In addition to this program, the Office of University Partnerships administers HUD's ongoing grant programs to institutions of higher education as well as creates initiatives through which colleges and universities can bring their traditional missions of teaching, research, service, and outreach to bear on the pressing local problems in their communities.

The Community Outreach Partnership Centers Program provides funds for: research activities which have practical application for solving specific problems in designated communities and neighborhoods; outreach, technical assistance and information exchange activities which are designed to address specific problems associated with housing, economic development, neighborhood revitalization, infrastructure, health care, job training, education, crime prevention, planning, and community organizing. On February 26, 2001 (66 FR 11725), HUD published a Notice of Funding Availability (NOFA) announcing the availability of \$8 million in Fiscal Year 2001 funds for the Community Outreach Partnership Centers Program. The Department reviewed, evaluated and scored the applications received based on the criteria in the NOFA. As a result, HUD has funded 16 applications for New Grants and 8 applications for New Directions Grants. New Grants, which cannot exceed \$400,000, are for institutions of higher education just beginning a COPC project. New Directions Grants, which cannot exceed \$150,000, are for institutions of higher education that are undertaking new activities or expanding into new neighborhoods. These grants, with their grant amounts are identified below.

The Catalog Federal Domestic Assistance number for this program is 14.511.
