

appropriate entries. In accordance with 19 CFR 351.212(b), we have calculated importer-specific assessment rates. With respect to the constructed export price sales, we divided the total dumping margins for the reviewed sales by the total entered value of those reviewed sales for each importer. We will direct Customs to assess any resulting non-de minimis percentage margins against the entered Customs values for the subject merchandise on each of that importer's entries during the review period.

The Department's decision applies to all entries of merchandise subject to this review, or withdrawn from warehouse, for consumption on or after August 1, 1994 and before July 31, 1995. The Department will order the suspension of liquidation ended for all such entries and will instruct Customs to release any cash deposits or bonds.

For assessment purposes, we have calculated importer-specific duty assessment rates for each class or kind of merchandise based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total quantity of sales examined. The Department will instruct Customs to liquidate without regard to antidumping duty rates. The above rate will not affect Dillinger's cash deposit rate currently in effect, which continues to be based on the margins found to exist in the most recently completed review.

This notice is published in accordance with section 751(a)(1) of the Tariff Act (19 U.S.C. 1675(a)(1)) and 19 CFR 351.221.

Dated: August 14, 2001.

Bernard T. Carreau,
Acting Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Overseas Trade Missions for 2001

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce invites U.S. companies to participate in the below listed reverse and overseas trade missions. For a more complete description of each trade mission, obtain a copy of the mission statement from the Project Officer indicated for each mission below. Recruitment and selection of private sector participants for these missions will be conducted

according to the Statement of Policy Governing Department of Commerce Overseas Trade Missions dated March 3, 1997.

Reverse Trade Mission from Brazil to San Diego and Los Angeles, California, and Miami, Florida September 16-21, 2001

American companies must register for Miami meetings by August 27, 2001, and for Los Angeles or San Diego meetings by September 3, 2001.

For further information contact: For Miami—Mr. John McCartney, U.S. Department of Commerce. Telephone 954-356-6640, or e-Mail to John.McCartney@mail.doc.gov

For San Diego or Los Angeles, Ms. Julia Rauner-Guerrero, U.S. Department of Commerce. Telephone 619-557-5395, or e-Mail to Julia.Rauner.Guerrero@mail.doc.gov

Telecommunications Trade Mission to Poland, Czech Republic and Slovakia Warsaw, Prague and Bratislava December 1-8, 2001

Recruitment closes on November 1, 2001.

For further information contact: Ms. Beatrix Roberts, U.S. Department of Commerce. Telephone 202-482-2952, or e-Mail to Beatrix_Roberts@ita.doc.gov

For further information contact Mr. Thomas Nisbet, U.S. Department of Commerce.

Telephone 202-482-5657, or e-Mail to Tom_Nisbet@ita.doc.gov

Dated: August 16, 2001.

Thomas H. Nisbet,
Director, Promotion Planning and Support Division, Office of Export Promotion Coordination.

BILLING CODE 3510-DR-U

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 070301D]

Endangered Fish and Wildlife; Draft Recovery Plan for the Western North Atlantic Right Whale

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of extension of comment deadline.

SUMMARY: On July 11, 2001, NMFS published notification of the availability of the draft Recovery Plan (Plan) for the western North Atlantic right whale

(*Eubalaena glacialis*) for review and comment by interested parties prior to preparing the final plan for approval and adoption by NMFS. By this notice, NMFS announces an extension of the comment deadline.

DATES: Comments must be postmarked no later than October 25, 2001.

Comments will not be accepted if submitted via e-mail or the Internet.

ADDRESSES: Comments should be addressed to Coordinator of Large Whale Recovery Activities, Marine Mammal Division, Office of Protected Resources (F/PR), 1315 East-West Highway, Silver Spring, MD 20910 or faxed to 301/713-0376. A copy of the draft Plan for the North Atlantic right whale is available upon request from F/PR, NMFS, 1315 East-West Highway, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT: Gregory K. Silber, PH.D., NMFS, F/PR, 301/713-2322.

SUPPLEMENTARY INFORMATION:

Electronic Access

The draft plans are also available through the internet at http://www.nmfs.noaa.gov/prot_res/PR3/recovery.html.

Background

The Endangered Species Act of 1973 (16 U.S.C. 1531 *et seq.*) requires that NMFS develop and implement recovery plans for the conservation and survival of threatened and endangered species under its jurisdiction unless it is determined that such plans will not promote the conservation of the species. In 1991, NMFS issued the first recovery plan for northern right whales. NMFS, in consultation with key constituent groups and organizations, has prepared an updated draft plan for right whales in the North Atlantic Ocean. The plan discusses the natural history, current status, and the known and potential human impacts to right whales. Actions needed to promote the recovery of this species to promote the recovery of this species are identified and discussed. A Final Recovery Plan will be used to direct U.S. activities, and to encourage international cooperation to promote the recovery of these endangered species.

On July 11, 2001 (66 FR 36260), NMFS published the draft Recovery Plan to be available for review and receive comments by September 10, 2001. By this notice, the comment period is hereby extended until October 25, 2001.

Dated: August 15, 2001.

Wanda L. Cain,

*Acting Director, Office of Protected Resources,
National Marine Fisheries Service.*

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[Docket No. 000616179-1190-02]

RIN: 0648-ZA90

Office of Research and Applications Ocean Remote Sensing Program Notice of Financial Assistance

AGENCY: National Oceanic and Atmospheric Administration (NOAA), National Environmental Satellite, Data, and Information Service (NESDIS).

ACTION: Notice of availability of Federal assistance.

SUMMARY: The NESDIS Office of Research and Applications (ORA) announces the availability of Federal assistance in the area of satellite oceanography. This program responds to a need for research and activities that expand the use of and improve access to satellite oceanographic data. Funded proposals will help build capabilities nationwide in the application of satellite oceanographic data to environmental monitoring and prediction and coastal management as well as guide the development of future oceanographic satellite systems.

DATES: Proposals with a completed Grants Applications Package must be postmarked on or before October 22, 2001. Final selection is anticipated to be completed by approximately January 25, 2002. The earliest anticipated start date is June 1, 2002. To verify the date actually sent, applicants must request and include with the application either a legibly dated U.S. Postal Service postmark or a legibly dated receipt from a commercial carrier or U.S. Postal Service. Private metered postmarks shall not be acceptable proof of timely mailing.

Late Applications: Applications that do not meet the proposal deadline above will be considered late. Late applications will not be considered, and will be returned to the applicant.

ADDRESSES: Send all proposals to the Office of Research and Applications; NOAA/NESDIS; 5200 Auth Road; Room 711; Camp Springs, MD 20746-4304. Proposals should cite this Notice and be sent to the attention of William Pichel, Office of Research and Applications.

FOR FURTHER INFORMATION CONTACT:

Administrative questions should be directed to Kathy LeFevre, (301) 763-8127 or Kathy.Lefevre@noaa.gov. Technical point of contact is William Pichel, (301) 763-8231 or William.G.Pichel@noaa.gov.

SUPPLEMENTARY INFORMATION:

Award Arrangement

Selected recipients will either receive a grant, or enter into a cooperative agreement with ORA, depending upon the amount of the Office's involvement in the project. A grant will be awarded where the proposed work is considered substantially independent work. A cooperative agreement will be implemented where there is substantial involvement by ORA in the proposed work.

NOAA Grants Application Package

All applicants are required to submit a NOAA Grants Application Package with the project proposal. The standard NOAA grants application forms can be obtained from the NOAA Website at <http://www.rdc.noaa.gov/~grants/index.html>. If Internet access is not available, forms can be obtained by mail by contacting the NOAA/NESDIS/ORA at (301) 763-8102. All Grants Application Packages must include Forms SF-424, SF-424A, SF-424B, and CD-511. If applicable, applicants must also include Anti-lobbying Disclosure Form SF-LLL, and Lower-Tier Certification Form CD-512. To determine SF-LLL and CD-512 applicability, applicants are directed to the "General Information for All Programs" section of this notice, Anti-lobbying Disclosures and Lower-Tier Certifications subheadings.

Funding Availability

FY 2002 funding for this program will be contingent upon the availability of funds but is anticipated to be approximately \$400,000. Individual awards for FY 2002 are expected to range from a minimum of \$50,000 up to \$150,000, although successful proposals that are deemed to be exceptionally meritorious by the Selection Panel may be larger. There is no guarantee that all the areas of research interest identified in this Notice will be able to receive funding consideration.

Minority Serving Institutions

Pursuant to Executive Orders 12876, 12900, and 13021, the Department of Commerce, National Oceanic and Atmospheric Administration (DOC/NOAA) is strongly committed to broadening the participation of Historically Black Colleges and

Universities (HBCU), Hispanic Serving Institutions (HSI), and Tribal Colleges and Universities (TCU) in its educational and research programs. The DOC/NOAA vision, mission, and goals are to achieve full participation by Minority Serving Institutions (MSI) in order to advance the development of human potential, to strengthen the Nation's capacity to provide high-quality education, and to increase opportunities for MSIs to participate in and benefit from Federal Financial Assistance programs. DOC/NOAA encourages all applicants to include meaningful participation of MSIs.

Authority

Statutory authority for these programs is provided under 33 U.S.C. 1442 (Research program respecting possible long-range effects of pollution, overfishing, and man-induced changes of ocean ecosystems); and 49 U.S.C. 44720 (Meteorological Services).

Catalog of Federal Domestic Assistance (CFDA)

This program is listed in the Catalog of Federal Domestic Assistance under Number 11.440 (Research in Remote Sensing of the Earth and Environment).

General Information

Environmental prediction, assessment, and the conservation and management of coastal and oceanic resources are among NOAA's primary functions. NESDIS, one of the five principal offices within NOAA, is the world's largest civil, operational environmental space organization and operates the Nation's civil geostationary and polar-orbiting environmental satellites. NESDIS also facilitates the acquisition of non-U.S. environmental satellite data through international agreements. Satellite systems provide data and information that are critical to weather forecasting; natural disaster response and mitigation; climate change forecasts and research; living and non-living marine resources management; and coastal and open ocean oceanographic research. ORA provides overall guidance and direction to the oceanic, atmospheric, and climate research and applications activities of NESDIS. The Ocean Remote Sensing Program, managed by ORA's Oceanic Research and Applications Division, has as its goal to help build capabilities nationwide to make expanded and improved use of earth-orbiting satellite data and information. The Program has particular interest in activities relating to sustaining healthy coasts, building sustainable fisheries, recovering protected species, providing improved
