

holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than February 1, 2001.

A. Federal Reserve Bank of Chicago (Phillip Jackson, Applications Officer) 230 South LaSalle Street, Chicago, Illinois 60690-1414:

1. *Alpha Financial Group, Inc., Employee Stock Ownership Plan*, Toluca, Illinois; to become a bank holding company by acquiring 31.61 percent of the voting shares of Alpha Financial Group, Inc., Minonk, Illinois, and thereby indirectly acquiring voting shares of Alpha Community Bank, Toluca, Illinois.

In connection with this proposal, Alpha Financial Group, Inc., Employee Stock Ownership Plan has applied to acquire indirectly voting shares of Alpha Insurance Services, Inc., Washburn, Illinois, and thereby engage in insurance agency and underwriting activities in small towns pursuant to § 225.28(b)(11)(iii)(A) of Regulation Y.

B. Federal Reserve Bank of Minneapolis (JoAnne F. Lewellen, Assistant Vice President) 90 Hennepin Avenue, Minneapolis, Minnesota 55480-0291:

1. *Frandsen Financial Corp.*, Forest Lake, Minnesota; to acquire 100 percent of the voting shares of Oslo Bancorporation, Oslo, Minnesota, and thereby indirectly acquire Valley State Bank of Oslo, Oslo, Minnesota.

Board of Governors of the Federal Reserve System, January 3, 2001.

Robert deV. Frierson,

Associate Secretary of the Board.

BILLING CODE 6210-01-P

FEDERAL RESERVE SYSTEM

Notice of Proposals To Engage in Permissible Nonbanking Activities or To Acquire Companies That Are Engaged in Permissible Nonbanking Activities

The companies listed in this notice have given notice under section 4 of the Bank Holding Company Act (12 U.S.C. 1843) (BHC Act) and Regulation Y, (12 CFR part 225) to engage *de novo*, or to acquire or control voting securities or assets of a company, including the companies listed below, that engages either directly or through a subsidiary or other company, in a nonbanking activity that is listed in § 225.28 of Regulation Y (12 CFR 225.28) or that the Board has determined by Order to be closely related to banking and permissible for bank holding companies. Unless otherwise noted, these activities will be conducted throughout the United States.

Each notice is available for inspection at the Federal Reserve Bank indicated. The notice also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the question whether the proposal complies with the standards of section 4 of the BHC Act. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding the applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than February 1, 2001.

A. Federal Reserve Bank of Atlanta (Cynthia C. Goodwin, Vice President) 104 Marietta Street, N.W., Atlanta, Georgia 30303-2713:

1. *Regions Financial Corporation*, Birmingham, Alabama; to acquire Morgan Keegan Trust Company, FSB, Memphis, Tennessee, and thereby engage in savings association activities, pursuant to § 225.28(b)(4)(ii) of Regulation Y.

Board of Governors of the Federal Reserve System, January 3, 2001.

Robert deV. Frierson,

Associate Secretary of the Board.

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 639-7090.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques for other forms of information technology. Send comments to Anne O'Connor, CDC Assistant Reports Clearance Officer, 1600 Clifton Road, MS-D24, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

Proposed Projects: Pediatric and Adult HIV/AIDS Case Reports—New—National Center for HIV, STD, and TB Prevention (NCHSTP). For many years Pediatric and Adult case reports were included in the OMB clearance for the National Disease Surveillance Program—I. Case Reports, OMB Number 0920-0009. This clearance currently includes the formal surveillance of 19 separate reportable diseases which are ongoing to meet the public demand and scientific interest for accurate, consistent, epidemiologic data. These ongoing diseases include: bacterial meningitis, dengue, hantavirus, HIV/AIDS, Idiopathic CD4+T-lymphocytopenia, Kawasaki syndrome, Legionellosis, Lyme disease, malaria, Mycobacterium avium Complex Disease, plague, Reye Syndrome, tick-borne Rickettsial Disease, toxic shock syndrome, toxocariasis, trichinosis, typhoid fever, and viral hepatitis. Case

report forms enable CDC to collect demographic, clinical, and laboratory characteristics of cases of these diseases. This information is used to direct epidemiologic investigations, to identify and monitor trends in reemerging infectious diseases or emerging modes of transmission, to search for possible causes or sources of the diseases, and to develop guidelines for the prevention of treatment.

CDC proposes to separate the two HIV/AIDS case reports from the current clearance in order to have the case reports sent to the appropriate CDC organizational entity. Under the current clearance these forms are managed by the staff within the National Centers for Infectious Diseases (NCID). Separating the packages into two clearances will be more efficient for CDC. These forms are used to report all HIV/AIDS cases for

children and adults in all 50 states, Guam, the Pacific Islands, Puerto Rico, and the Virgin Islands. The information collected and the methodology used will remain the same. The data will continue to be used for the purposes described in the previous paragraph. The total annualized burden is 4,373 hours. The total cost to respondents is estimated at \$65,595.

Respondents	Number of respondents	Number of responses per respondent	Average burden per respondent (in hrs.)
HIV/AIDS Adult Case Report	55	473	10/60
HIV/AIDS Pediatric Case Report	55	4	10/60

Dated: January 2, 2001.

Nancy Cheal,

Acting Associate Director for Policy, Planning, and Evaluation, Centers for Disease Control and Prevention (CDC).

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-7090. Send written comments to CDC, Desk Officer, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, DC 20503. Written comments should be received within 30 days of this notice.

Proposed Project

Geo-Analysis of HIV Prevention Services Provided by CDC to Directly and Indirectly Funded Community-Based Organizations (CBOs). NEW—The Centers for Disease Control and Prevention (CDC), National Center for HIV, STD, and TB Prevention (NCHSTP), Division of HIV/AIDS Prevention (DHAP) proposes an evaluation project which will build on the knowledge gained from the previous

studies to provide a multi-level, geo-referenced review of CDC-funded, community-based organization (CBO)-provided HIV prevention services. The purposes of this project are: (1) To contribute to the construction of a national database of HIV prevention activities by developing a geo-coded database that identifies, locates and maps all CBOs directly and indirectly funded by CDC in the US and its territories, and (2) to evaluate the comprehensiveness of HIV prevention services in geographic areas across the United States of America and territories through the use of Geographic Information Systems (GIS) technology as the primary analytical tool.

This project is being tasked under the Enhanced Program Assessments with Laboratory Capability Task Order Contract (200-96-0511) because of its program evaluation component. By using GIS to identify gaps in service provision within a given geographic area, program changes can be recommended to those health departments and CBOs participating in the project. These recommended changes may include adjusting services provided or target populations in an effort to close identified gaps.

Collaboration between government agencies and CBOs with access to a particular group at risk has been a traditional approach in public health in the United States. CDC promotes the collaboration and coordination of HIV prevention efforts between CBOs and of CBOs with State health departments, affiliates of National and Regional Minority Organizations (NRMOS), HIV prevention service agencies, and other public agencies including substance abuse programs, educational institutions and the criminal justice system. CDC

promotes collaboration as a strategy for (1) improving access to and for at risk populations and communities, (2) improving the direct delivery of services, (3) improving referral of clients to services, and (4) creating comprehensive HIV services in designated geographical jurisdictions.

The use of GIS will enhance the accomplishment of these three goals by providing information to funders and other shareholders to enhance CBOs in their efforts to provide interventions and client referrals and services that are accessible to the populations in need of them. This data will assist the CDC to determine the effectiveness of federal funding, whether the funding is affecting the designated high risk or infected groups such as disproportionately affected minorities where they live, or whether or not there are available programs to link with for more comprehensive services.

The project will use appropriate technology to minimize respondent burden. A self-report mailed questionnaire, three pages in length, will be mailed. Attached, will be two maps of the geographical area (city and surrounding metropolitan area) where each CBO is located. The use of maps eliminates the need to locate maps to respond to questions concerning location and distance. This project will not be requesting information of a sensitive nature. The project deals with the types of interventions offered to high risk or HIV positive individuals, location and access.

The CDC anticipates one person per CBO (total # of approximately 2000) to complete the data collection form once during the 2000 for approximately 30 minutes. Therefore, the total response burden is estimated at 1000 hours.
