SUPPLEMENTARY INFORMATION:

Proposed Project

Voluntary Customer Satisfaction Survey Generic Clearance for the Agency for Healthcare Research and Quality.

In response to Executive Order 12862, the Agency for Healthcare Research and Quality (AHRQ) plans to conduct voluntary customer satisfaction surveys to assess strengths and weaknesses in program services. Customer satisfaction surveys to be conducted by AHRQ may include readership surveys from individuals using AHRQ automated and electronic technology data bases to determine satisfaction with the information provided or surveys to assess effects of the grants streamlining efforts. Results of these surveys will be used in future program planning initiatives and to redirect resources and efforts, as needed, to improve AHRQ program services. The current clearance will expire December 31, 2001. A generic approval will be requested from OMB to conduct customer satisfaction surveys over the next three years.

Method of Collection

The data will be collected using a combination of preferred methodologies appropriate to each survey. These methodologies are:

- Evaluation forms;
- Mail surveys;
- Focus groups;
- Automated and electronic technology (e.g., instant fax, on-line, feedback forms for AHRQ Clearinghouse Publications); and
- Telephone surveys.

The estimated annual hour burden is as follows:

Type of survey	Number of respondents	Average burden response (hours per respondent)	Total hours of burden
Mail/Telephone Surveys	51,200	.15	7,693
Automated/Web-based	52,000	.164	8501
Focus Groups	200	1.0	200
Totals	103,400	.159	16,394

information to be collected; and (d) ways to minimize the burden of the collection of information upon the respondents, including the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and

included in the request for OMB approval of the proposed information collection. All comments will become a matter of public record.

Office of Public Health and Science; Announcement of Anticipated Availability of Funds for Family Planning Services Grants

AGENCY: Office of Population Affairs,
OPHS, HHS.

ACTION: Notice; correction.

SUMMARY: The Office of Population Affairs, OPHS, HHS published a notice in the **Federal Register** of June 8, 2001 announcing the anticipated availability of funds for family planning services grants. This notice contains three errors: (1) One of the eligible Populations/areas to be served (South Carolina) was omitted; (2) Addition of this eligible area increases the total amount of funds

available; and (3) The telephone number for one of the contacts for Program Requirements was incorrect. In addition, after publication of the **Federal Register** notice, an agency decision was made to extend the due date for those applications due, as published, on 09-01-01 until 10-01-01. This document corrects these four items.

DATES: July 31, 2001.

FOR FURTHER INFORMATION CONTACT:
Kathleen Woodall, 301-594-0190; e-mail: kwoodall@osophs.dhhs.gov.

SUPPLEMENTARY INFORMATION: The Office of Population Affairs published a notice in the **Federal Register** of June 8, 2001 announcing the anticipated availability of funds for family planning services grants. Table I of this notice requires two changes. Inadvertently, the State of South Carolina was not included in the list of Populations/areas to be served. In addition, an agency decision was made to extend the due date for those applications due, as published, on 09-01-01 until 10-01-01. As a result of the

addition of South Carolina as an eligible area, the total amount of funds available is increased to approximately \$16.5 million. This requires that the anticipated total amount of funds announced be changed to reflect the actual total. In addition, the telephone number of Christy Crosser, one of the persons to contact for further information on Program Requirements in PHS Region VIII, was incorrect. This document corrects these four items.

Correction

In the **Federal Register** of June 8, 2001, in FR Doc. 01-14457 make the following corrections: On page 30929, in the second column under Program Requirements, Region VIII (Colorado, Montano, North Dakota, South Dakota, Utah, Wyoming) change the telephone number for Christy Crosser to read 303-844-7849.

Also on on page 30929, in third column, correct the last line on the page to read "approximately \$16.5 million will be."

On page 30930 correct Table I to read:
