

amended its rules in order to ensure that the numbering resources of the North American Numbering Plan (NANP) are used efficiently, and that all carriers have the numbering resources they need to compete in the rapidly expanding telecommunications marketplace.

DATES: The amendments to 47 CFR 52.15, which contain information collection requirements, are published at 66 FR 9528 (Feb. 8, 2001) and became effective on January 25, 2001.

FOR FURTHER INFORMATION CONTACT: Sanford Williams, (202) 418-2320 or email at swilliam@fcc.gov or Cheryl Callahan at (202) 418-2320 or ccallaha@fcc.gov.

SUPPLEMENTARY INFORMATION: On December 7, 2001, the Commission adopted a report and order to implement strategies designed to improve the efficient use of numbering resources in the NANP, a summary of which was published in the **Federal Register**. See 66 FR 9528. Sections 52.15(g)(4) and 52.15(k)(1) contain new information collection requirements. We stated that those sections "contain information collections that have not been approved by the Office of Management and Budget (OMB). The Federal Communications Commission will publish a document in the **Federal Register** announcing the effective date of those sections." The information collections were approved by OMB on January 25, 2001. See OMB No. 3060-0971. This publication satisfies our statement that the Commission publish a document announcing the effective date of the rules.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MM Docket No. 00-44, FCC 00-343]

Extension of the Filing Requirement for Children's Television Programming Reports (FCC Form 398)

AGENCY: Federal Communications Commission.

ACTION: Final rule; announcement of effective date.

SUMMARY: The Commission revised the children's educational television reporting requirements of commercial broadcast television licensees, which involved a number of revisions to FCC Form 398, the Children's Television Programming Report. Certain of these rule and form revisions contained new and modified information collection requirements and were published in the **Federal Register** on November 9, 2000. This document announces the effective date of the revised rules and form.

DATES: The revisions to § 73.3526(e)(11)(iii), published at 65 FR 67283 (November 9, 2000), became effective on January 1, 2001. The revised Form 398 will be used for the quarterly Children's Television Programming Reports due to be filed by April 10, 2001.

FOR FURTHER INFORMATION CONTACT: Kim Matthews, Mass Media Bureau, Policy and Rules Division, (202) 418-2130.

SUPPLEMENTARY INFORMATION: On December 15, 2000, the Office of Management and Budget (OMB) approved the information collection requirements contained in the revised 47 CFR 73.3526(e)(11)(iii) and FCC Form 398 pursuant to OMB Control Nos. 3060-0754. Accordingly, the information collection requirements contained in this rule became effective on January 1, 2001, and the revised form will be used for the quarterly Children's Television Programming Report due to be filed by April 10, 2001.

BILLING CODE 6712-01-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 622

[Docket No. 991008273-0070-02; I.D. 021601C]

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Coastal Migratory Pelagic Resources of the Gulf of Mexico and South Atlantic; Trip Limit Reduction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Trip limit reduction.

SUMMARY: NMFS reduces the trip limit in the commercial hook-and-line fishery

for king mackerel in the southern Florida west coast subzone to 500 lb (227 kg) of king mackerel per day in or from the exclusive economic zone (EEZ). This trip limit reduction is necessary to protect the overfished Gulf king mackerel resource.

DATES: This rule is effective 12:01 a.m., local time, February 20, 2001, through June 30, 2001, unless changed by further notification in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Mark Godcharles, telephone: 727-570-5305, fax: 727-570-5583, e-mail: Mark.Godcharles@noaa.gov.

SUPPLEMENTARY INFORMATION: The fishery for coastal migratory pelagic fish (king mackerel, Spanish mackerel, cero, cobia, little tunny, dolphin, and, in the Gulf of Mexico only, bluefish) is managed under the Fishery Management Plan for the Coastal Migratory Pelagic Resources of the Gulf of Mexico and South Atlantic (FMP). The FMP was prepared by the Gulf of Mexico and South Atlantic Fishery Management Councils (Councils) and is implemented under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.

Based on the Councils' recommended total allowable catch and the allocation ratios in the FMP, on February 19, 1998 (63 FR 8353) NMFS implemented a commercial quota of 2.34 million lb (1.06 million kg) for the eastern zone (Florida) of the Gulf migratory group of king mackerel. On April 27, 2000, NMFS divided the Florida west coast subzone of the eastern zone into northern and southern subzones and established a separate quota for the southern Florida west coast subzone of 1,082,250 lb (490,900 kg) (65 FR 16336, March 28, 2000). That quota was further divided into two equal quotas of 541,125 lb (245,450 kg) for vessels in each of two groups fishing with hook-and-line gear and run-around gillnets (50 CFR 622.42(c)(1)(i)(A)(2)(i)).

In accordance with 50 CFR 622.44(a)(2)(ii)(B)(2), from the date that 75 percent of the southern Florida west coast subzone's quota has been harvested until a closure of the subzone's fishery has been effected or the fishing year ends, king mackerel in or from the EEZ may be possessed on board or landed from a permitted vessel in amounts not exceeding 500 lb (227 kg) per day.

NMFS has determined that 75 percent of the quota for Gulf group king mackerel for vessels using hook-and-line gear in the southern Florida west coast subzone will be reached by

February 19, 2001. Accordingly, a 500-lb (227-kg) trip limit applies to vessels in the commercial hook-and-line fishery for king mackerel in or from the EEZ in the southern Florida west coast subzone effective 12:01 a.m., local time, February 20, 2001.

The Florida west coast subzone is that part of the eastern zone south and west of 25°20.4' N. lat., which is a line directly east from the Miami-Dade County, FL, boundary. The Florida west coast subzone is further divided into northern and southern subzones. The southern subzone is that part of the Florida west coast subzone which from November 1 through March 31 extends south and west from 25°20.4' N. lat. to

26°19.8' N. lat. (a line directly west from the Lee/Collier County, FL, boundary), i.e., the area off Collier and Monroe Counties. From April 1 through October 31, the southern subzone is that part of the Florida west coast subzone which is between 26°19.8' N. lat. and 25°48' N. lat. (a line directly west from the Monroe/Collier County, FL, boundary), i.e., the area off Collier County.

Classification

This action responds to the best available information recently obtained from the fishery. The reduced trip limit must be implemented immediately because 75 percent of the quota has been harvested. Any delay in implementing this action would be

impractical and contradictory to the Magnuson-Stevens Act, the FMP, and the public interest. NMFS finds for good cause that the implementation of this action cannot be delayed for 30 days. Accordingly, under 5 U.S.C. 553(d), a delay in the effective date is waived.

This action is taken under 50 CFR 622.44(a)(2)(iii) and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: February 16, 2001.

Bruce Morehead,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
