This review covers one manufacturer/exporter of the subject merchandise (Canada Pipe, Ltd.). The period of review (POR) is March 1, 1999, through February 29, 2000.

Based on our analysis of the comments received, we have made changes in the margin calculation. Therefore, the final results differ from the preliminary results. The final weighted-average dumping margin for the reviewed firm is listed below in the section entitled "Final Results of Review."

EFFECTIVE DATE: April 12, 2001.

SUPPLEMENTARY INFORMATION:

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR part 351 (2000).

Background

On December 7, 2000, the Department published in the **Federal Register** the preliminary results of the administrative review of the antidumping duty order on ICC from Canada. *See Notice of Preliminary Results of Antidumping Duty Administrative Review: Iron Construction Castings from Canada*, 65 FR 76609 (December 7, 2000).

In response to the Department's invitation to comment on the preliminary results of this review, Canada Pipe Ltd. (Canada Pipe or respondent) filed its case brief on February 23, 2001. No other interested parties filed case or rebuttal briefs.

The Department has conducted this administrative review in accordance with section 751 of the Act.

Scope of Review

The merchandise covered by the order consists of certain iron construction castings from Canada, limited to manhole covers, rings, and frames, catch basin grates and frames, cleanout covers and frames used for drainage or access purposes for public utility, water and sanitary systems, classifiable as heavy castings under Harmonized Tariff Schedule (HTS) item numbers 7325.10.0010, 7325.10.0020, and 7325.10.0025. The HTS item number is provided for convenience and Customs

purposes only. The written description remains dispositive.

Period of Review

The POR is March 1, 1999 to February 29, 2000.

Analysis of Comments Received

All issues raised in the case briefs by parties to this administrative review are addressed in the "Issues and Decision Memorandum" (Decision Memorandum) from Holly A. Kuga, Acting Deputy Assistant Secretary, Group II, Import Administration, to Bernard T. Carreau, fulfilling the duties of Assistant Secretary for Import Administration, dated April 6, 2001, which is hereby adopted by this notice. A list of the issues which parties have raised and to which we have responded, all of which are in the Decision Memorandum, is attached to this notice as an Appendix. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum, which is on file in the Central Records Unit, room B-099, of the main Department building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Web at <http://ia.ita.doc.gov>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on our analysis of comments received, we have made certain changes in the margin calculation. These changes are discussed in the relevant sections of the Decision Memorandum.

Final Results of Review

We determine that the following weighted-average percentage margin exists for the period March 5, 1998 through August 31, 1999:

Manufacturer/exporter	Percent margin
Canada Pipe, Ltd.	3.89 percent.

Assessment

The Department shall determine, and the U.S. Customs Service (Customs) shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we have calculated importer-specific assessment rates based on the ratio of the total amount of antidumping duties calculated for the importer-specific sales to the total entered value of the same sales. Where the assessment rate is above *de minimis*, we will instruct Customs to assess duties on all entries of subject merchandise by that importer.
