

voluntary cancellation of registrations for their products containing oxadixyl. The registrations for which cancellations were requested are identified in the following Table 1.

TABLE 1.—PRODUCT REGISTRATION CANCELLATION REQUESTS

Company	Registration Number	Product
Syngenta Crop Protection, Inc	100–857	Oxadixyl Technical Fungicide
	100–858	Sandofan 31F Fungicide
Gustafson LLC	7501–97	Anchor Flowable Fungicide

III. Cancellation Order

Pursuant to section 6(f)(1)(A) of FIFRA, EPA has approved the requested registration cancellations. Accordingly, the Agency orders that the registrations identified in Table 1 are canceled. Any distribution, sale, or use of existing stocks of the products identified in Table 1 in a manner inconsistent with the terms of this Order or the Existing Stock Provisions in Unit IV. of this **Federal Register** Notice will be considered a violation of section 12(a)(2)(K) of FIFRA and/or section 12(a)(1)(A) of FIFRA.

IV. Existing Stocks Provisions

For purposes of this Order, the term “existing stocks” is defined, pursuant to EPA’s existing stocks policy June 26, 1991 (56 FR 29362) (FRL–3846–4), as those stocks of a registered pesticide product which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of cancellation.

A. Sale and distribution

All sale and distribution of the existing stocks shall be unlawful as of 1 year from the effective date of the cancellation order, except for the purposes of shipping such stocks for export consistent with section 17 of FIFRA or for proper disposal.

B. Use of the Existing Stocks by Persons Other Than the Registrants Shall Be Legal Until Such Stocks Are Exhausted.

V. Notification of Intent to Revoke Tolerances

This Notice also serves as an advance notification that the Agency intends to revoke the related tolerance listed in 40 CFR, for the canceled registrations listed

in this notice, unless there is a request from the public to support the tolerance for import purposes.

It is EPA’s general practice to propose revocation of tolerances for residues of pesticide active ingredients for which FIFRA registrations no longer exist, to protect the food supply of the U.S. and to discourage the misuse of pesticides within the United States. In many cases the cancellation of a food use in the U.S. indicates that there are insufficient domestic residue data or other information to support the continuation of the tolerance and an uncertain amount of relevant data concerning residues on imported food. In the absence of relevant data, EPA is unable to make a safety finding regarding the treated food entering the U.S. Upon request, EPA will provide interested parties with its import tolerance policy and data requirements, explaining how an interested party should go about seeking to retain a tolerance for import purposes.

DEPARTMENT OF AGRICULTURE

Rural Utilities Service

Financing for Household Water Well Systems

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice.

SUMMARY: The Water and Environmental Program within the Rural Utilities Service (RUS) seeks written comments on the need for a program which is specifically tailored to financing household wells, both new wells and well repairs.

DATES: Interested parties must submit written comments on or before December 31, 2001.

ADDRESSES: Submit written comments to Robin Meigel, Finance Specialist, Rural Utilities Service, United States Department of Agriculture, 1400 Independence Ave., SW., stop 1569, room 1246, Washington, DC 20250–1569. RUS requires, in hard copy, a signed original and 3 copies of all comments (7 CFR 1700.4). In addition,

parties may submit an electronic version by e-mail in either WordPerfect or MSWord format to

rmeigel@rus.usda.gov. Comments will be available for public inspection during normal business hours (7 CFR part 1).

FOR FURTHER INFORMATION CONTACT: For further information contact Robin Meigel, Finance Specialist, Rural Utilities Service, United States Department of Agriculture, 1400 Independence Ave., SW., stop 1569, room 1246, Washington, DC 20250–1569. Phone: 202–720–9452. Fax: 202–720–7491. E-mail: rmeigel@rus.usda.gov.

Background

The conference committee resolving differences in the legislation for appropriations for the U.S. Department of Agriculture (“USDA”) for the fiscal year ending September 30, 2001 issued Conference Report 106–948, ordered to be printed on October 6, 2000. In this report, the conferees directed USDA to fund the completion of a study by the National Ground Water Association that would identify and develop strategies to address economic, legal, technological, or public health issues that must be addressed prior to developing a publicly financed program to assist individual low and moderate income households to secure financing for the installation or refurbishing of individually owned household water well systems.

In accordance with this directive, an advisory and assistance contract has been entered into with the National Ground Water Association for the purposes stated. USDA also invites the views of all interested parties on this topic.

Dated: October 26, 2001.

Hilda Gay Legg,

Administrator, Rural Utilities Service.

DEPARTMENT OF COMMERCE**Submission for OMB Review; Comment Request**

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995, Public Law 104-13.

Bureau: International Trade Administration.

Title: Information for Assessment of U.S. Domestic Steel Capacity Pursuant to President's Steel Initiative.

Agency Form Number: N/A.

OMB Number: None.

Type of Request: Emergency Submission.

Burden: 175 hours.

Number of Respondents: 35.

Avg. Hours Per Response: 5 hours.

Needs and Uses: The Administration is currently conducting multilateral negotiations on global overcapacity with steel producers as part of the President's Steel Initiative announced on June 5, 2001. During the first round of negotiations held at the Organization for Economic Co-operation and Development (OECD) in September 2001, there was consensus among the 39 participating governments that the global excess of inefficient steelmaking capacity is a central problem affecting the steel trade. The participants at the OECD meeting recognized the differences among governments regarding definitions of inefficient or excess capacity, and acknowledged that in market-oriented economies, decisions to reduce capacity will be decided by individual firms, not governments. Therefore, they proposed that the negotiations proceed with a "self assessment" in which each participating governments agreed to consult with individual steel producers in their own

countries over the next two months and evaluate the long term economic viability of their steel facilities in an open global market, identify the response of their steel companies to changing competitive conditions in world steel markets in recent years, and consider what further actions their industry is likely to take. The results of these government/producer consultations would then be discussed at the next round of negotiations, currently scheduled to take place in December 2001. The Department must collect certain information from major U.S. steel producers to conduct the self assessment and evaluation required to support these negotiations.

Affected Public: Businesses or other for-profits.

Frequency: Once.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, Room 6086, 14th and Constitution, NW., Washington, DC 20230 or via internet at MClayton@doc.gov.

Written comments and recommendations for the proposed information collection should be sent to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503 within 5 days of the publication of this notice in the **Federal Register**.

Dated: October 26, 2001.

Madeleine Clayton,

Departmental Paperwork Clearance Officer, Office of the Chief Information Officer.

Certain Pasta from Italy and Turkey: Extension of Final Results of Antidumping Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 1, 2001.

FOR FURTHER INFORMATION CONTACT: Lyman Armstrong at (202) 482-3601, Office of AD/CVD Enforcement VI, Group II, Import Administration, International Trade Administration,

U.S. Department of Commerce, 14th Street and Constitution Ave, NW., Washington, DC 20230.

Time Limits*Statutory Time Limits*

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue (1) the preliminary results of a review within 245 days after the last day of the month in which occurs the anniversary of the date of publication of an order or finding for which a review is requested, and (2) the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within that time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary results to a maximum of 365 days and the final results to a maximum of 180 days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of the publication of the preliminary results.

Background

On September 6, 2000, the Department published a notice of initiation of the administrative reviews of the antidumping duty orders on certain pasta from Italy and Turkey, covering the period July 1, 1999 to June 30, 2000 (65 FR 53980). On June 28, 2001, the Department issued the preliminary results of these reviews (66 FR 34414, 66 FR 34410). The final results are currently due no later than October 26, 2001.

Extension of Final Results of Reviews

We determine that it is not practicable to complete the final results of these reviews within the original time limits. Therefore, we are extending the time limits for completion of the final results until no later than December 25, 2001. See Decision Memorandum from Melissa Skinner to Holly Kuga, dated October 26, 2001, which is on file in the Central Records Unit, B-099 of the main Commerce Building.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: October 26, 2001.

Holly Kuga,

Acting Deputy Assistant Secretary for Import Administration.
