The following comments pertain to Mailroom Operation/Messenger Service, Peace Corps, Washington, DC:

Comments were received from the current contractor for this mail operations service. The contractor stated that its staff providing this service are local minority persons, most of whom are the sole support of their families. The contractor indicated that these persons would probably be laid off, as the contractor is uncertain it can replace the work being lost. The contractor also indicated that this service and two other contracts expiring this year represent a significant portion of its business.

According to information the contractor gave the Committee, the portion of its total sales represented by this service does not reach a percentage which the Committee would consider to constitute severe adverse impact on a contractor. The contractor has not provided any information which would indicate, particularly in the current good economy, that the uncertainty of its ability to replace other contracts expiring this year should cause the Committee to give more weight to the impact this Procurement List addition will have on the contractor.

Consequently, the Committee does not believe this addition will have a severe adverse impact on the contractor.

The nonprofit agency which will perform this service plans to retain approximately half the contractor's current work force. The nonprofit agency also plans to employ more workers with severe disabilities than contractor workers that will be displaced. Because the unemployment rate for people with severe disabilities remains far above that of the workers being displaced, the Committee believes the contractor workers are more likely to find other employment than the people with severe disabilities would find if this service were not added to the Procurement List.

The following material pertains to all of the items being added to the Procurement List: After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the services and impact of the additions on the current or most recent contractors, the Committee has determined that the services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46–48c and 41 CFR 51–2.4. I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the services to the Government.

2. The action will not have a severe economic impact on current contractors for the services.

3. The action will result in authorizing small entities to furnish the services to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46–48c) in connection with the services proposed for addition to the Procurement List.

Accordingly, the following services are hereby added to the Procurement List:

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Type of Request: Regular submission.

Burden Hours: 3,200.

Number of Respondents: 800.

Average Hours Per Response: 4 hours.

2000 Company Organization Survey

AGENCY: Bureau of the Census,
Commerce.

ACTION: Notice of Determination.

SUMMARY: The U.S. Census Bureau is conducting the 2000 Company Organization Survey. The survey's data are needed, in part, to update the multiestablishment companies in the Business Register. The survey, which has been conducted annually since 1974, is designed to collect information on the number of employees, payroll, geographic location, current operational status, and kind of business for the establishments of multilocation companies. We have determined that annual data collected from this survey are needed to aid the efficient performance of essential governmental functions and have significant application to the needs of the public and industry. The data derived from this survey are not available from any other source.

FOR FURTHER INFORMATION CONTACT: Paul Hanczaryk, Economic Planning and Coordination Division, U.S. Census Bureau, Room 2747, Federal Building 3, Washington, DC 20233-6100, telephone (301) 457-4058.

SUPPLEMENTARY INFORMATION: Title 13, United States Code (U.S.C.), Sections 182, 195, 224, and 225, authorize the Census Bureau to undertake surveys necessary to furnish current data on the subjects covered by the major censuses. This survey will provide continuing and timely national statistical data for the period between economic censuses. The next economic censuses will be conducted for the year 2002. The data collected in this survey will be within

the general scope, type, and character of those that are covered in the economic censuses.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act (PRA) unless that collection of information displays a current valid Office of Management and Budget (OMB) control number. In accordance with the PRA, 44 U.S.C., Chapter 35, the OMB approved the survey on November 3, 1999, under OMB control Number 0607-0444. We will furnish report forms to organizations included in the survey, and additional copies are available on written request to the Director, U.S. Census Bureau, Washington, DC 20233-0101.

I have, therefore, directed that the 2000 Company Organization Survey be conducted for the purpose of collecting these data.

Dated: November 3, 2000.
