

Employment, Wages, and Contributions Report (ES-202 Program).

The ES-202 program is the only Federal statistical program that provides information on establishments, wages, tax contributions and the number of employees subject to State Unemployment Insurance laws and the Unemployment Compensation for Federal Employees program. The consequences of not collecting ES-202 data would be grave to the Federal statistical community. BLS would not have a sampling frame for its establishment surveys; the Bureau of Economic Analysis would not be able to publish as accurate personal income data in a timely manner for the U.S., States, and local areas; and the Employment Training Administration would not have the information it needs to administer the Unemployment Insurance Program.

Type of Review: Revision of a currently approved collection.

Agency: Bureau of Labor Statistics.

Title: Employment, Wages, and Contributions (ES-202) Program.

OMB Number: 1220-0012.
