The agency has determined under 21 CFR 25.33(a)(1) that these actions are of a type that do not individually or cumulatively have a significant effect on the human environment. Therefore, neither an environmental assessment nor an environmental impact statement is required.

This rule does not meet the definition of "rule" in 5 U.S.C. 804(3)(A) because it is a rule of "particular applicability." Therefore, it is not subject to the congressional review requirements in 5 U.S.C. 801–808.

AGENCY: Wage and Hour Division, Employment Standards Administration, Labor.

ACTION: Final rule; rescission of regulations.

SUMMARY: On February 17, 2001, President Bush issued Executive Order 13204, which revoked Executive Order 12933 of October 20, 1994, on nondisplacement of qualified workers under certain federal contracts and directed the Secretary of Labor to promptly rescind the regulations and

policies implementing Executive Order 12933. The directive also ordered the termination of all investigations or other compliance actions based on Executive Order 12933. In accordance with this directive, the Department of Labor is issuing a final rule to rescind the regulations on nondisplacement of qualified workers under certain contracts, which were promulgated pursuant to the authority provided by Executive Order 12933.

SUPPLEMENTARY INFORMATION:

I. Paperwork Reduction Act

The information collection requirements contained in Regulations, 29 CFR part 9, were previously approved by the Office of Management and Budget under the Paperwork Reduction Act of 1980 (Pub. L. 96-511) and assigned OMB Control Number 1215-0190.

II. Background

Executive Order 12933 of October 20, 1994—"Nondisplacement of Qualified Workers Under Certain Contracts," provided that workers on a building service contract for a public building be given the right of first refusal for employment with a successor contractor if they would otherwise lose their jobs as a result of termination of the contract. The implementing regulations, 29 CFR part 9, were promulgated in accordance with the terms of Executive Order 12933 and were published in the **Federal Register** of May 22, 1997 (62 FR 28176). On February 17, 2001, President Bush signed Executive Order 13204—Revocation of Executive Order on Nondisplacement of Qualified Workers Under Certain Contracts (66 FR 11228; February 22, 2001). Executive Order 13204 directs the Secretary of Labor to terminate any investigations or other compliance actions based on Executive Order 12933, and to "promptly move to rescind any orders, rules, regulations, guidelines, or policies implementing or enforcing Executive Order 12933 of October 20, 1994 * * *." Since the authority for these regulations no longer exists, the Department for good cause hereby finds that it is unnecessary and

impracticable to afford notice and comment procedures on the rescission of the regulations at 29 CFR part 9, and that such rescission should be effective upon publication. As provided in Executive Order 13204, the revocation of Executive Order 12933 and the rescission of these regulations extend to all investigations or other compliance actions based on Executive Order 12933.

Document Preparation

This document was prepared under the direction and control of Thomas M. Markey, Acting Administrator, Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, pursuant to the delegated authority of Secretary's Order No. 5-96 (62 FR 107, January 2, 1997), and Employment Standards Order No. 97-1, dated April 8, 1997.

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

30 CFR Part 773

RIN 1029-AB94

Requirements for Permits and Permit Processing; Correction

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Final rule, correction.

SUMMARY: We, the Office of Surface Mining Reclamation and Enforcement, are publishing corrections to a final rule which was published on Tuesday, December 19, 2000 (65 FR 79582). The final rule related to requirements for permits and permit processing and ownership and control under the Surface Mining Control and Reclamation Act of 1977, as amended.

EFFECTIVE DATE: March 23, 2001.

FOR FURTHER INFORMATION CONTACT: Stephen McEntegart, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Avenue, NW., Washington, DC 20240. Telephone: 202-208-2968. Electronic Mail: smcenteg@osmre.gov. Additional information concerning OSM and related documents may be found on OSM's Internet home page (Internet address: <http://www.osmre.gov>) and on our AVS Office's Internet home page (Internet address: <http://www.avs.osmre.gov>).

SUPPLEMENTARY INFORMATION: We are making corrections to the final rule published on Tuesday, December 19, 2000 (65 FR 79582). The final rule redesignated former § 773.13 as § 773.6. In amendatory language revising a cross-reference contained in the newly designated paragraph § 773.6(a)(3)(ii), we made a typographical error by citing the paragraph as "§ 773.5(a)(3)(ii)." The instruction should have read "newly designated § 773.6(a)(3)(ii)."

The final rule also redesignated former paragraph § 773.15(d) as section § 773.16. Former paragraph § 773.15(d) began with the paragraph heading "Performance bond submittal." Inadvertently, we failed to instruct the **Federal Register** to delete the paragraph heading for § 773.15(d) and to use it as the section heading for § 773.16.

Accordingly, the publication on December 19, 2000, of the final rule which was the subject of FR Doc. 00-32002, is corrected as follows:

§ 773.6 [Corrected]

1. On page 79663, in the third column, in amendatory instruction number 12, the citation to "§ 773.5(a)(3)(ii)" is corrected to read "§ 773.6(a)(3)(ii)."

§ 773.16 [Corrected]

2. On page 79663, in the second column, amendatory instruction number 10 is corrected by adding the following redesignation in sequential order to the table to read as follows:

Section	Is redesignated as * * *
* * * 773.15(d), paragraph heading.	* * * 773.16, section heading.

Dated: March 9, 2001.

Acting Assistant Secretary, Land and Minerals Management.
