

area in our revised federal 15 percent ROP plan. 64 FR 36243 (July 6, 1999). Today's finding (i.e., that the Phoenix area has attained the 1-hour ozone standard and that the State no longer needs to submit attainment and ROP/RFP demonstrations) will not affect the continued applicability of the existing budget. This budget will remain applicable until Arizona submits a maintenance demonstration with a revised transportation conformity budget (or until Arizona submits attainment and RFP/ROP demonstrations with a revised budget should the Phoenix area again violate the 1-hour ozone standard) and we find the new budget adequate.

#### IV. Administrative Requirements

This action merely finds that the Phoenix area has attained a previously established national ambient air quality standard based on an objective review of measured air quality data. It also determines that certain Clean Air Act requirements no longer apply to the Phoenix area because of the attainment finding. It will not impose any new regulations, mandates, or additional enforceable duties on any public, nongovernmental or private entity. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Under Executive Order 12866, Regulatory Planning and Review (58 FR 51735, October 4, 1993), this rule is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. It does not contain any unfunded mandate or significantly or uniquely affects small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4). This rule also does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This rule will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132, Federalism (64 FR 43255, August 10, 1999) because it does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. This rule also is not

subject to Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks (62 FR 19885, April 23, 1997), because it is not economically significant.

The requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply because it would be inconsistent with applicable law for EPA, when determining the attainment status of an area, to use voluntary consensus standards in place of promulgated air quality standards and monitoring procedures that otherwise satisfy the provisions of the Clean Air Act. As required by section 3 of Executive Order 12988, Civil Justice Reform (61 FR 4729, February 7, 1996), in issuing this rule, EPA has taken the necessary steps to eliminate drafting errors and ambiguity, minimize potential litigation, and provide a clear legal standard for affected conduct. EPA has complied with Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights (53 FR 8859, March 15, 1988) by examining the takings implications of the rule in accordance with the "Attorney General's Supplemental Guidelines for the Evaluation of Risk and Avoidance of Unanticipated Takings" issued under the executive order. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by July 30, 2001.

Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor

does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

## FEDERAL COMMUNICATIONS COMMISSION

### 47 CFR Part 73

[MM Docket No. 93-314 RM-8396]

### Radio Broadcasting Services; Cadiz and Oak Grove, KY

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule.

**SUMMARY:** At the request of Ham Broadcasting, Inc. this document sets aside the action in this proceeding which substituted Channel 293C3 for Channel 292A at Cadiz, reallocated Channel 293C3 to Oak Grove, and modified the Station WKDZ-FM license to specify operation on Channel 293C3 at Oak Grove. See 61 FR 31449, published June 20, 1996. This document also dismisses an Application for Review filed by Southern Broadcasting Corporation directed against that action. The Station WKDZ-FM license will specify operation on Channel 293C3 at Cadiz in accordance with the grant of a construction permit application (File No. BPH-20000427ABE). With this action, the proceeding is terminated.

**DATES:** Effective May 30, 2001.
