

have a significant adverse impact on successful reproduction or pup-rearing.

In a letter dated June 22, 2001, the Administrator, Alaska Region, granted an exemption to the prohibitions on entering the no-entry area around Bogoslof Island so the expedition may make a one-time pass through the no-entry zone for the sole purpose of retracing, to the extent practicable, the historic Harriman Expedition. Condition of this exemption include (1) a prohibition to land on the island, (2) the expedition vessel is not allowed to operate within 1 nm of any point on the rookery, and (3) no one is allowed to enter within 500m of any point on the rookery by any means, such as an inflatable vessel. All other provisions of 50 CFR 223.202 apply.

Authority: 16 U.S.C. 1531 *et seq.*

Dated: July 13, 2001.

Donald R. Knowles,

*Director, Office of Protected Resources,

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 010112013-1013-01; I.D. 071301A]

Fisheries of the Exclusive Economic Zone Off Alaska; Shortraker and Rougheye Rockfish in the Central Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting retention of shortraker and rougheye rockfish in the Central Regulatory Area of the Gulf of Alaska (GOA). NMFS is requiring that catch of shortraker and rougheye rockfish in this area be treated in the same manner as prohibited species and discarded at sea with a minimum of injury. This action is necessary because the allocation of the shortraker and rougheye rockfish 2001 total allowable catch (TAC) in this area has been achieved.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), July 15, 2001, until 2400 hrs, A.l.t., December 31, 2001.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and CFR part 679.

The 2001 TAC allocation of shortraker and rougheye rockfish for the Central Regulatory Area was established as 930 metric tons (mt) by the Final 2001 Harvest Specifications and Associated Management Measures for the Groundfish Fisheries Off Alaska (66 FR 7276, January 22, 2001).

In accordance with § 679.20(d)(2), the Administrator, Alaska Region, NMFS, has determined that the allocation of the shortraker and rougheye rockfish TAC in the Central Regulatory Area of the GOA has been achieved. Therefore, NMFS is requiring that further catches of shortraker and rougheye rockfish in the Central Regulatory Area of the GOA be treated as prohibited species in accordance with § 679.21(b).

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, finds that the need to immediately implement this action to prevent overharvesting the allocation of the shortraker and rougheye rockfish TAC in the Central Regulatory Area of the GOA constitutes good cause to waive the requirement to provide prior notice opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(3)(B) and 50 CFR 679.20(b)(3)(iii)(A), as such procedures would be unnecessary and contrary to the public interest. Similarly, the need to implement these measures in a timely fashion to prevent overharvesting the allocation of the shortraker and rougheye rockfish TAC for the Central Regulatory Area of the GOA constitutes good cause to find that the effective date of this action cannot be delayed for 30 days. Accordingly, under 5 U.S.C. 553(d), a delay in the effective date is hereby waived.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 13, 2001.

Bruce C. Morehead,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Fisheries of the Exclusive Economic Zone Off Alaska; Sablefish by Vessels Using Trawl Gear in the Central Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting retention of sablefish by vessels using trawl gear in the Central Regulatory Area of the Gulf of Alaska (GOA). NMFS is requiring that catch of sablefish by vessels using trawl gear in this area be treated in the same manner as prohibited species and discarded at sea with a minimum of injury. This action is necessary because the allocation of the sablefish 2001 total allowable catch (TAC) assigned to trawl gear in this area has been reached.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), July 16, 2001, until 2400 hrs, A.l.t., December 31, 2001.

FOR FURTHER INFORMATION CONTACT: Andrew Smoker, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and CFR part 679.

The 2001 TAC allocation of sablefish assigned to trawl gear for the Central Regulatory Area was established as 1,082 metric tons (mt) by the Final 2001 Harvest Specifications and Associated Management Measures for the Groundfish Fisheries Off Alaska (66 FR 7276, January 22, 2001).

In accordance with § 679.20 (d)(2), the Administrator, Alaska Region, NMFS, has determined that the allocation of the sablefish TAC assigned to trawl gear in the Central Regulatory Area of the GOA has been reached. Therefore, NMFS is requiring that further catches of sablefish by vessels using trawl gear in the Central Regulatory Area of the GOA be treated as prohibited species in accordance with § 679.21 (b).

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA,
