Metal Powder Products Company Logan, OH; Notice of Negative Determination Regarding Application for Reconsideration

By application dated December 13, 2000, the International Association of Machinists and Aerospace Workers, Local Lodge 55, District 28, requested administrative reconsideration of the Department's negative determination regarding eligibility to apply for Trade Adjustment Assistance (TAA) and North American Free Trade Agreement-Transitional Adjustment Assistance (NAFTA-TAA), applicable to workers and former workers of the subject firm. The denial notices were signed November 30, 2000, and published in the **Federal Register** on December 21, 2000; the TAA at (65 FR 80457) and the NAFTA-TAA at (65 FR 80458).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) If in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

The denial of TAA for workers producing powdered metal parts for industrial applications at Metal Powder Products Company, Logan, Ohio, was based on the finding that the "contributed importantly" criterion of the group eligibility requirements of section 222 of the Trade Act of 1974 was not met. The subject firm transferred all of the production from Logan, Ohio to other domestic facilities. Prior to the closure of the Metal Powder Products Company plant in Logan, Ohio, sales and production remained nearly constant.
