Determination

As a result of the determination by the Commission that revocation of this antidumping duty order is not likely to lead to continuation or recurrence of material injury to an industry in the United States, the Department, pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(1), is revoking the antidumping duty order on aramid fiber from the Netherlands. Pursuant to section 751(c)(6)(A)(iv) of the Act and 19 CFR 351.222(i)(2)(ii), this revocation is effective January 1, 2000. The Department will instruct the Customs Service to discontinue the suspension of liquidation and collection of cash deposit rates on entries of the subject merchandise entered or withdrawn from warehouse on or after January 1, 2000 (the effective date). The Department will complete any pending administrative reviews of this order and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

Effective January 20, 2001, Bernard T. Carreau is fulfilling the duties of the Assistant Secretary for Import Administration.

Dated: March 7, 2001.

Deputy Assistant Secretary Import
Administration.

Case History

On December 13, 2000, the
Department of Commerce ("the
Department") published the preliminary
results of its new shipper administrative
review of the antidumping duty order
on certain pasta from Turkey. See
Notice of Preliminary Results of New
Shipper Antidumping Duty
Administrative Review: Certain Pasta
from Turkey, 65 FR 77855 ("*Preliminary
Results*"). As discussed in the
preliminary results, this review covers
shipments by Beslen Makarna Gida
Sanayi ve Ticaret A.S., and Beslen
Pazarlama Gida Sanayi ve Ticaret A.S.,
respectively (collectively "Beslen"),
during the period of review ("POR")
July 1, 1999 through December 31, 1999.
Interested parties did not submit case
briefs nor did they request a hearing.
There have been no changes since the
preliminary results.

Scope of the Review

Imports covered by this review are
shipments of certain non-egg dry pasta
in packages of five pounds (or 2.27
kilograms) or less, whether or not
enriched or fortified or containing milk
or other optional ingredients such as
chopped vegetables, vegetable purees,
milk, gluten, diastases, vitamins,
coloring and flavorings, and up to two
percent egg white. The pasta covered by
this scope is typically sold in the retail
market, in fiberboard or cardboard
cartons or polyethylene or
polypropylene bags, of varying
dimensions.

Excluded from the scope of this
review are refrigerated, frozen, or
canned pastas, as well as all forms of
egg pasta, with the exception of non-egg

dry pasta containing up to two percent
egg white.

The merchandise subject to review is
currently classifiable under item
1902.19.20 of the Harmonized Tariff
Schedule of the United States
("HTSUS"). Although the HTSUS
subheading is provided for convenience
and customs purposes, our written
description of the scope is dispositive.

Scope Rulings

The Department has issued the
following scope ruling to date:

On October 26, 1998, the Department
self-initiated a scope inquiry to
determine whether a package weighing
over five pounds as a result of allowable
industry tolerances is within the scope
of the antidumping and countervailing
duty orders. On May 24, 1999, we
issued a final scope ruling finding that,
effective October 26, 1998, pasta in
packages weighing or labeled up to (and
including) five pounds four ounces is
within the scope of the antidumping
and countervailing duty orders. See
"Memorandum from John Brinkmann to
Richard Moreland," dated May 24,
1999, in the case file in the Central
Records Unit ("the CRU"), main
Commerce building, room B-099.

Price Comparisons

We calculated export price and NV
based on the same methodology
described in the *Preliminary Results*.

Analysis of Comments Received

We gave interested parties an
opportunity to comment on the
Preliminary Results. As noted above, we
received no comments from any party.

Final Results of Review

As a result of our review, we
determine that Beslen had a zero
weighted-average margin for the period
July 1, 1999 through December 31, 1999.

Assessment Rate

Pursuant to 19 CFR 351.212(b), the
Department calculated an assessment
rate for each importer of the subject
merchandise. For assessment purposes,
we calculated importer-specific
assessment rates for the subject
merchandise by aggregating the
dumping margins for all U.S. sales to
each importer and dividing the amount
by the total entered value of the sales to
that importer. Where appropriate, in
order to calculate the entered value, we
subtracted international movement
expenses (e.g., international freight)
from the gross sales value. Where the
importer-specific assessment rate is
above de minimis we will instruct
Customs to assess antidumping duties

on that importer's entries of subject merchandise.

Cash Deposit Requirements

The following deposit rates will be effective upon publication of the final results of this new shipper review for all shipments of certain pasta from Turkey entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Beslen will be zero; (2) for previously reviewed or investigated companies, the cash deposit rate will continue to be the company-specific rate published for the most recent final results in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value ("LTFV") investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent final results for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 51.49 percent, the "All Others" rate established in the LTFV investigation. See *Notice of Antidumping Duty Order and Amended Final Determination of Sales at Less Than Fair Value: Certain Pasta from Turkey*, 61 FR 38546 (July 24, 1996).

These cash deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act (19 USC 1675(a)(1) and 19 USC 1677f(i)(1)).

Dated: March 6, 2001.

Timothy J. Hauser,

Acting Under Secretary for International Trade.
