WHCCAMP@mail.nih.gov

Because of the need to obtain the views of the public on these issues as soon as possible and because of the early deadline for the report required of the Commission, this notice is being provided at the earliest possible time.

Supplementary Information: The President established the White House Commission on Complementary and Alternative Medicine Policy on March 7, 2000 by Executive Order 13147. The mission of the White House Commission on Complementary and Alternative Medicine Policy is to provide a report, through the Secretary of the Department of Health and Human Services, on legislative and administrative recommendations for assuring that public policy maximizes the benefits of complementary and alternative medicine to Americans.

#### **Public Participation**

The meeting is open to the public with attendance limited by the availability of space on a first come, first serve basis. Members of the public who wish to present oral comment may register by faxing a request to register at 301–480–1691 or by accessing the website of the Commission at <a href="http://whccamp.hhs.gov">http://whccamp.hhs.gov</a> no later than March 21, 2001.

Oral comments will be limited to five minutes. Individuals who register to speak will be assigned in the order in which they registered. Due to time constraints, only one representative from each organization will be allotted time for oral testimony. The number of speakers and the time allotted may also be limited by the number of registrants. All requests to register should include the name, address, telephone number, and business or professional affiliation of the interested party, and should indicate the area of interest or question (as described above) to be addressed.

Any person attending the meeting who has not registered to speak in advance of the meeting will be allowed to make a brief oral statement during the time set aside for public comment if time permits, and at the Chairperson's discretion. Individuals unable to attend the meeting, or any interested parties, may send written comments by mail, fax, or electronically to the staff office of the Commission for inclusion in the public record.

When mailing or faxing written comments provide, if possible, an electronic version on diskette. Persons needing special assistance, such as sign language interpretation or other special accommodations, should contact the Commission staff at the address or telephone number listed no later than March 21, 2001.

Dated: March 15, 2001.

#### **Public Health Assessments Completed**

**AGENCY:** Agency for Toxic Substances and Disease Registry (ATSDR), Department of Health and Human Services (HHS).

**ACTION:** Notice.

SUMMARY: This notice announces those sites for which ATSDR has completed public health assessments during the period from October through December 2000. This list includes sites that are on or proposed for inclusion on the National Priorities List (NPL), and includes sites for which assessments were prepared in response to requests from the public.

### FOR FURTHER INFORMATION CONTACT:

Robert C. Williams, P.E., DEE, Assistant Surgeon General, Director, Division of Health Assessment and Consultation, Agency for Toxic Substances and Disease Registry, 1600 Clifton Road, NE., Mailstop E–32, Atlanta, Georgia 30333, telephone (404) 639–0610.

SUPPLEMENTARY INFORMATION: The most recent list of completed public health assessments was published in the Federal Register on December 21, 2000 [65 FR 80432]. This announcement is the responsibility of ATSDR under the regulation, Public Health Assessments and Health Effects Studies of Hazardous Substances Releases and Facilities [42 CFR part 90]. This rule sets forth ATSDR's procedures for the conduct of public health assessments under section 104(i) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended by the Superfund Amendments and Reauthorization Act (SARA) [42 U.S.C. 9604(i)].

#### **Availability**

The completed public health assessments and addenda are available for public inspection at the Division of Health Assessment and Consultation, Agency for Toxic Substances and Disease Registry, Building 33, Executive Park Drive, Atlanta, Georgia (not a

mailing address), between 8 a.m. and 4:30 p.m., Monday through Friday except legal holidays. The completed public health assessments are also available by mail through the U.S. Department of Commerce, National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161, or by telephone at (703) 605–6000. NTIS charges for copies of public health assessments and addenda. The NTIS order numbers are listed in parentheses following the site names.

## **Public Health Assessments Completed** or Issued

Between October 1 and December 31, 2000, public health assessments were issued for the sites listed below:

#### **NPL Sites**

Arizona

Franklin Elementary School—Phoenix— (PB21–102209)

Litchfield Airport Area—Goodyear— (PB21–102210)

Tucson International Airport Area— Tucson—(PB21–101599)

California

Pacific Gas and Electric (a/k/a Hinkley Site)—Hinkley —(PB21–101673)

Louisiana

Southern Shipbuilding (a/k/a Southern Shipbuilding Corporation) —(PB21–101946)

New Jersey

Brick Township Investigation (a/k/a Brick Township Autism Investigation)—Brick Township— (PB21–102170)

Cinnaminson Ground Water
Contamination—Cinnaminson
Township —(PB21–102407)
Martin Aaron, Incorporated—Camden—

(PB21–101598)

New Mexico

Fruit Avenue Plume—Albuquerque—(PB21–101819)

New York

Hiteman Leather—West Winfield— (PB21–102406)

Little Valley—Little Valley—(PB21–102408)

Plattsburgh Air Force Base— Plattsburgh—(PB21–102613)

### Tennessee

Memphis Defense Depot (Defense Logistics Agency) (a/k/a USA Defense Depot Memphis)—Memphis—(PB21– 102388)

Texas

## Availability of Draft Chemical Technical Summary on Malathion

**AGENCY:** Agency for Toxic Substances and Disease Registry (ATSDR), Department of Health and Human Services (HHS).

**ACTION:** Notice of availability.

**SUMMARY:** The Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended by the Superfund Amendments and Reauthorization Act of 1986 (SARA), Section 104 (i)(4) [42 U.S.C. 9604(i)(4)], directs the Administrator of ATSDR to provide informational materials on request on health issues relating to exposure to hazardous or toxic substances to the Administrator of the EPA, State officials, and local officials. A chemical technical summary provides information on a specific public health issue related to real or possible exposure and is a method ATSDR uses to respond rapidly to requests for assistance and public health needs. The chemical technical summary will aid public health and public safety professionals in evaluating symptoms and conducting surveillance of human exposure to toxic material.

This notice announces that a chemical technical summary on malathion is now available for public comment. This ATSDR chemical technical summary reviews the scientific literature describing the relationship between exposure to malathion and possible resultant health effects.

DATES: In order to be considered, comments on this draft chemical technical summary must be received within forty-five (45) days from the date of this publication. Comments received after the close of the public comment period will be considered at the discretion of ATSDR based upon what is deemed to be in the best interest of the general public.

ADDRESSES: Requests for copies of the draft chemical technical summary should be sent to: Ms. Franchetta Stephens, Division of Toxicology, Agency for Toxic Substances and Disease Registry, Mailstop E-29, 1600 Clifton Road, NE, Atlanta, Georgia 30333, telephone 1-(888) 422-8737 or (404) 639–6345. Written comments regarding the draft chemical technical summary should be sent to the same address. ATSDR reserves the right to provide only one copy of the draft chemical technical summary free of charge. The document may also be accessed at the ATSDR Home page News section at www.atsdr.cdc.gov.

Written comments submitted in response to this notice should bear the docket control number ATSDR–166. Because all public comments regarding ATSDR–166 chemical technical summary will be available for inspection, no confidential business information or personal medical information should be submitted in response to this notice.

### FOR FURTHER INFORMATION CONTACT:

Division of Toxicology, Agency for Toxic Substances and Disease Registry, Mailstop E–29, 1600 Clifton Road, NE., Atlanta, Georgia 30333.

**SUPPLEMENTARY INFORMATION: Malathion** is an organophosphate insecticide commonly used to control mosquitos and other flying insects, especially during outbreaks of vector-borne diseases, to protect public health. Malathion is toxic to aquatic organisms, but has a relatively low toxicity for birds and mammals. The principal toxicological effect of malathion is cholinesterase inhibition, due primarily to malaoxon and to phosphorus thionate impurities. Levels of malathion used for wide-area treatment to protect the public from mosquito-carrying diseases are not likely to result in harmful effects in individuals who are not directly exposed during spraying.

Dated: March 16, 2001.

### Availability of the Draft Document, Public Health Reviews of Hazardous Waste Thermal Treatment Technologies

**AGENCY:** Agency for Toxic Substances and Disease Registry (ATSDR), HHS. **ACTION:** Notice of availability and request for public comment of the draft document, Public Health Reviews of Hazardous Waste Thermal Treatment Technologies.

SUMMARY: The Agency for Toxic Substances and Disease Registry announces the availability for public comment of the draft document, Public Health Reviews of Hazardous Waste Thermal Treatment Technologies.

**DATES:** Comments must be received by April 23, 2001.

ADDRESSES: The document is available by contacting the Chief, Program Evaluation, Records, and Information Services Branch, Agency for Toxic Substances and Disease Registry, 1600 Clifton Road (E-56), Atlanta, GA 30333. Please submit written comments relating to the document to the same location. ATSDR reserves the right to provide only one copy of this draft document free of charge. The document may also be accessed at the ATSDR Home page News section at www.atsdr.cdc.gov. Generally, comments submitted will be available to the public upon request. Information submitted which is claimed as personal, medical, or otherwise confidential and proprietary must be clearly marked as such. Information so marked will not be disclosed except in accordance with 45 CFR part 5.

### FOR FURTHER INFORMATION CONTACT:

Further information may be obtained by contacting Betty C. Willis, ATSDR (Mailstop E–56), 1600 Clifton Road, NE, Atlanta, Georgia 30333, telephone (404) 639–6071 or (toll free) 1–888–42–ATSDR, 1–888–422–8737, or Email: bwillis@cdc.gov.

SUPPLEMENTARY INFORMATION: The Agency for Toxic Substances and Disease Registry (ATSDR) is the lead Department of Health and Human Services agency addressing human health concerns and risks in communities near hazardous waste sites or other sources of environmental contamination. ATSDR has specific responsibilities for public health
