Type of Review: Extension of a currently approved collection.

Abstract: VA Form 22-6553 is used to verify continued enrollment or report changes in enrollment status for any student receiving educational benefits for the pursuit of a college course. Schools are required to report, without delay to VA, when a student fails to enroll, has interrupted or terminated a program, or has unsatisfactory progress or conduct. VA uses the information from the current collection to ensure that schools promptly report changes in training and if a student's education benefits are to be continued unchanged, increased, decreased, or terminated. Without this information, VA might underpay or overpay benefits.

Affected Public: State, Local or Tribal Governments, not-for-profit Institutions.

Estimated Annual Burden: 9,333 hours.

Estimated Average Burden Per Respondent: 10 minutes.

Frequency of Response: The frequency of responses for each

educational institution will vary according to the number of students who receive VA education benefits at that school. VA estimates an annual average of 10 responses per educational institution.

Estimated Number of Respondents: The number of respondents is arrived at based on the average number of educational institutions using VA Form 22-6553 which had veterans or eligible persons enrolled during the last 12 months, and a projected number of trainees. VA currently has an average of 5,600 active educational institutions (colleges, universities, or other institutions of higher learning).
