Subsistence Management Regulations for Public Lands in Alaska

CFR Correction

In Title 36 of the Code of Federal Regulations, parts 200 to 299, revised as of July 1, 2000, on page 213, § 242.24 is

corrected by adding paragraph (a) introductory text, revising paragraph (a)(2) and adding paragraph (a)(3) to read as follows:

§ 242.24 Customary and traditional use determinations.

(a) The Federal Subsistence Board has determined that rural Alaska residents of the listed communities, areas, and individuals have customary and traditional use of the specified species on Federal public land in the specified areas. Persons granted individual customary and traditional use determinations will be notified in writing by the Board. The Fish and

Wildlife Service and the local NPS Superintendent will maintain the list of individuals having customary and traditional use on National Parks and Monuments. A copy of the list is available upon request. When there is a determination for specific communities or areas of residence in a Unit, all other communities not listed for that species in that Unit have no Federal subsistence for that species in that Unit. If no determination has been made for a species in a Unit, all rural Alaska residents are eligible to harvest fish or wildlife under this part.
