DEPARTMENT OF HEALTH AND HUMAN SERVICES**Substance Abuse and Mental Health Services Administration****Agency Information Collection Activities: Submission for OMB Review; Comment Request**

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a list of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (301) 443–7978.

Community Mental Health Services Block Grant Application Guidance and Instructions, FY 2002–2004—(OMB No. 0930–0168, Revision)—Sections 1911 through 1920 of the Public Health Service Act (42 U.S.C. 300x–1 through 300x–9) provide for annual allotments to assist States to establish or expand an organized, community-based system of care for adults with serious mental illness and children with serious emotional disturbances. Under the provisions of the law, States may receive allotments only after an application is submitted and approved by the Secretary of the Department of Health and Human Services.

For the federal fiscal year 2002–2004 Community Mental Health Services

Block Grant application cycles, SAMHSA will provide States with revised application guidance and instructions. These changes affect several areas of the application and add a new section to accommodate reporting of uniform data on the public mental health system. Revisions to the previously approved application include: (1) A table for listing mental health planning council membership in order to determine whether the membership and threshold requirements of the law (42 U.S.C. 300x–4) are being met; (2) several minor changes in the format, including moving the report required under 42 U.S.C. 300x–52 to the Implementation Report; and, (3) addition of a new section requesting States to report uniform data on their public mental health systems with a focus on community mental health services, along with a State-level reporting system capacities checklist in order to ascertain States' ability to report uniform data. This new section has been developed through a collaborative partnership and consultation with a data working group consisting of representatives from the National Association of State Mental Health Program Directors, State level data experts and consumer representatives.

In response to comments received on the draft for the FY 2002 application, a number of changes have been made to the application. Several tables have been deleted and most other tables have been revised. SAMHSA has also increased its burden estimate for the new section on uniform data.

States continue to have the option to submit an application with a one-year plan, a two-year plan, or a three-year plan. Annual response burden on States depends on whether they submit a one-, two-, or three-year plan. The following table summarizes the annual burden for the revised application.

Part of application	Number of respondents	Responses per respondent	Burden per response (hrs.)	Total burden
Plan (Sections I–III):				
One-year plan	33	1	180	5,940
Two-year plan	12	1	150	1,800
Three-year plan	14	1	110	1,540
Implementation Report (Section IV)	59	1	80	4,720
Data Tables & Checklist (Section V)	59	1	40	2,360
Total	59	16,360

SUPPLEMENTARY INFORMATION: We propose to submit the following information collection clearance requirements to the OMB for review and approval under the Paperwork Reduction Act of 1995 (Pub. L. 104-13). We currently have OMB approval #1018-0102, which expires 12/31/01.

Your comments are invited on: (1) Whether this collection of information is necessary for us to properly perform our functions, including whether this information will have practical utility; (2) the accuracy of our estimates of burden, including the validity of the methodology and assumptions we use; (3) ways to enhance the quality, utility, and clarity of the information we are proposing to collect; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of

appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. The National Wildlife Refuge System Improvement Act of 1997 that amends the National Wildlife Refuge Administration Act of 1966 (16 U.S.C. 668 dd-ee) requires that we authorize economic privileges on any national wildlife refuge by permit only when the activity will be compatible and appropriate with the purposes for which the refuge was established. We will provide the permit applications as requested by interested citizens. We will use information provided on the required written forms and/or verbal applications to ensure that the applicant is eligible for the permit. We make provision in our general refuge regulations for public entry for specialized purposes, including economic activities such as the operation of guiding and other visitor services on refuges by concessionaire or cooperators under appropriate contractors or legal agreements or special use permits (50 CFR 25.41 and §§ 25.61, 30.11, 31.13, and 31.16). These regulations provide the authorities and procedures for allowing permits on refuges outside of Alaska.

We use this permit to authorize such items as farming operations (hay and grazing, and beneficial management tools that we use to provide the best habitat possible on some refuges), recreational visitor service operations (outfitters/guides), commercial filming, and other commercial and noncommercial activities. Likely respondents will be individual citizens, certain corporations, Federal, State, local, or Tribal governments. We will issue permits for a specific period as determined by the type and location of the use or visitor service provided.

Title: National Wildlife Refuge System Special Use Permit for all Refuges Outside Alaska.

Approval Number: 1018-0102

Service Form Number: 3-1383

Frequency of Collection: On occasion.

Description of Respondents:

Individuals and households; Business and other for-profit organizations; Non-profit institutions; Farms; and State, local or Tribal governments.

Total Annual Burden Hours: We have 519 national wildlife refuges outside the State of Alaska. We anticipate that each refuge will authorize approximately 20 permits each year. This is a total of

10,380 permits. We estimate that it takes an hour to complete the application requirements to supply the necessary information. Therefore the annual burden estimate in hours is 10,380.

Dated: April 19, 2001.

Rebecca A. Mullin,

Information Collection Officer, Fish and Wildlife Service.
