

determine if the needs identified and discussed are being met and if the results and benefits identified in Item B above are being achieved.

D. Geographic Location

The application must include an appropriate narrative description of the geographical area to be served and an assurance that procedures will be adopted to ensure against duplicate services being provided to the same recipients. A map of the designated service area may be included in the application.

E. Additional Information:

(1) Older Indians in the Title VI, Part A Service Area

The law requires that a tribal organization must represent at least 50 persons aged 60 years or over in order to be eligible for title VI funding. Therefore, the number of persons aged 60 or over living in the proposed title VI service area must be stated in the application. The tribal organization may use the Census Bureau population figures, or may develop its own population statistics, but they must be approved by the Bureau of Indian Affairs or your tribal enrollment clerk in order to establish eligibility, as required in section 614(b) of the Older Americans Act, as amended. The amount of the grant is based on this number of Indians or Alaskan Natives age 60 years or over in the proposed service area. Thus, the application should include only the number of Indians and Alaskan Natives age 60 years or over in the proposed service area and not the total population census of all tribal members, age 60 and above, unless all the tribal members live in the proposed service area. If there is overlap between two or more title VI, part A applicants, as stated under Geographic Location, the eligible elders can only be counted once and included in one application. The applicants are responsible for determining how the eligible elders will be counted. The same elder may not be counted by more than one applicant. This must be stated clearly in the application and signed by the principal official of the tribal organization.

As a separate matter, the regulations allow a Tribe to define, based on its own criteria, who the Tribe will consider to be an older Indian for purposes of eligibility to receive title VI services. If a Tribe selects a different definition of older Indian for service delivery, the application must state the age selected, and the number of Indian under age 60 eligible to be served. All Tribes in a

consortium must use the same age for older Indian.

(2) Resolution

The tribal organization representing a federally recognized Tribe must submit an original copy of the Tribal council resolution authorizing participation in title VI, part A for the grant period April 1, 2002 to March 31, 2005. If the tribal organization represents a consortium of more than one Tribe, a resolution is required from each participating Tribe, specifically authorizing representation by the tribal organization for the purpose of title VI, part A of the Older Americans Act for the grant period April 1, 2002 to March 31, 2005.

(3) Program Assurance

Title VI, part A Program Assurances must be included in the application. The title VI, part A Program Assurances are those provisions identified in section 614(a) of the Older Americans Act, and in title 45 of the Code of Federal Regulations Section 1326.19(d), issued August 31, 1988 (see Appendix B). The tribal organization must state that it agrees to abide by all the provisions for the entire project period, April 1, 2002—March 31, 2005.

Copies of the title III and title VI current law and regulations, and of part 92, may be obtained from the Regional Administrator for the Administration on Aging. (See Appendix A)

(4) Certification Forms

Certifications are required of the applicant regarding (a) lobbying; (b) debarment, suspension, and other responsibility matters; and (c) drug-free workplace requirements. Please note that a duly authorized representative of the applicant organization must attest to the applicant's compliance with these certifications.

(5) Identifying Information

Applications must identify both the principal official of the tribal organization, and the proposed title VI program director: Name, Title, Address including Zip Code, Telephone Number, and, if available, the FAX number and E-mail address. The tribal organization's EIN (Employer Identification Number) must also be included.

If the applicant tribal organization is a consortium, the applicant must list the federally recognized tribes, which are included. The tribal resolution from each tribe in the consortium must be included in the application.

(6) Closing Date for Application

To be eligible for consideration, applications must be received or

postmarked on or before January 18, 2002. (Applicants are cautioned to request a legibly dated U.S. Postal service postmark, or to obtain a legibly dated receipt from a commercial carrier or the U.S. Postal Service. Private metered postmarks are not acceptable as proof of timely mailing.)

(7) Action on Applications

Awards will be made by the Assistant Secretary for Aging. Funding decisions will be announced as soon as possible.

AGENCY: International Trade Commission.

ACTION: Scheduling of the final phase of countervailing duty and antidumping investigations.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of countervailing duty investigation No. 701-TA-413 (Final) under section 705(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b)) (the Act) and the final phase of antidumping investigations Nos. 731-TA-913-918 (Final) under section 735(b) of the Act (19 U.S.C. 1673d(b)) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of subsidized and less-than-fair-value imports from Italy and less-than-fair-value imports from France, Germany, Italy, Korea, Taiwan, and the United Kingdom of stainless steel bar, provided for in subheadings 7222.11.00, 7222.19.00, 7222.20.00, and 7222.30.00 of the Harmonized Tariff Schedule of the United States.¹

¹ For purposes of these investigations, the Department of Commerce has defined the subject merchandise as "articles of stainless steel in straight lengths that have been either hot-rolled, forged, turned, cold-drawn, cold-rolled or otherwise cold-finished, or ground, having a uniform solid cross section along their whole length in the shape of circles, segments of circles, ovals, rectangles (including squares), triangles, hexagons, octagons, or other convex polygons. Stainless steel bar includes cold-finished stainless steel bars that are turned or ground in straight lengths, whether produced from hot-rolled bar or from straightened and cut rod or wire, and reinforcing bars that have indentations, ribs, grooves, or other deformations produced during the rolling process. Except as specified above, the term does not include stainless steel semi-finished products, cut length flat-rolled products (i.e., cut length rolled products which if less than 4.75 mm in thickness have a width measuring at least 10 times the thickness, or if 4.75 mm or more in thickness having a width which exceeds 150 mm and measures at least twice the thickness), products that have been cut from

SUPPLEMENTARY INFORMATION:

Background

The final phase of these investigations is being scheduled as a result of affirmative preliminary determinations by the Department of Commerce that certain benefits which constitute subsidies within the meaning of section 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in Italy of stainless steel bar, and that such products are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b) from France, Germany, Italy, Korea, and the United Kingdom.² The investigations were requested in a petition filed on December 28, 2000, by Carpenter Technology Corp., Wyomissing, PA; Crucible Specialty Metals, Syracuse, NY; Electralloy Corp., Oil City, PA; Empire Specialty Steel, Inc., Dunkirk, NY; Slater Steels Corp., Specialty Alloys Division, Fort Wayne, IN; and the United Steelworkers of America, AFL-CIO/CLC, Pittsburgh, PA.

stainless steel sheet, strip or plate, wire (i.e., cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes and sections."

² Commerce's preliminary determination for Taiwan was negative.
