BILLING CODE 7710-12-P

**ENVIRONMENTAL PROTECTION
AGENCY****40 CFR Part 9**

[FRL-7028-2]

**OMB Approvals Under the Paperwork
Reduction Act; Technical Amendment****AGENCY:** Environmental Protection
Agency (EPA).**ACTION:** Final rule.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA), this technical amendment amends the table that lists the Office of Management and Budget (OMB) control number issued under the PRA for EPA's Confidentiality Rules.

In addition, this technical amendment amends the table that lists the OMB control number issued under the PRA for the rule entitled Imports and Exports of Hazardous Wastes: Implementation of OECD Council Decision C(92)39 Concerning Control of Transfrontier Movements of Wastes Destined for Recovery Operations.

EFFECTIVE DATE: This rule is effective August 10, 2001.

FOR FURTHER INFORMATION CONTACT: Rebecca Moser, Office of Environmental Information, phone 202-260-6780, concerning EPA's Confidentiality Rules; or James Michael, Office of Solid Waste and Emergency Response, phone 703-308-8610, concerning Imports and Exports of Hazardous Wastes.

SUPPLEMENTARY INFORMATION: EPA is amending the table of currently approved information collection request (ICR) control numbers issued by OMB for various regulations. This amendment updates the table to list those information collection requirements promulgated under EPA's Confidentiality Rules, which appeared in the **Federal Register** at 41 FR 36902 on September 1, 1976, as amended at 43 FR 40000, September 8, 1978, and 50 FR 51661, December 18, 1985. The affected regulations are codified at 40 CFR part 2, subpart B.

This amendment also updates the table to list those information collection requirements promulgated under Imports and Exports of Hazardous Wastes: Implementation of OECD Council Decision C(92)39 Concerning

Control of Transfrontier Movements of Wastes Destined for Recovery Operations, which appeared in the **Federal Register** at 61 FR 16310 on April 12, 1996. The affected regulations are codified at 40 CFR 262.83-262.85 and 40 CFR 262.87.

EPA will continue to present OMB control numbers in a consolidated table format to be codified in 40 CFR part 9 of the Agency's regulations. The table lists CFR citations with reporting, recordkeeping, or other information collection requirements, and the current OMB control numbers. This listing of the OMB control numbers and their subsequent codification in the CFR satisfies the requirements of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*) and OMB's implementing regulations at 5 CFR part 1320.

These ICRs were previously subject to public notice and comment prior to OMB approval. Due to the technical nature of the table, EPA finds that further notice and comment is unnecessary. As a result, EPA finds that there is "good cause" under section 553(b)(B) of the Administrative Procedure Act, 5 U.S.C. 553(b)(B), to amend this table without prior notice and comment.

Administrative Requirements

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and is therefore not subject to review by the Office of Management and Budget. In addition, this action does not impose any enforceable duty, contain any unfunded mandate, or impose any significant or unique impact on small governments as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4). This rule also does not require prior consultation with State, local, and tribal government officials as specified by Executive Order 13132 (64 FR 43255, October 10, 1999) or Executive Order 13084 (63 FR 27655 (May 10, 1998), or involve special consideration of environmental justice related issues as required by Executive Order 12898 (59 FR 7629, February 16, 1994). Because this action is not subject to notice-and-comment requirements under the Administrative Procedure Act or any other statute, it is not subject to the regulatory flexibility provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). This rule also is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997) because EPA interprets Executive Order 13045 as applying only to those regulatory actions that are based on health or safety risks, such that the analysis required under section 5-501 of the Order has the potential to

influence the regulation. This rule is not subject to Executive Order 13045 because it does not establish an environmental standard intended to mitigate health or safety risks.

Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. Section 808 allows the issuing agency to make a good cause finding that notice and public procedure is impracticable, unnecessary or contrary to the public interest. This determination must be supported by a brief statement. 5 U.S.C. 808(2). As stated previously, EPA has made such a good cause finding, including the reasons therefor, and established an effective date of August 10, 2001. This action is not a "major rule" as defined by 5 U.S.C. 804(2).
