PART 1011—BOARD ORGANIZATION; DELEGATIONS OF AUTHORITY

3. The authority citation for Part 1011 continues to read as follows:

Authority: 5 U.S.C. 553; 31 U.S.C. 7901; and 49 U.S.C. 701, 721, 11144, 14122, and 15721.

4. In § 1011.8(c)(11), remove “10505” and add in its place “10502”.

5. In § 1011.8, redesignate paragraphs (c)(12) to (c)(17) as paragraphs (c)(13) to (c)(18), and add a new paragraph (c)(12) to read as follows:

§ 1011.8 Delegations of authority by the Board to specific offices of the Board.

* * * * *

(c) * * *

(12) Whether to issue a notice of exemption under 49 U.S.C. 13541 for a transaction under 49 U.S.C. 14303 within a motor passenger corporate family that does not result in adverse changes in service levels, significant operational changes, or a change in the competitive balance with motor passenger carriers outside the corporate family.

* * * * *

PART 1182—PURCHASE, MERGER, AND CONTROL OF MOTOR PASSENGER CARRIERS

1. The authority citation for part 1182 is revised to read as follows:

Authority: 5 U.S.C. 559; 21 U.S.C. 853a; and 49 U.S.C. 13501, 13541(a), 13902(c), and 14303.

2. Add § 1182.9 to read as follows:

§ 1182.9 Notices of Exemption.

(a) A transaction within a motor passenger corporate family is exempt from 49 U.S.C. 14303 if it does not result in adverse changes in service levels, significant operational changes, or a change in the competitive balance with motor passenger carriers outside the corporate family. The Board has found that its prior review and approval of these transactions is not necessary to

carry out the transportation policy of 49 U.S.C. 13101; regulation is not necessary to protect shippers from abuse of market power; and an exemption is in the public interest. See 49 U.S.C. 13541(a).

(b) To qualify for a class exemption, a party must file a verified notice of the exempt transaction with the Board. The notice shall contain a brief summary of the proposed transaction, the name of the applicants, their business address and telephone number, and the name of counsel to whom questions would be addressed. The notice shall describe the purpose of the transaction and give the proposed consummation date for the transaction, which must be at least 7 days after the filing of the notice. The notice shall describe any contracts or agreements that have been entered into, or will be entered into, concerning the transaction, and shall indicate the impact, if any, that the transaction would have on employees.

(c) The Board shall publish notice of the exemption in the **Federal Register** within 30 days from the filing of the verified notice of exemption. If the notice contains false or misleading information, the Board shall summarily revoke the exemption and require divestiture. Petitions to revoke the exemption under 49 U.S.C. 13541(d) may be filed at any time and will be granted upon a finding that the application of 49 U.S.C. 14303 to the person, class, or transportation is necessary to carry out the transportation policy of 49 U.S.C. 13101.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 000211039-0039-01; I.D. 021400D]

Fisheries of the Exclusive Economic Zone Off Alaska; Closures of Specified Groundfish Fisheries in the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is closing specified groundfish fisheries in the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the directed fishing allowances specified for the

2000 total allowable catch (TAC) amounts for the GOA.

DATES: Effective February 15, 2000 until midnight, Alaska local time, December 31, 2000.

FOR FURTHER INFORMATION CONTACT:

Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

In accordance with § 679.20(d)(1)(i), if the Administrator, Alaska Region, NMFS (Regional Administrator), determines that the amount of a target species or “other species” category apportioned to a fishery or, with respect to pollock and Pacific cod, to an inshore or offshore component allocation, will be reached, the Regional Administrator may establish a directed fishing allowance for that species or species group. If the Regional Administrator establishes a directed fishing allowance, and that allowance is or will be reached before the end of the fishing year, NMFS will prohibit directed fishing for that species or species group in the specified GOA Regulatory Area or district (§ 679.20(d)(1)(iii)).

NMFS published final 2000 harvest specifications for these groundfish fisheries in the **Federal Register**. The Regional Administrator has determined that the following TAC amounts are necessary as incidental catch to support other anticipated groundfish fisheries for the 2000 fishing year:

Thornyhead rockfish: entire GOA	2,360 mt
Atka mackerel: entire GOA	600 mt
Sablefish: trawl apportionment, entire GOA	1,802 mt
“Other rockfish”:	
Western Regulatory area	20 mt
Central Regulatory area	740 mt
Shortraker/rougheye rockfish: entire GOA	1,730 mt
Pollock: offshore component, entire GOA	0 mt
Pacific cod: offshore component	
Eastern Regulatory Area	321 mt
Deep-water flatfish: Western Regulatory Area	280 mt

Consequently, in accordance with § 679.20(d)(1)(i), the Regional

Administrator establishes the directed fishing allowances for the above species or species groups as zero.

Therefore, in accordance with § 679.20(d)(1)(iii) NMFS is prohibiting directed fishing for these species in the specified areas. These closures will be in effect from February 15, 2000 until 12 midnight, Alaska local time, December 31, 2000.

Under authority of the interim 2000 GOA specifications (65 FR 65, January 3, 2000), pollock fishing opened on January 1, 2000, for amounts specified in that notice. NMFS has since closed Statistical Area 610 to directed fishing for pollock effective 1200 hrs, A.l.t., January 31, 2000 (65 FR 5285, February 3, 2000), Statistical Area 620 outside the Shelikof Strait conservation area to directed fishing for pollock effective 1200 hrs, A.l.t., January 27, 2000 (65 FR 5283, February 3, 2000), Statistical Area 630 outside the Shelikof Strait conservation area to directed fishing for pollock effective 1200 hrs, A.l.t., January 25, 2000 (65 FR 4891, February 2, 2000), and directed fishing for Pacific cod by vessels catching Pacific cod for processing by the offshore component in the Western Regulatory Area, effective 1200 hrs, February 7, 2000 (65 FR 6561, February 10, 2000). The closures for Statistical Areas 610, 620 and 630 will remain in effect until 1200 hrs, A.l.t., March 15, 2000.

These closures supersede the closures announced in the interim 2000 GOA harvest specifications (65 FR 65, January 3, 2000). While these closures are in effect, the maximum retainable bycatch amounts at § 679.20(e) and (f) apply at any time during a fishing trip. These closures to directed fishing are in addition to closures and prohibitions found in regulations at 50 CFR part 679. Refer to § 679.2 for definitions of areas. The definitions of GOA deep-water flatfish and "Other rockfish" species categories are provided in the **Federal Register** publication of the Final 2000 Harvest Specifications.

NMFS may implement other closures during the 2000 fishing year, as necessary for effective conservation and management.

Classification

This action is required by § 679.20 and is exempt from review under E.O. 12866.

This action responds to the TAC limitations and other restrictions on the fisheries established in the Final 2000 Harvest Specifications for Groundfish for the GOA. It must be implemented immediately to prevent overharvesting the 2000 TACs for several groundfish species in the GOA. A delay in the

effective date is impracticable and contrary to the public interest. The fleet is currently harvesting groundfish, and further delay would only result in overharvest. NMFS finds for good cause that the implementation of this action should not be delayed for 30 days. Accordingly, under 5 U.S.C. 553(d), a delay in the effective date is hereby waived.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: February 14, 2000.

Bruce Morehead,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 000211040-0040-01; I.D. 111899B]

Fisheries of the Exclusive Economic Zone Off Alaska; Bering Sea and Aleutian Islands; Final 2000 Harvest Specifications for Groundfish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final 2000 specifications for groundfish and associated management measures; apportionment of reserves; request for comments.

SUMMARY: NMFS announces final 2000 harvest specifications, prohibited species bycatch allowances, and associated management measures for the groundfish fishery of the Bering Sea and Aleutian Islands Area (BSAI). This action is necessary to establish harvest limits and associated management measures for groundfish during the 2000 fishing year and to accomplish the goals and objectives of the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Management Area (FMP). The intended effect of this action is to conserve and manage the groundfish resources in the BSAI.

DATES: The final 2000 harvest specifications and associated apportionment of reserves are effective at 1200 hrs, Alaska local time (A.l.t.), February 15, 2000 through 2400 hrs, A.l.t., December 31, 2000. Comments on the apportionment of reserves must be received by March 6, 2000.

ADDRESSES: Comments on the apportionment of reserves may be sent to Sue Salvesson, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region, NMFS, P.O. Box 21668, Juneau, AK 99802-1668, Attn: Lori Gravel, or delivered to the Federal Building, 709 West 9th Street, Juneau, AK. Comments will not be accepted if submitted via e-mail or Internet.

Copies of the Final Environmental Assessment (EA) and Final Regulatory Flexibility Analysis (FRFA) prepared for this action and the Final 2000 Stock Assessment and Fishery Evaluation (SAFE) report, dated November 1999, are available from the North Pacific Fishery Management Council, West 4th Avenue, Suite 306, Anchorage, AK 99510-2252 (907-271-2809).

FOR FURTHER INFORMATION CONTACT: Shane Capron, 907-586-7228 or shane.capron@noaa.gov.

SUPPLEMENTARY INFORMATION:

Background for the 2000 Final Harvest Specifications

Federal regulations at 50 CFR part 679 that implement the FMP govern the groundfish fisheries in the BSAI. The Council prepared the FMP, and NMFS approved it under the Magnuson-Stevens Fishery Conservation and Management Act. General regulations governing U.S. fisheries also appear at 50 CFR part 600.

The FMP and its implementing regulations require NMFS, after consultation with the Council, to specify annually the total allowable catch (TAC) for each target species and for the "other species" category, the sum of which must be within the optimum yield range of 1.4 million to 2.0 million metric tons (mt) (§ 679.20(a)(1)(i)). Regulations at § 679.20(c)(3) further require NMFS to consider public comments received on proposed annual TACs and apportionments thereof and on proposed prohibited species catch (PSC) allowances and to publish final specifications in the **Federal Register**. The final specifications set forth in Tables 1 through 8 of this action satisfy these requirements. For 2000, the sum of TACs is 2 million mt.

The proposed BSAI groundfish specifications and prohibited species bycatch allowances for the groundfish fishery of the BSAI were published in the **Federal Register** on December 13, 1999 (64 FR 69464). Comments were invited and accepted through January 12, 2000. NMFS received one letter of comment on the proposed specifications. This comment is
