BILLING CODE 4160-15-U

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Fiscal Year (FY) 2001 Funding Opportunities

AGENCY: Substance Abuse and Mental Health Services Administration, HHS.

ACTION: Notice of funding availability.

SUMMARY: The Substance Abuse and Mental Health Services Administration (SAMHSA) Center for Substance Abuse Prevention (CSAP) announces the

availability of FY 2001 funds for grants for the following activity. This notice is not a complete description of the activity; potential applicants *must* obtain a copy of the Program Announcement, including Part I, CSAP Cooperative Agreement for the Southeast Center for the Application of Prevention Technologies, and Part II, General Policies and Procedures Applicable to all SAMHSA Applications for Discretionary Grants and Cooperative Agreements, before preparing and submitting an application.

Activity	Application deadline	Est. funds FY 2001	Est. No. of awards	Project period
Cooperative Agreement for the Southeast Center for the Application of Prevention Technologies.	March 22, 2001	\$1,500,000	1	2 years

The actual amount available for the award may vary, depending on unanticipated program requirements and the number and quality of applications received. FY 2001 funds for the activity discussed in this announcement were appropriated by the Congress under Public Law 106-310. SAMHSA's policies and procedures for peer review and Advisory Council review of grant and cooperative agreement applications were published in the **Federal Register** (Vol. 58, No. 126, page 35962) on July 2, 1993.

General Instructions: Applicants must use application form PHS 5161-1 (Rev. 7/00). The application kit contains the two-part application materials (complete programmatic guidance and instructions for preparing and submitting applications), the PHS 5161-1 which includes Standard Form 424 (Face Page), and other documentation and forms. Application kits may be obtained from: National Clearinghouse for Alcohol and Drug Information (NCADI), P.O. Box 2345, Rockville, MD 20847-2345. Telephone: 1-800-729-6686.

The PHS 5161-1 application form and the full text of the activity are also available electronically via SAMHSA's World Wide Web Home Page: <http://www.samhsa.gov>.

When requesting an application kit, the applicant must specify the particular activity for which detailed information is desired. All information necessary to

apply, including where to submit applications and application deadline instructions, are included in the application kit.

Purpose: The cooperative agreement for SE Center for Application of Prevention Technology, number SP01-001, referred to as "The SE CAPT," solicits applications for projects that provide clients with technical assistance and training in order to apply consistently the latest research-based knowledge about effective substance abuse prevention programs, practices, and policies.

Eligible Applicants: Applications may be submitted by public and private domestic nonprofit entities such as units of State or local government, community-based organizations, universities, colleges, and hospitals. Applicants must be physically located within the National Prevention Network's Southeast Region.

Amount: CSAP is making \$1.5 million available to support one award under this GFA in FY 2001. This \$1.5 million amount may be increased using CSAP and other funds in each year of the project up to a total of \$3 million. Actual funding levels for each budget period may be significantly augmented on a discretionary basis if current exploratory talks with other federal agencies sharing our interest in substance abuse prevention result in interagency agreements transferring funds to us for this program's use. There

may be no such increases. However, under optimum conditions, substantial increases of funding in any given year are possible. Such increases would be for the purpose of providing the same services to the same clients with greater frequency or to additional clients. All potential applicants should also be aware that any expansion based on interagency agreements for this purpose will not be competed but will be limited to the applicant funded under this announcement.

Period of Support: Support may be requested for a period of up to two years. An annual award will be made subject to continued availability of funds and progress achieved.

Criteria for Review and Funding:

General Review Criteria: Competing applications requesting funding under this activity will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures. Review criteria that will be used by the peer review groups are specified in the application guidance material.

Award Criteria for Scored

Applications: Applications will be considered for funding on the basis of their overall technical merit as determined through the peer review group and the appropriate National Advisory Council review process.

Availability of funds will also be an award criteria. Additional award criteria specific to the programmatic activity

may be included in the application guidance materials.

Catalog of Federal Domestic Assistance Number: 93.230.

Program Contact: For questions concerning program issues, contact: Ms. Luisa del Carmen Pollard, M.A., Division of Prevention Application and Education, CSAP, SAMHSA, Rockwall II, Suite 800, 5600 Fishers Lane, Rockville, MD 20857, Telephone: 301/443-6728

or

Jon Rolf, Ph.D., Division of Prevention Application and Education, CSAP, SAMHSA, Rockwall II, Suite 800, 5600 Fishers Lane, Rockville, MD 20857, Telephone: 301/443-0380.

For questions regarding grants management issues, contact: Edna Frazier, Division of Grants Management, OPS, SAMHSA, Rockwall II, Suite 640, 5600 Fishers Lane, Rockville, Maryland 20857, (301)443-6816.

Public Health System Reporting Requirements: The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions. Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

- a. A copy of the face page of the application (Standard form 424).
- b. A summary of the project (PHSIS), not to exceed one page, which provides:
 - (1) A description of the population to be served.
 - (2) A summary of the services to be provided.

(3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements.

Application guidance materials will specify if a particular FY 2001 activity is subject to the Public Health System Reporting Requirements.

PHS Non-use of Tobacco Policy Statement: The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Executive Order 12372: Applications submitted in response to the FY 2001 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Division

of Extramural Activities, Policy, and Review, Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Dated: January 31, 2001.

Richard Kopanda,

Executive Officer, SAMHSA.
