SOCIAL SECURITY ADMINISTRATION**Agreement on Social Security between the United States and the Republic of Korea; Entry Into Force**

The Acting Commissioner of Social Security gives notice that an agreement coordinating the United States (U.S.) and Korean social security programs entered into force on April 1, 2001. The agreement with the Republic of Korea, which was signed on March 13, 2000, is similar to U.S. social security agreements already in force with 17 other countries—Austria, Belgium, Canada, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, the Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, and the United Kingdom. Agreements of this type are authorized by section 233 of the Social Security Act.

Like the other agreements, the U.S.-Korean agreement eliminates dual social security coverage—the situation that exists when a worker from one country works in the other country and is covered under the social security systems of both countries for the same work. When dual coverage occurs, the worker or the worker's employer or both

may be required to pay social security contributions to the two countries simultaneously. Under the U.S.-Korean agreement, a worker who is sent by an employer in one country to work in the other country for 5 years or less remains covered only by the sending country. The agreement includes additional rules that eliminate dual U.S. and Korean coverage in other work situations.

The agreement also helps eliminate situations where workers suffer a loss of benefit rights because they have divided their careers between the two countries. Under the agreement, workers may qualify for partial U.S. benefits or partial Korean benefits based on combined (totalized) work credits from both countries.

Individuals who wish to obtain copies of the agreement or want more information about its provisions may write to the Social Security Administration, Office of International Programs, Post Office Box 17741, Baltimore, MD 21235-7741 or visit the Social Security web site at www.ssa.gov/international.

Dated: March 28, 2001.

William A. Halter,

Acting Commissioner of Social Security.

Background

Thirty-eight individuals have requested an exemption from the vision requirement in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce. Under 49 U.S.C. 31315 and 31136(e), the FMCSA may grant an exemption for a renewable 2-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption." Accordingly, the agency will evaluate the qualifications of each applicant to determine whether granting the exemptions will achieve the required level of safety.

Mr. Branam reported that he has operated tractor-trailer combinations for 30 years, and has accumulated 2.4 million miles. He holds a Class D regular license from Tennessee, but held a Class A commercial driver's license (CDL) for the 3-year period prior to his date of application.
