purposes.

**EFFECTIVE DATE:** November 1, 2000.

**ADDRESSES:** Comprehensive information on this Site is available for viewing at the repository at the following location: U.S. Environmental Protection Agency, Region III, Regional Center for Environmental Information, 1650 Arch Street, Philadelphia, Pennsylvania 19103. Telephone (215) 814-5254.

**FOR FURTHER INFORMATION CONTACT:** Kristine Matzko(3HS21), U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, PA 19103. Telephone 215-814-5719.

**SUPPLEMENTARY INFORMATION:** The site to be deleted from the NPL is: Publicker Industries Inc. Superfund Site.

EPA published a Notice of Intent to Delete (NOID) the Publicker Industries Inc. Superfund Site from the NPL on July 20, 2000 in the **Federal Register** (65 FR 45013). The closing date for comments on the NOID was August 21, 2000. EPA did not receive any comments on the proposed deletion. Therefore, no responsiveness summary

is necessary for attachment to this Notice of Deletion.

EPA identifies sites that appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of these sites. As described in § 300.425(e)(3) of the NCP, sites deleted from the NPL remain eligible for remedial actions in the unlikely event that future conditions at the site warrant such action.

Deletion of a site from the NPL does not affect responsible party liability or impede EPA efforts to recover costs associated with response efforts.

##### **List of Subjects in 40 CFR Part 300**

Environmental protection, Air pollution control, Chemicals, Hazardous substances, Hazardous waste, Intergovernmental relations, Penalties, Reporting and recordkeeping requirements, Superfund, Water pollution control, and Water supply.

Dated: October 6, 2000.

**Bradley M. Campbell,**

*Regional Administrator, U.S. EPA Region III.*

For the reasons set out in the preamble, 40 CFR Part 300 is amended as follows:

##### **PART 300—[AMENDED]**

1. The authority citation for part 300 continues to read as follows:

**Authority:** 33 U.S.C. 1321(c)(2); 42 U.S.C. 9601-9657; E.O. 12777, 56 FR 54757, 3 CFR, 1991 Comp., p. 351; E.O. 12580, 52 FR 2923, 3 CFR, 1987 Comp., p. 193.

##### **Appendix B—[Amended]**

2. Table 1 of Appendix B to part 300 is amended by removing the site for "Publicker Industries Inc.," Philadelphia, Pennsylvania.
