

be considered in the draft and/or final EIS.

The scope of this analysis is limited to those activities related to the purpose and need and measures necessary to mitigate the effects these activities may have on the environment. The decision will include if, when, how, and where to schedule restoration activities, recreation opportunity enhancement, interpretive activities, water quality improvement actions, resource protection measures, monitoring, and other follow-up activities. The appropriate road system for this project area will also be determined.

Public participation will be an important part of the project, commencing with the EIS initial scoping process (40 CFR 1 501.7), which starts with publication of this notice and continues for the next 30 days. In addition, the public is encouraged to visit with the District Ranger and Project Leader at any time during the analysis and prior to the decision. The Forest Service will be seeking information, comments, and assistance from Federal, State, and local agencies, Indian Tribes, landowners adjacent to the project area, and other individuals or organizations that may be interested in or affected by the proposed action.

Comments from the public and other agencies will be used in preparation of the draft EIS. The scoping process will be used to: identify potential issues; identify additional alternatives to the proposed action; and, identify potential environmental effects of the proposed action and alternatives (i.e. direct, indirect, and cumulative effects).

While public participation in this analysis is welcome at any time, comments received within 30 days of the publication of this notice will be especially useful in the preparation of the draft EIS, which is expected to be filed with the Environmental Protection Agency and available for public review in September 2001. A 45-day comment period will follow publication of a Notice of Availability of the draft EIS in the **Federal Register**. The comments received will be analyzed and considered in preparation of the final EIS, which we expect to file in December 2001. A Record of Decision will be issued not less than 30 days after publication of a Notice of Availability of the final EIS in the **Federal Register**.

The Forest Service believes it is important at this early stage to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of the draft EIS must structure their participation in the environmental review of the proposal in such a way

that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDS*, 435 U.S. 519, 513 (1978). Also, environmental objections that could be raised at the draft EIS stage but that are not raised until after completion of the final EIS may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986), and *Wisconsin Heritages Inc. v. Harris*, 490 F.Supp. 1334, 1338 (E.D. Wis., 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45-day comment period of the draft EIS in order that substantive comments and objections are available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final EIS. To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments should be as specific as possible. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

The responsible official for this environmental impact statement is Randy Moore, Forest Supervisor, Mark Twain National Forest.

Dated: April 20, 2001.

Sharon Metzler,

Acting Deputy Forest Supervisor, Mark Twain National Forest, 401 Fairgrounds Road, Rolla, MO 65401.

BILLING CODE 3410-11-M

DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

Modification to Wetland Reserve Program Easements, Madison Parish, Louisiana

AGENCY: Natural Resources Conservation Service, DOA.

ACTION: Notice of Finding of No Significant Impact.

SUMMARY: Pursuant to Section 102 (2) (c) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Regulations (40 CFR Part 1500); and the Natural Resources Conservation Service Regulation (7 CFR Part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement

is not being prepared for the Modification to Wetland Reserve Program Easements (WRP) Madison Parish, Louisiana.

FOR FURTHER INFORMATION CONTACT:

Donald W. Gohmert, State Conservationist, Natural Resources Conservation Service, 3737 Government Street, Alexandria, Louisiana, 71302, telephone (318) 473-7751.

SUPPLEMENTARY INFORMATION:

Environmental impacts associated with the modification of the WRP Easements are minimal. A total of 20.1 acres of forested wetlands impacted by the pipeline will be restored, 1.2 acres will be subordinated, and 11.2 additional wetland acres will be mitigated by incorporation into a future WRP easement. As a result of these findings, Donald W. Gohmert, State Conservationist has determined that the preparation and review of an environmental impact statement is not needed for this project. The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Billy Moore, Assistant State Conservationist, Natural Resources Conservation Service, 3737 Government Street, Alexandria, Louisiana 71302, telephone (318) 473-7756.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

Dated: March 20, 2001.

Donald W. Gohmert,
State Conservationist.

BILLING CODE 3410-16-P

DEPARTMENT OF COMMERCE

International Trade Administration [A-580-825]

Oil Country Tubular Goods from Korea: Extension of Time Limit for Preliminary Results of Antidumping Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Extension of Time Limit For Preliminary Results of Administrative Review.

EFFECTIVE DATE: May 8, 2001.

FOR FURTHER INFORMATION CONTACT:

Michael Strollo, AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington DC 20230; telephone: (202) 482-5255.

SUPPLEMENTARY INFORMATION:**The Applicable Statute**

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the current regulations, codified at 19 CFR part 351 (2000).

Background

On August 31, 2000, the Department of Commerce (the Department) received a request from SeAH Steel Corporation ("SeAH") for an administrative review of the antidumping duty order on oil country tubular goods from Korea. On October 2, 2000, the Department published a notice of initiation of this administrative review, covering the period of August 1, 1999 through July 31, 2000 (65 FR 58733).

Extension of Time Limits for Preliminary Results

Because of the complexities enumerated in the Memorandum from Barbara E. Tillman to Joseph A. Spetrini, *Extension of Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review of Oil Country Tubular Goods (OCTG) from Korea*, dated April 18, 2001, it is not practical to complete this review within the time limits mandated by section 751(a)(3)(A) of the Act.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time limit for the preliminary results of review until August 31, 2001. The final results continue to be due 120 days after the publication of the preliminary results.

Dated: April 27, 2001.

Joseph A. Spetrini,

Acting Deputy Assistant Secretary, AD/CVD Enforcement Group III.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[I.D. 050201C]

Southwest Region Gear Identification Requirements

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Proposed information collection; comment request.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Pub. L. 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before July 9, 2001.

ADDRESSES: Direct all written comments to Madeleine Clayton, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6086, 14th and Constitution Avenue NW, Washington DC 20230 (or via Internet at MClayton@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Alvin Katekaru, F/ SWRX1, Room 1110, 1601 Kapiolani Blvd., Honolulu, HI 96814-4700 (phone 808-973-2937).

SUPPLEMENTARY INFORMATION:**I. Abstract**

Regulations at 50 CFR 660.24 and 660.47 require that certain fishing gear must be marked. In the Western Pacific Pelagic Fishery, the vessel operator must ensure that the official number of the vessel is affixed to every longline buoy and float. In the Western Pacific Crustacean Fishery, each trap and float must be marked with the vessel's identification number. The marking of gear aids law enforcement and is valuable in actions concerning the damage and loss of gear.

II. Method of Collection

No information is collected.

III. Data

OMB Number: 0648-0360.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations, individuals or households.

Estimated Number of Respondents: 172.

Estimated Time Per Response: 2 minutes per marking.

Estimated Total Annual Burden Hours: 647.

Estimated Total Annual Cost to Public: \$17,200.

IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: May 1, 2001.

Madeleine Clayton,

Departmental Paperwork Clearance Officer, Office of the Chief Information Officer.
