

on the exchanges. Such equality of treatment is consistent with fostering competition.

C. Additional Provisions

The Commission also believes that the provisions of OCC's proposed rule requiring (1) the deposit of \$250,000 by non-affiliated security futures markets with OCC in return for the provision of security future clearing services, (2) the clearing agreement that OCC would enter into with an exchange or securities futures market before OCC undertakes to clear for either of those entities, and (3) the ability of OCC to refuse to undertake securities clearing for any non-affiliated security futures market if doing so would jeopardize OCC's ability to fully perform its other responsibilities, are consistent with Section 17A(b)(3)(F) of the Act.

The Commission believes that the \$250,000 deposit to OCC in return for the provision of clearing services to non-affiliated security futures markets and the clearing arrangement are appropriate and consistent with Section 17A(b)(3)(F) of the Act because they will assist OCC and the security futures markets to set up the necessary arrangements whereby OCC can provide for the prompt and accurate clearance and settlement of securities transactions that take place on those markets.

The Commission believes that allowing OCC to refuse clearing services to any non-affiliated security futures market if doing so would jeopardize OCC's ability to fully perform its other responsibilities is consistent with OCC's obligation under Section 17A(b)(3)(F) of the Act to assure the safeguarding of securities and funds which are in OCC's custody or for which it is responsible because it allows OCC to avoid exposure to unnecessary financial and operational risks in a nondiscriminatory fashion.

III. Conclusion

On the basis of the foregoing, the Commission finds that the proposed rule change is consistent with the requirements of the Act and in particular Section 17A of the Act and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (File No. SR-OCC-2001-05) be and hereby is approved.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.¹⁵

Deputy Secretary.

Bureau of Educational and Cultural Affairs Request for Grant Proposals: American Studies Institute for East Timorese Diplomats

ACTION: Notice; Request for grant proposals (RFGPs).

SUMMARY: The Study of the U.S. Branch, Office of AcademicExchange Programs, Bureau of Educational and Cultural Affairs, announces an open competition for an assistance award. Public and private non-profit organizations meeting the provisions described in IRS regulation 26 CFR 1.501(C) may apply to develop and implement a five-week academic seminar on American Constitutional Government and U.S. Foreign Policy, which will be designed for approximately 10 newly trained East Timorese diplomats.

The program is intended to provide participants with a deeper understanding of Constitutional government in the United States and of American political, economic and social institutions as they relate to the formulation of U.S. foreign policy. The program is five weeks in length and will be conducted during November and December of 2001.

The Bureau is seeking detailed proposals from colleges, universities, consortia of colleges and universities, and other not-for-profit academic organizations that have an established reputation in one or more of the following fields: political science, international relations, law and diplomacy, and other disciplines related to the program theme.

Applicant institutions must demonstrate expertise in conducting post-graduate programs for foreign educators, and *must have a minimum of four years experience in conducting international exchange programs*. Bureau guidelines stipulate that grants to organizations with less than four years experience in conducting international exchanges are limited to \$60,000. As it is expected that the budget for these programs will exceed \$60,000, organizations that cannot demonstrate at least four years experience will not be eligible to apply under this competition.

The project director or one of the key program staff responsible for the academic program must have an advanced degree in one of the fields listed above. Staff escorts traveling under the cooperative agreement must have demonstrated qualifications for this service. Programs must conform with Bureau requirements and guidelines outlined in the Solicitation Package. Bureau programs are subject to the availability of funds.

Program Information

Overview and Objectives: East Timor will join the ranks of independent nations late in 2001 with a small staff of foreign office employees. While these individuals will have a basic understanding of diplomacy and ways in which a democracy forges a foreign policy, they will have little practical experience. Accordingly, the goal of this project is to provide a select group of foreign office professionals with an intensive examination of the basics of foreign policy formulation and foreign relations using the U.S. experience as a model. At the end of the institute, participants should better understand the nature of American constitutional government, the requirements of a successful foreign policy, and the ways
