BILLING CODE 3510-07-P

DEPARTMENT OF COMMERCE

Bureau of Export Administration

Regulations and Procedures Technical Advisory Committee; Notice of Partially Closed Meeting

The Regulations and Procedures Technical Advisory Committee (RPTAC) will meet December 4, 2001, 9 a.m., Room 3884, in the Herbert C. Hoover Building, 14th Street between Constitution and Pennsylvania Avenues, NW., Washington, DC. The Committee advises the Office of the Assistant Secretary for Export Administration on implementation of the Export Administration Regulations (EAR) and provides for continuing review to update the EAR as needed.

Agenda

Public Session

1. Opening remarks by the Chairman.
2. Presentation of papers or comments by the public.
3. Update on pending regulations.
4. Update on implementation of multilateral agreements.
5. Update on Wassenaar Arrangement.
6. Working group activity reports.
7. Discussion on status of Automated Export System regulations.
8. Discussion on intracompany transfer of technology license exception proposal.
9. Status of encryption regulations review.
10. Commerce Control List user-friendliness/simplification recommendations.

Closed Session

11. Discussion of matters properly classified under Executive Order 12958, dealing with the U.S. export control program and strategic criteria related thereto.

A limited number of seats will be available for the public session. Reservations are not accepted. To the extent that time permits, members of the public may present oral statements to the Committee. The public may submit written statements at any time before or after the meeting. However, to facilitate the distribution of public presentation materials to the Committee members, the Committee suggests that presenters forward the public presentation

materials prior to the meeting to the following address: Ms. Lee Ann Carpenter, OSIES/EA/BXA MS:3876, 14th St. & Constitution Ave., NW., U.S. Department of Commerce, Washington, DC 20230.

The Assistant Secretary for Administration, with the concurrence of the delegate of the General Counsel, formally determined on February 12, 2001, pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, that the series of meetings or portions of meetings of the Committee and of any Subcommittees thereof, dealing with the classified materials listed in 5 U.S.C. 552(b)(1) shall be exempt from the provisions relating to public meetings found in section 10(a)(1) and 10(a)(3) of the Federal Advisory Committee Act. The remaining series of meetings or portions thereof will be open to the public.

A copy of the Notice of Determination to close meetings or portions of meetings of the Committee is available for public inspection and copying in the Central Reference and Records Inspection Facility, Room 6020, U.S. Department of Commerce, Washington, DC. For more information, call Lee Ann Carpenter at (202) 482-2583.

Dated: November 13, 2001.

Lee Ann Carpenter,

Committee Liaison Officer.

Anhydrous Sodium Metasilicate From France: Amended Final Results of Antidumping Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Amended final results of antidumping administrative review.

EFFECTIVE DATE: November 19, 2001.

FOR FURTHER INFORMATION CONTACT: Dunyako Ahmadu or Richard Rimlinger, Office of Antidumping/Countervailing Duty Enforcement 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-0198 or (202) 482-4477, respectively.

SUMMARY: On October 22, 2001, the Department of Commerce published the final results of the administrative review

of the antidumping duty order on anhydrous sodium metasilicate from France for the period January 1, 2000, through December 31, 2000. However, we neglected to identify Rhodia HCPII (formerly known as Rhone Poulenc, S.A.), which is now the entity manufacturing subject merchandise in France. The purpose of these amended final results is to correct this ministerial error.

Amendment to the Final Results

On October 22, 2001, the Department of Commerce (the Department) published the final results of the administrative review of this order in the **Federal Register** (66 FR 53387). See *Notice of Final Results of Antidumping Duty Administrative Review* (October 22, 2001). In the final results, we determined the weighted-average dumping margin for the period January 1, 2000, through December 31, 2000, to be 60.00 percent for Rhone-Poulenc, S.A. However, we did not correctly identify Rhodia HCPII (Rhodia), formerly Rhone Poulenc, S.A. Rhodia was formed as a result of a merger between Rhone Poulenc, S.A., and Hoechst. Rhodia is now the entity manufacturing the subject merchandise in France. In our preliminary results, Rhodia was correctly identified as the sole producer/exporter of subject merchandise covered by the review. See **Federal Register** (66 FR 42199). The purpose of these amended final results is to correct this omission.

Furthermore, the Department will issue appraisal instructions for Rhodia directly to the Customs Service. Regarding all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after October 22, 2001, as provided for by section 751(a)(1) of the Act of 1930, as amended: (1) The cash deposit rate for Rhodia will be 60.00 percent; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) for all other producers and/or exporters of this merchandise, the cash deposit rate shall be 60.0 percent, the "all others" rate established in the LTFV investigation (45 FR 77498, November 24, 1980). These deposit rates shall remain in effect until publication of the final

results of the next administrative review.

We are issuing and publishing this amendment to the final results in accordance with section 751(h) of the Tariff Act of 1930, as amended.

Dated: November 9, 2001.

Faryar Shirzad,

Assistant Secretary for Import Administration.

Certain Cut-to-Length Carbon Steel Plate From Canada: Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On September 4, 2001, the Department of Commerce (the Department) published the preliminary results of its administrative review of the antidumping duty order on certain cut-to-length carbon steel plate (CTL plate) from Canada (66 FR 46258). This review covers one manufacturer/exporter of CTL plate, Clayson Steel Inc. (Clayson), for the period August 1, 1999 through December 31, 1999.

We gave interested parties an opportunity to comment on our preliminary results. No interested parties filed comments on the preliminary results and no request for a hearing was received by the Department. We have not changed the results from those presented in the preliminary results of review, and we will instruct the U.S. Customs Service to assess antidumping duties on suspended entries for Clayson at the rate determined in the preliminary results (see "Final Results of Review" section below).

EFFECTIVE DATE: November 19, 2001.

FOR FURTHER INFORMATION CONTACT:

Mark Hoadley at (202) 482-0666 or Julio Fernandez at (202) 482-0190, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Applicable Statute

Unless otherwise indicated, all citations to the statute are references to the Tariff Act of 1930 (the Act), as amended. In addition, unless otherwise

indicated, all citations to the Department's regulations are to the regulations codified at 19 CFR part 351 (2000).

Background

On September 4, 2001, the Department published the preliminary results of the administrative review of the antidumping duty order on CTL plate from Canada. See *Certain Cut-to-Length Carbon Steel Plate From Canada: Preliminary Results of Antidumping Duty Administrative Review*, 66 FR 46258 (September 4, 2001) (*Preliminary Results*). We invited parties to comment on our preliminary results of review. We received no comments on our preliminary results and have made no changes to our calculations. This review covers imports of subject merchandise from Clayson, a Canadian manufacturer/exporter. The period of review (POR) for Clayson is August 1, 1999 through December 31, 1999. The Department is conducting this review in accordance with section 751 of the Act.

Scope of the Antidumping Duty Order

CTL plate includes hot-rolled carbon steel universal mill plates (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 millimeters but not exceeding 1,250 millimeters and of a thickness of not less than 4 millimeters, not in coils and without patterns in relief), of rectangular shape, neither clad, plated nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain hot-rolled carbon steel flat-rolled products in straight lengths, of rectangular shape, hot rolled, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances, 4.75 millimeters or more in thickness and of a width which exceeds 150 millimeters and measures at least twice the thickness, as currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under item numbers 7208.40.3030, 7208.40.3060, 7208.51.0030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7208.53.0000, 7208.90.0000, 7210.70.3000, 7210.90.9000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7211.90.0000, 7212.40.1000, 7212.40.5000, and 7212.50.0000. Included in this review are flat-rolled products of non-rectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been "worked after rolling")—for example, products which have been

beveled or rounded at the edges. Excluded from this review is grade X-70 plate. Also excluded is cut-to-length carbon steel plate meeting the following criteria: (1) 100% dry steel plates, virgin steel, no scrap content (free of Cobalt-60 and other radioactive nuclides); (2) .290 inches maximum thickness, plus 0.0, minus .030 inches; (3) 48.00 inch wide, plus .05, minus 0.0 inches; (4) 10 foot lengths, plus 0.5, minus 0.0 inches; (5) flatness, plus/minus 0.5 inch over 10 feet; (6) AISI 1006; (7) tension leveled; (8) pickled and oiled; and (9) carbon content, 0.03 to 0.08 (maximum).

The HTSUS item numbers are provided for convenience and U.S. Customs Service (Customs) purposes. The written description remains dispositive of the scope of this review.

Period of Review

The POR is August 1, 1999 through December 31, 1999. See the "Cash Deposit Requirements" section below for an explanation of this truncated POR.

Comments From Interested Parties and Changes Since the Preliminary Results

We received no comments from interested parties in response to our preliminary results. We have made no changes in the margin calculations.

Final Results of Review

The Department has not altered its determination from the *Preliminary Results*. The weighted-average margin for Clayson is 1.37 percent for the period August 1, 1999 through December 31, 1999.

The Department shall determine, and Customs shall assess, antidumping duties on all appropriate entries. We will direct Customs to assess the resulting percentage against the entered Customs values for the subject merchandise on each entry of subject merchandise during the POR.

Cash Deposit Requirements

As a result of a sunset review by the ITC, the Department has revoked the antidumping duty order for CTL plate from Canada, effective January 1, 2000. See *Revocation of Antidumping and Countervailing Duty Orders on Certain Carbon Steel Products From Canada, Germany, Korea, the Netherlands, and Sweden*, 65 FR 78467 (December 15, 2000) (*Revocation Notice*). Therefore, we have instructed Customs to terminate suspension of liquidation for all entries of CTL plate made on or after January 1, 2000, and further calculation of antidumping cash deposit requirements for this merchandise is no longer necessary.
