

\$0.51233 per Dth of contract demand for service to the GSX-Canada interconnect.

GSX requests that the Commission issue a preliminary determination on the non-environmental aspects of the application by January 31, 2002 and a final order granting the requested certificate authorization by May 31, 2002 so that the project may be completed by the late October 2003 in-service date required to ensure Powerex's ability to meet the long-term gas supply commitments of BC Hydro to the new electricity generation facilities on Vancouver Island.

Any questions regarding the application should be directed to Gary K. Kotter, Manager, Certificates, GSX Pipeline, L.L.C., P.O. Box 58900, Salt Lake City, Utah 84158-0900, (801) 584-7117.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before May 25, 2001, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding.

Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and

two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission may issue a preliminary determination on non-environmental issues prior to the completion of its review of the environmental aspects of the project. The preliminary determination typically considers such issues as the need for the project and its economic effect on existing customers of the applicant, on other pipelines in the area, and on landowners and communities. For example, the Commission considers the extent to which the applicant may need to exercise eminent domain to obtain rights-of-way for the proposed project and balances that against the non-environmental benefits to be provided by the project. Therefore, if a person has comments on community and landowner impacts from this proposal, it is important either to file comments or to intervene as early in the process as possible.

Also, comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See, CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

Great Lakes Gas Transmission Limited Partnership; Notice of Proposed Changes in FERC Gas Tariff and Request for Waiver

May 4, 2001.

Take notice that on May 1, 2001, Great Lakes Gas Transmission Limited Partnership (Great Lakes) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets with an effective date of June 1, 2001:

Third Revised Sheet No. 8A
Tenth Revised Sheet No. 9
Second Revised Sheet No. 50A

Great Lakes states that these tariff sheets are being filed to add a provision to its tariff stating that any gas transported for others utilizing off-system capacity will be pursuant to its Part 284 open access tariff and will be subject to its Commission-approved rates. The provision also states that Great Lakes may pass through to the benefiting shipper(s) any amounts Great Lakes must pay to a third party to acquire this off-system capacity.

Great Lakes is requesting a generic waiver of the Commission's "shipper must hold title" policy to permit it to provide transportation for others on such acquired off-system capacity.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
