Administration for Children and Families

Proposed Information Collection Activity; Comment Request

Proposed Projects

Title: Information collection from applicants who will respond to Request for Applications for funding of seven OCS competitive grants.

OMB No.: 0970-0062.

Description: The Office of Community Services (OCS) is requesting approval to continue the use of its program announcements to collect information which will enable the agency to determine which projects to fund and the amount of the grant awards. The programs covered include: Community Food and Nutrition; Community Economic Development Discretionary Grants Program; Low Income Home Energy Assistance Program Residential Energy Assistance Challenge Option Program (REACH); LIHEAP Clearinghouse T&TA; Job Opportunities for Low-Income Individuals; CSBG Training and Technical Assistance and Capacity Building; and Family Violence Prevention and Services Program.

Information collected from the requirements contained in these program announcements will be the sole source of information available to OCS in reviewing applications leading to

awards of discretionary grants to eligible applicants.

The application forms that will be used contain information for competitive review in accordance with the program announcements' guidelines. The data provided is necessary to compute the amount of the grant in relation to proposed project activities by the ACF Grant Officers.

OMB recommended that ACF submit one information collection package covering all OCS discretionary program announcements, since the same application form is used in each announcement. This information collection was last approved in 1998; it is due to expire October 31, 2001. Since the last approval, we have added the Residential Energy Assistance Challenge Option Program (REACH) as an additional Low Income Home Energy Assistance Program.

Respondents: State and local governments, Indian tribes, not-for-profit organizations.

In compliance with the requirements of section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Information Services, 370 L'Enfant Promenade, S.W., Washington, D.C. 20447, Attn: ACF Reports Clearance Officer. All requests should be identified by the title of the information collection.

The Department specifically requests comments on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c)

the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Dated: March 29, 2001.

Office of Planning, Research and Evaluation; Grant to the National Fatherhood Initiative

AGENCY: Office of Planning, Research and Evaluation, ACF, DHHS.

ACTION: Award announcement.

SUMMARY: Notice is hereby given that a noncompetitive grant award is being made to the National Fatherhood Initiative to finance a targeted public education campaign throughout the year 2001. Funds will be utilized to write, produce, distribute, and market two new television public service announcements and to facilitate marketing, distribution, tracking, and follow-up activities conducted by the Ad Council and a prominent ad agency

for the entire 2001 public education campaign.

As a Congressional setaside, this one-year project is being funded noncompetitively. The organization has unique experience to conduct a national public education campaign to strengthen responsible and committed fatherhood. The cost of this one-year project is \$500,000.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

Studies of Adverse Effects of Marketed Drugs; Availability of Grants (Cooperative Agreements); Request for Applications

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA), Center for Drug Evaluation and Research, is announcing the anticipated availability of funds for cooperative agreements to study adverse effects of drugs marketed in the United States and its territories. Subject to the availability of fiscal year 2002 funds, FDA anticipates that approximately \$900,000 will be available. FDA anticipates making up to three awards, each for up to \$300,000 per year (direct and indirects costs) for general databases that cover U.S. patients only, cover multiple States across the United States, had more than 1.5 million enrolled patients on December 31, 2000, and have the demonstrated ability to obtain paper copies of anonymized patient medical records.

Support for these agreements may be for up to 3 years subject to availability of future funds and satisfactory performance during the preceding year. The purpose of these agreements is to conduct drug safety analysis to the benefit of the public's health; respond expeditiously to urgent public safety concerns; provide a mechanism for collaborative pharmacoepidemiological research designed to test hypotheses, particularly those arising from suspected adverse reactions reported to FDA; and enable rapid access to U.S. population-based data sources to ensure public safety when necessary. **DATES:** Submit applications by June 4, 2001.

ADDRESSES: Application kits are available from, and completed applications should be submitted to Rosemary T. Springer, Division of Contracts and Procurement Management (HFA-520), Food and Drug

Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-827-7182.

Note: Applications hand-carried or commercially delivered should be addressed to 5630 Fishers Lane, rm. 2129, Rockville, MD 20857. Please DO NOT send applications to the Center for Scientific Review (CSR), National Institutes of Health (NIH). Applications mailed to CSR and not received by FDA in time for orderly processing will be returned to the applicant without consideration. Application forms can also be found at <http://www.nih.gov/grants/phs398/forms-toc.html>.

FOR FURTHER INFORMATION CONTACT:

Regarding the administrative and financial management aspects of this notice: Rosemary T. Springer (address above).

Regarding the programmatic aspects of this notice: David J. Graham, Office of Postmarketing Drug Risk Assessment (HFD-400), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-827-3238.

SUPPLEMENTARY INFORMATION: As stated later in this document, funding of the second and third years will be contingent upon: (1) Investigator's demonstrated success collaborating with FDA scientists, as well as with other investigators funded by this cooperative agreement program. Such demonstration may include suggestions for and design of a study, analysis of data sets, and publication of results among FDA and cooperative agreement investigators; and (2) the availability of Federal fiscal year appropriations.

It is determined that these cooperative agreements are exempt from the protection of human subjects requirements in accordance with 45 CFR part 46.

FDA's authority to fund research projects is set out in section 301 of the Public Health Service Act (42 U.S.C. 241). FDA's research program is described in the Catalog of Federal Domestic Assistance, No. 93.103. Applications submitted under this program are not subject to the requirements of Executive Order 12372.

The Public Health Service (PHS) strongly encourages all grant recipients to provide a smoke-free workplace and to discourage the use of all tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

FDA is committed to achieving the health promotion and disease prevention objectives of "Healthy People 2010," a national activity to reduce morbidity and mortality and to
