BILLING CODE 4160-20-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Availability of a Draft Environmental Assessment and Receipt of an Application for an Incidental Take Permit for a Multi-Phase Commercial and Residential Development, in Flagler County, Florida

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

Palm Coast Blue Water International Corporation and Matanzas Shores Owners Association (Applicant), seek an incidental take permit (ITP) from the Fish and Wildlife Service (Service), pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973 (Act), as amended. The ITP would authorize

the take of two families of the threatened Florida scrub-jay (*Aphelocoma coerulescens*) and the threatened eastern indigo snake (*Drymarchon corais couperi*) in Flagler County, Florida, for a period of twenty (20) years. The proposed taking is incidental to land clearing activities and development on a multi-phase project site (Project). The Project contains about 19.5 acres of occupied Florida scrub-jay habitat, and the potential exists for the Project to provide over 200 acres of habitat to the Eastern indigo snake. A description of the mitigation and minimization measures outlined in the Applicant's Habitat Conservation Plan (HCP) to address the effects of the Project to the protected species is described further in the **SUPPLEMENTARY INFORMATION** section below.

The Service also announces the availability of a draft environmental assessment (EA) and the HCP for the incidental take permit application. Copies of the EA and HCP may be obtained by making a request to the Regional Office (see **ADDRESSES**). Requests must be in writing to be processed. This notice also advises the public that the Service has made a preliminary determination that issuing the ITP is not a major Federal action significantly affecting the quality of the human environment within the meaning of section 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA), as amended. The Finding of No Significant Impact (FONSI) is based on information contained in the EA and HCP. The final determination will be made no sooner than 60 days from the date of this notice. This notice is provided pursuant to section 10 of the Act and NEPA regulations (40 CFR 1506.6).

The Service specifically requests information, views, and opinions from the public via this Notice on the federal action, including the identification of any other aspects of the human environment not already identified in the Service's EA. Further, the Service specifically solicits information regarding the adequacy of the HCP as measured against the Service's ITP issuance criteria found in 50 CFR Parts 13 and 17.

If you wish to comment, you may submit comments by any one of several methods. Please reference permit number TE038885-0 in such comments. You may mail comments to the Service's Regional Office (see **ADDRESSES**). You may also comment via the internet to "david_dell@fws.gov". Please submit comments over the internet as an ASCII file avoiding the use of special characters and any form

of encryption. Please also include your name and return address in your internet message. If you do not receive a confirmation from the Service that we have received your internet message, contact us directly at either telephone number listed below (see **FURTHER INFORMATION**). Finally, you may hand deliver comments to either Service office listed below (see **ADDRESSES**). Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the administrative record. We will honor such requests to the extent allowable by law. There may also be other circumstances in which we would withhold from the administrative record a respondent's identity, as allowable by law. If you wish us to withhold your name and address, you must state this prominently at the beginning of your comments. We will not, however, consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

DATES: Written comments on the permit application, EA, and HCP should be sent to the Service's Regional Office (see **ADDRESSES**) and should be received on or before October 22, 2001.

ADDRESSES: Persons wishing to review the application, HCP, and EA may obtain a copy by writing the Service's Southeast Regional Office, Atlanta, Georgia. Documents will also be available for public inspection by appointment during normal business hours at the Regional Office, 1875 Century Boulevard, Suite 200, Atlanta, Georgia 30345 (Attn: Endangered Species Permits), or Field Supervisor, U.S. Fish and Wildlife Service, 6620 Southpoint Drive South, Suite 310, Jacksonville, Florida 32216-0912. Written data or comments concerning the application, EA, or HCP should be submitted to the Regional Office. Comments and requests for the documentation must be in writing to be processed.
