[MO 117-1117; FRL-6900-7]

Approval and Promulgation of State Plans for Designated Facilities and Pollutants; Control of Landfill Emissions From Municipal Solid Waste Landfills; State of Missouri

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve a
revision to the state of Missouri's
section 111(d) plan for controlling
emissions from existing municipal solid
waste (MSW) landfills. The plan was
submitted to fulfill the requirements of
sections 111 and 129 of the Clean Air
Act. The revised state plan incorporates
revisions to the Emissions Guideline for
MSW landfills promulgated by EPA in
1998 and 1999.

In the final rules section of the
Federal Register, EPA is approving the
state's submittal as a direct final rule
without prior proposal because the
Agency views this as a noncontroversial

action and anticipates no relevant
adverse comments. A detailed rationale
for the approval is set forth in the direct
final rule. If no relevant adverse
comments are received in response to
this action, no further activity is
contemplated in relation to this action.
If EPA receives relevant adverse
comments, the direct final rule will be
withdrawn, and all public comments
received will be addressed in a
subsequent final rule based on this
proposed action. Any parties interested
in commenting on this document
should do so at this time.

DATES: Comments on this proposed rule
must be received in writing by
December 15, 2000.

ADDRESSES: Comments may be mailed to

Massachusetts: Interim Authorization of State Hazardous Waste Management Program Revision

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to grant
interim authorization to The
Commonwealth of Massachusetts for
certain changes to its hazardous waste
program under the Resource
Conservation and Recovery Act (RCRA).
In the "Rules and Regulations" section
of this **Federal Register**, EPA is
authorizing the changes by an
immediate final rule. EPA did not make
a proposal prior to the immediate final
rule because we believe this action is
not controversial and do not expect
comments that oppose it. We have
explained the reasons for this
authorization in the preamble to the
immediate final rule. Unless we get
written comments which oppose this

authorization during the comment
period, the immediate final rule will
become effective on the date it
establishes, and we will not take further
action on this proposal. If we get
comments that oppose this action, we
will withdraw the immediate final rule
and it will not take effect. We will then
respond to public comments in a later
final rule based on this proposal. You
may not have another opportunity for
comment. If you want to comment on
this action, you must do so at this time.

DATES: Send your written comments by
December 15, 2000.

ADDRESSES: Send written comments to

BILLING CODE 6560-50-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

[Docket No. FEMA-B-7404]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency
Management Agency (FEMA).

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed base (1% annual chance) flood elevations and proposed base flood elevation modifications for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-3461, or (e-mail) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency proposes to make determinations of base flood elevations and modified base flood elevations for each community listed below, in accordance with Section 110 of the Flood Disaster Protection Act

of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified base flood elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act

This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Associate Director for Mitigation certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community

eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

45 CFR Parts 74 and 92

Uniform Administrative Requirements for Awards and Subawards to Institutions of Higher Education, Hospitals, Other Nonprofit Organizations, and Commercial Organizations; and Certain Grants and Agreements With States, Local Governments and Indian Tribal Governments and Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments

AGENCY: Department of Health and Human Services (HHS).

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: The Department of Health and Human Services proposes to revise its grants management regulations in order to bring the entitlement grant programs it administers under the same regulations that already apply to non-entitlement programs for grants and cooperative agreements to State, local, and tribal governments.

DATES: Comments must be submitted by January 16, 2001.

ADDRESSES: Comments must be in writing and should be mailed or faxed to Charles Gale, Director, Office of Grants Management, HHS, Room 517-D, 200 Independence Avenue SW, Washington, D.C. 20201; Fax (202) 690-6902. Written comments may be inspected at the identified address during agency business hours from 9:30 am to 5:30 p.m., Monday through Friday, Federal Holidays excepted.

FOR FURTHER INFORMATION CONTACT: Charles Gale, Director, Office of Grants Management at the above address; (202) 690-6377. For the hearing impaired only: TDD (202) 690-6415. These are not toll-free numbers.

SUPPLEMENTARY INFORMATION:

Background and Purpose

On March 11, 1988, HHS joined other Federal agencies in publishing a final grants management "common rule" which provides a uniform system for the administration of grants and cooperative agreements, and by subawards thereunder, to State, local, and tribal governments. Prior to that date, administrative requirements for awards and subawards under all HHS programs were codified under 45 CFR Part 74. HHS implemented the Common Rule at 45 CFR Part 92. At the time, entitlement grant programs of the Social Security Act (the Act) administered by HHS and the Department of Agriculture were excepted from the common rule, because it was believed that the States operated entitlement programs differently than non-entitlement programs. Therefore, Subpart E was reserved in the rule to subsequently address provisions specific to entitlement programs. Pending the publication of Subpart E to Part 92, the HHS entitlement programs have remained under Part 74. As cited in 45 CFR 92.4, these programs included:

(1) Aid to Needy Families with Dependent Children (Title IV-A of the
