SUPPLEMENTARY INFORMATION: For Fiscal Year 2001, OSM expects to award up to 2.75 million dollars to eligible not-for-profit groups to undertake actual construction projects to clean up streams impacted by acid mine drainage. The maximum award amount for each cooperative agreement normally will be \$100,000. The cooperative agreements will have a performance period of two years. The funds primarily are to be used for the construction phase of the project; however, any cost (administrative or construction) associated with the completion of the project is allowable. The requested OSM funding must be the final amount necessary to complete the project. There must be demonstrated public support for the project.

Eligible applicants are not-for-profit, established organizations with IRS 501(c)(3) status. Applicants must have other partners, contributing either the funding or in-kind services needed to complete the project.

Projects in the following States are eligible: Alabama, Illinois, Indiana, Iowa, Kentucky, Maryland, Missouri, Ohio, Oklahoma, Pennsylvania, Tennessee, Virginia and West Virginia. Projects must meet eligibility criteria for coal projects outlined in Section 404 of the Surface Mining Control and Reclamation Act of 1977:

Lands and water eligible for reclamation or drainage abatement expenditures under this title are those which were mined for coal or which were affected by such mining, wastebanks, coal processing, or other coal mining processes * * * and abandoned or left in an inadequate reclamation status prior to the date of enactment of this Act [August 3, 1977], and for which there is no continuing reclamation responsibility under State or other Federal laws.

The project must produce tangible results, e.g., fishery restored, stream miles improved, educational and community benefit, pollutants removed from the streams. There must be a plan

to address any ongoing operation/maintenance considerations.

Two copies of a complete application should be submitted to the appropriate Appalachian Clean Streams Coordinator identified under **ADDRESSES** and **FURTHER INFORMATION**. Awards are subject to the availability of funds. Applications will receive technical and financial management reviews.

Dated: December 26, 2000.

Kathrine L. Henry,

Acting Director Office of Surface Mining Reclamation and Enforcement.

BILLING CODE 4310-05-M

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act and Federal Water Pollution Control Act

Notice is hereby given that, consistent with the policy of Section 122(d)(2) of CERCLA, 42 U.S.C. 9622(d)(2), and 28 C.F.R. 50.7, a proposed Partial Consent Decree (the "Decree") in *United States v. ASARCO, et al.*, Civil Action No. 96-0122-N-EJL was lodged on December 28, 2000, with the United States District Court for the District of Idaho. The Decree resolves claims by the United States and the Coeur d'Alene Tribe (the "Tribe") against two of the seven named defendants in this action, Sunshine Mining and Refining Company and Sunshine Precious Metals, Inc. (collectively "the Sunshine defendants"), and potential claims against two of their non-defendant affiliates, Sunshine Argentina, Inc., and Sunshine Exploration, Inc.

The United States' Second Amended Complaint in this action alleges that the Sunshine defendants and other mining companies, including ASARCO, Inc., Hecla Mining Co., Coeur d'Alene Mines, Inc., and Callahan Mining Co., are liable for past and future response costs and natural resource damages at the Bunker Hill Superfund Facility (the "Facility") in the Coeur d'Alene Basin (the "Basin") or northern Idaho, under Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 ("CERCLA"), 42 U.S.C. 9607, and Section 311(f) of the Federal Water Pollution Control Act (the "Clean Water Act"), 33 U.S.C. 1321(f). Trial on liability, natural resource injury, and causation issues is scheduled to begin on January 22, 2001. On August 23, 2000, however, the Sunshine

defendants, Sunshine Argentina, and Sunshine Exploration (collectively "Sunshine entities") filed petitions in the United States Bankruptcy Court for the District of Delaware for reorganization under Chapter 11 of the Bankruptcy Code. The proposed Decree both resolves the claims pending against the Sunshine defendants in the ASARCO litigation in Idaho and, when approved by the U.S. District Court, allows the Sunshine entities' Chapter 11 reorganization plan to become effective.

Under the proposed Decree, the Sunshine defendants will (1) impose conservation easements on certain environmentally-sensitive timberlands in the Basin and convey title to those lands to an independent trustee, who will later convey title to the United States or the Tribe as they jointly decide; (2) pay royalties to the United States and the Tribe on all mining revenues from the Sunshine defendants' properties in the Basin, at rates tied to the market price of silver; (3) issue to the United States and the Tribe warrants convertible into 9.95 percent of the reorganized Sunshine Mining's stock; and (4) perform certain clean up work at the closed mill structure at the Silver Summit Mine Site owned by Sunshine. The Decree reserves claims by the United States and the tribe for, among other things, response actions on property in the Basin that the Sunshine entities will continue to own.

The Department of Justice will receive comments relating to the proposed Decree until January 11, 2001. This period for comments has been limited in order to allow the parties to seek District Court approval of the Decree before the scheduled start of trial on January 22, 2001. Comments should be addressed to the Assistant Attorney General for the Environment and Natural Resources Division, Department of Justice, 950 Pennsylvania Avenue, NW., Washington, DC 20530, and should refer to *United States v. ASARCO*, DOJ Ref. #90-11-3-128/2. Commenters may request an opportunity for a public meeting in the affected area, in accordance with Section 7003(d) of RCRA, 42 U.S.C. § 6973(d).

The proposed Decree may be examined at the office of the United States Attorney, District of Idaho, 877 W. Main, Suite 201, Boise, Idaho 83702 (208) 334-1211; and the Region X Office of the Environmental Protection Agency, 1200 Sixth Avenue, Seattle, Washington, 98101. A copy of the proposed Decree may also be obtained by mail from the Consent Decree Library, P.O. Box 7611, Washington, DC 20044, or by telephonic request to Mr. Joe Davis at (202) 616-7940. In

requesting a copy of the Consent Decree, please refer to the referenced case and enclose a check in the amount of \$13.50 (25 cents per page reproduction costs), payable to the Consent Decree Library.

Bruce S. Gelber,

Chief, Environmental Enforcement Section, Environment and Natural Resources Division.
