Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before July 16, 2001.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management

Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: May 10, 2001.

John Tressler,

Leader, Regulatory Information Management, Office of the Chief Information Officer.

Office of the Chief Financial Officer

Office of Vocational and Adult Education; Tribally Controlled Postsecondary Vocational and Technical Institutions Program

ACTION: Modification of notice published on March 28, 2001 inviting applications for new awards for fiscal year (FY) 2001.

Notice to Applicants: On March 28, 2001, the Secretary published in the **Federal Register** (66 FR 17036) a notice inviting applications for new awards for FY 2001 for the Tribally Controlled Postsecondary Vocational and Technical Institutions Program. This notice modifies the notice published on March 28, 2001 by reducing the project period under this competition from three years to one year and by extending the deadline for transmittal of applications under this competition to June 21, 2001. Under the program statute, the Secretary has the discretion to determine the length of project periods to be funded. As a result of concerns raised about the Department's implementation of the changes to the program resulting from the 1998 statutory reauthorization, the Secretary has determined that it is important to engage in a more extensive

consultative process with Indian tribes and other interested parties about the future implementation of this program, as soon as possible, without unduly delaying this year's grant competition. Accordingly, the Secretary has determined that it is preferable to award grants for one-year project periods in FY 2001, rather than to award grants for three-year project periods. The extension of the application deadline is intended to provide eligible applicants, who have begun preparation of three-year project applications based on the March 28, 2001 notice, with additional time to revise their applications in accordance with this notice of modification.

New Deadline for Transmittal of Applications: June 21, 2001.

Project Period: 1 year.
