

are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Revision of a currently approved collection.

(2) *Title of the Form/Collection:* Firearms Addendum to the Arrestee Drug Abuse Monitoring (ADAM) Program Instrument.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* The form number is AD-1. The sponsoring component of the Department of Justice is the Office of Research and Evaluation, National Institute of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Misdemeanor and felony arrestees in city and county jails. The ADAM program monitors the extent and types of drug use among arrestees. Currently the program operates in 38 counties. Data are collected in each county every three months from a new, county-based representative sample of arrestees. Participation is voluntary and confidential and data collected include a personal interview and urine specimen.

In the next 6 months, OJP proposes to introduce a supplemental instrument to the currently approved ADAM instrument (OMB No. 1121-0137). This supplemental instrument is termed the Firearms Addendum and is intended to collect information from ADAM, program arrestees about their participation in legal and illegal firearms markets. The respondents to the firearms questionnaire will be arrestees selected for the ADAM study, who are asked to participate in a supplemental interview immediately following the ADAM interview. The firearms instrument initially will be

implemented in 2 ADAM sites for testing, and subsequently finalized and made available to all ADAM sites for their use.

(5) *An estimate of the total number of respondents and amount of time estimated for an average respondent to respond/reply:* The total number of respondents is estimated to be a maximum of 70,000 (revised from current inventory of 100,000 respondents). Each response for the core instrument averages 30 minutes. The Firearms Addendum questionnaire will be administered to a maximum of 52,550 respondents at full implementation, taking 10 minutes a response.

(6) *An estimate of the total public burden (in hours) associated with the collection:* 43,750 hours (for core questionnaire and Firearms Addendum together).
