BILLING CODE 4910–06–P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Petitions for Waivers of Compliance

In accordance with part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) has received a request for waiver of compliance with certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested and the petitioner's arguments in favor of relief.

Sound Transit

[Docket Number FRA–2000–8266]

Sound Transit seeks a permanent waiver of compliance from Title 49 of the CFR for operation of a new “Tacoma Line” light rail line at a “limited connection” with The Burlington Northern and Santa Fe Railway Company (BNSF). Sound Transit is building the Tacoma Link, which will intersect the BNSF Prairie Line at a rail crossing located in the City of Tacoma, Washington. The Tacoma Line will be within a highway at the rail grade crossing.

Sound Transit originally submitted a waiver petition on September 25, 2000, seeking relief from the Passenger Equipment Safety Standards (49 CFR part 238), as Tacoma Link is a light rail transit operation except for the minor crossing connection. On July 20, 2001, Sound Transit amended their original petition to also include relief from Part 223, Safety Glazing Standards—Locomotives, Passenger Cars and Caboose; Part 231, Railroad Safety Appliance Standards; Part 219, Control of Alcohol and Drug Use; Part 220, Railroad Communications, and Part 239,

Passenger Train Emergency Preparedness.

Sound transit indicates that BNSF is subject to FRA's regulations and maintains and operates certain elements of the rail crossing for the proposed project. Sound Transit also states that the requirements for its light rail vehicles should be considered as similar to buses, autos, and all other street vehicles, wherein efforts are put into having warning equipment and procedures to reduce the probability and severity of an accident. See *Statement of Agency Policy Concerning Jurisdiction Over the Safety of Railroad Passenger Operations and Waivers Related to Shared Use of the Tracks of the General Railroad System by Light Rail and Conventional Equipment*, 65 FR 42529 (July 10, 2000). See also *Joint Statement of Agency Policy Concerning Shared Use of the Tracks of the General Railroad System by Conventional Railroads and Light Rail Transit Systems*, 65 FR 42626 (July 10, 2000).

Since FRA has not yet concluded its investigation of the Tacoma Link, the agency takes no position at this time on the merits of Sound Transit's stated justifications.

Interested parties are invited to participate in this proceeding by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with the request for a waiver of certain regulatory provisions. If any interested party desires an opportunity for oral comment, he or she should notify FRA, in writing, before the end of the comment period and specify the basis for his or her request. All communications concerning these proceedings should identify the appropriate docket number (Docket Number FRA 2000–8266) and must be submitted to the DOT Docket Management Facility, Room PL–401 (Plaza level) 400 Seventh Street, SW., Washington, DC 20590. All documents in the public docket, including Sound Transit's detailed waiver request, are also available for inspection and copying on the Internet at the docket facility's Web site at <http://dms.dot.gov>. Communications received within 30 days of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning this proceeding are available for examination during regular business hours (9 a.m.—5 p.m.) at the above facility.

Issued in Washington, D.C. on August 15, 2001.

BILLING CODE 4910–06–P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Notice of Application for Approval of Discontinuance or Modification of a Railroad Signal System or Relief From Requirements

Pursuant to Title 49 Code of Federal Regulations (CFR) part 235 and 49 U.S.C. 20502(a), the following railroads have petitioned the Federal Railroad Administration (FRA) seeking approval for the discontinuance or modification of the signal system or relief from the requirements of 49 CFR part 236 as detailed below.

[Docket Number FRA–2001–10158]

Applicants

CSX Transportation, Incorporated, Mr.

Eric G. Peterson, Assistant Chief Engineer, Signal Design and Construction, 4901 Belfort Road, Suite 130 (S/C J–370), Jacksonville, Florida 32256

Union Pacific Railroad Company, Mr.

Phil M. Abaray, Chief Engineer—Signals, 1416 Dodge Street, Room 1000, Omaha, Nebraska 68179–1000

CSX Transportation, Incorporated (CSX) and the Union Pacific Railroad Company (UP) jointly seek approval of the proposed discontinuance and removal of the automatic interlocking at Nashville, Illinois, on CSX's Nashville Division, St. Louis Subdivision, milepost 00H434.7, where the CSX single main track crosses at grade the single main track of UP's St. Louis Service Unit, Sparta Subdivision at milepost 32.6. The proposed changes include the discontinuance and removal of the four automatic interlocking signals at the rail grade crossing, installation of stop boards at all four quadrants, and retention of inoperative approach signals for each route.

The reason given for the proposed changes is that the signal facilities are no longer needed in present day operation, as only one local train operates daily, Sunday through Friday, with no hazardous materials.

Any interested party desiring to protest the granting of an application shall set forth specifically the grounds upon which the protest is made, and contain a concise statement of the

interest of the party in the proceeding. Additionally, one copy of the protest shall be furnished to the applicant at the address listed above.

All communications concerning this proceeding should be identified by the docket number and must be submitted to the Docket Clerk, DOT Central Docket Management Facility, Room PI-401, Washington, DC 20590-0001. Communications received within 45 days of the date of this notice will be considered by the FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.—5 p.m.) at DOT Central Docket Management Facility, Room PI-401 (Plaza Level), 400 Seventh Street, SW., Washington, DC 20590-0001. All documents in the public docket are also available for inspection and copying on the internet at the docket facility's Web site at <http://dms.dot.gov>.

FRA expects to be able to determine these matters without an oral hearing. However, if a specific request for an oral hearing is accompanied by a showing that the party is unable to adequately present his or her position by written statements, an application may be set for public hearing.

Issued in Washington, DC, on August 15, 2001.

Grady C. Cothen, Jr.,

Deputy Associate Administrator for Safety Standards and, Program Development.

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Petitions for Waivers of Compliance

In accordance with part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) has received a request for a waiver of compliance with certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested and the petitioner's arguments in favor of relief.

Port of Los Angeles

[Docket Number FRA-2001-10237]

The Port of Los Angeles, with the cooperation and input of Pacific Harbor Lines, Inc., seeks a permanent waiver of compliance from certain CFR parts of

Title 49, specifically: Part 217—Railroad Operating Rules; Part 220—Railroad Communications; Part 221—Rear End Marking Device—Passenger, Commuter and Freight Trains; Part 223—Safety Glazing Standards—Locomotives, Passenger Cars and Caboose; Part 225—Railroad Accident/Incident Reporting; Part 228—Hours of Service of Railroad Employees, Subpart A, General and Subpart B, Records and Reporting; Part 229—Locomotive Safety Standards; Part 231—Railroad Safety Appliance Standards; Part 238—Passenger Equipment Safety Standards; and Part 239—Passenger Train Emergency Preparedness.

The Port of Los Angeles seeks approval of shared track usage and waiver of certain FRA regulations involving the "Waterfront Red Car Line" vintage trolley operation on the same track that would be shared with freight trains operated by Pacific Harbor Line, Inc. FRA currently has jurisdiction over the Pacific Harbor Line, Inc., a railroad operation which is connected to the general railroad system of transportation. Specifically, the Port of Los Angeles intends for the "Waterfront Red Car Line" to make use of 1.5 miles of the Pacific Harbor Line, Inc., located in the Port of Los Angeles. Freight and vintage trolley operations would be temporally separated on this portion of track. See *Statement of Agency Policy Concerning Jurisdiction Over the Safety of Railroad Passenger Operations and Waivers Related to Shared Use of the Tracks of the General Railroad System by Light Rail and Conventional Equipment* at 65 FR 42529 (July 10, 2000). See also *Joint Statement of Agency Policy Concerning Shared Use of the Tracks of the General Railroad System by Conventional Railroads and Light Rail Transit Systems* at 65 FR 42626 (July 10, 2000).

Since FRA has not yet concluded its investigation of the "Waterfront Red Car Line" vintage trolley, the agency takes no position at this time on the merits of the stated justifications of the Port of Los Angeles.

All communications concerning these proceedings should identify the appropriate docket number (Docket Number FRA 2001-10237) and must be submitted to the DOT Docket Management Facility, Room PL-401 (Plaza level) 400 Seventh Street, SW., Washington, DC 20590. All documents in the public docket, including the detailed waiver request of the Port of Los Angeles, are also available for inspection and copying on the Internet at the docket facility's Web site at <http://dms.dot.gov>. Communications received within 45 days of the date of this notice

will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning this proceeding are available for examination during regular business hours (9 a.m.—5 p.m.) at the above facility.

Issued in Washington, DC on August 15, 2001.

Grady C. Cothen, Jr.,

Deputy Associate Administrator for Safety Standards and Program Development.

BILLING CODE 4910-06-P

DEPARTMENT OF THE TREASURY

Federal Law Enforcement Training Center

Privacy Act of 1974; Systems of Records

AGENCY: Federal Law Enforcement Training Center, Treasury.

ACTION: Notice of systems of records.

SUMMARY: In accordance with the requirements of the Privacy Act of 1974, as amended, 5 U.S.C. 552a, the Federal Law Enforcement Training Center (FLETC), Treasury, is publishing its Privacy Act systems of records.

SUPPLEMENTARY INFORMATION: Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a) and the Office of Management and Budget (OMB), Circular No. A-130, the FLETC has completed a review of its Privacy Act systems of records notices to identify changes that will more accurately describe these records.

The three systems of records have been revised by updating the language describing the storage of the data to read "Various electronic media and paper files." In addition, the description of the retention and disposal procedures for each system of records has been updated.

Systems Covered by This Notice

This notice covers all systems of records adopted by FLETC up to June 1, 2001. The systems notices are reprinted in their entirety following the Table of Contents.

Dated: August 7, 2001.

W. Earl Wright, Jr.,

Chief Management and Administrative Programs Officer.
