

SUPPLEMENTARY INFORMATION: The OCC is proposing to extend OMB approval of the following information collection:

Title: Transfer Agent Registration and Amendment Form—Form TA-1.

OMB Number: 1557-0124.

Description: The OCC is requesting comment on its proposed extension, without change, of the information collection titled Transfer Agent Registration and Amendment Form—Form TA-1. Section 17A(c) of the Securities Exchange Act of 1934 (Act), as amended by the Securities Act Amendments of 1975, provides that all those authorized to transfer securities registered under section 12 of the Act (transfer agents) shall register by filing with the appropriate regulatory agency an application for registration in such form and containing such information and documents as such appropriate regulatory agency may prescribe to be necessary or appropriate in furtherance of the purposes of this section. Form TA-1 was developed by the OCC, Federal Deposit Insurance Corporation, and the Board of Governors of the Federal Reserve to satisfy this statutory requirement. National bank transfer agents use Form TA-1 to register or amend registration as transfer agents. The OCC uses the information to determine whether to allow, deny, accelerate, or postpone an application. An amendment to Form TA-1 must be filed with the OCC within sixty calendar days following the date on which any information reported on Form TA-1 becomes inaccurate, misleading or incomplete. The OCC also uses the data to more effectively schedule and plan transfer agent examinations. Amendments to Form TA-1 are used by the OCC to schedule and plan examinations. The Securities and Exchange Commission maintains complete files on the registration data of all transfer agents registered pursuant to the Act. It utilizes the data to identify transfer agents and to facilitate development of rules and standards applicable to all registered transfer agents.

Internal Revenue Service

Renewable Electricity Production Credit, Publication of Inflation Adjustment Factor and Reference Prices for Calendar Year 2001

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Publication of inflation adjustment factor and reference prices for calendar year 2001 as required by section 45(d)(2)(A) (26 U.S.C. 45(d)(2)(A)).

SUMMARY: The 2001 inflation adjustment factor and reference prices are used in determining the availability of the renewable electricity production credit under section 45(a).

DATES: The 2001 inflation adjustment factor and reference prices apply to calendar year 2001 sales of kilowatt hours of electricity produced in the United States or a possession thereof from qualified energy resources.

Inflation Adjustment Factor: The inflation adjustment factor for calendar year 2001 is 1.1641.

Reference Prices: The reference prices for calendar year 2001 are 2.57¢ per kilowatt hour for facilities producing electricity from wind and 0¢ per kilowatt hour for facilities producing electricity from closed-loop biomass and poultry waste.

Because the 2001 reference prices for electricity produced from wind, closed-loop biomass, and poultry waste energy resources do not exceed 8¢ multiplied by the inflation adjustment factor, the phaseout of the credit provided in section 45(b)(1) does not apply to electricity sold during calendar year 2001.

Credit Amount: As required by section 45(b)(2), the 1.5¢ amount in section 45(a)(1) is adjusted by multiplying such amount by the inflation adjustment factor for the calendar year in which the sale occurs. If any amount is increased under the

preceding sentence is not a multiple of 0.1¢, such amount is rounded to the nearest multiple of 0.1¢. Under the calculation required by section 45(b)(2), the renewable electricity production credit for calendar year 2001 under section 45(a) is 1.7¢ per kilowatt hour on the sale of electricity produced from wind, closed-loop biomass, and poultry waste energy resources.
