

(address below) and must be received within 30 days of the date of this notice.

Applicant: Los Angeles Zoo, California, PRT-052638.

The applicant requests a permit to import 1.3 captive bred yellow-footed rock wallabies (*Petrogale xanthopus xanthopus*) from Monarto Zoological Park in Australia for the purpose of enhancement of the survival of the species.

Applicant: James Edward Thompson, Dallas, TX, PRT-052734.

The applicant requests a permit to import the sport-hunted trophy of one male bontebok (*Damaliscus pygargus dorcus*) culled from a captive herd maintained under the management program of the Republic of South Africa, for the purpose of enhancement of the survival of the species.

Applicant: Samuel L. Maxwell, Bellevue, WA, PRT-052709.

The applicant requests a permit to import the sport-hunted trophy of one male bontebok (*Damaliscus pygargus dorcus*) culled from a captive herd maintained under the management program of the Republic of South Africa, for the purpose of enhancement of the survival of the species.

Marine Mammals

The public is invited to comment on the following application(s) for a permit to conduct certain activities with marine mammals. The application(s) was submitted to satisfy requirements of the Marine Mammal Protection Act of 1972, *as amended* (16 U.S.C. 1361 *et seq.*) and the regulations governing marine mammals (50 CFR part 18).

Written data, comments, or requests for copies of these complete applications or requests for a public hearing on these applications should be submitted to the Director (address below) and must be received within 30 days of the date of this notice. Anyone requesting a hearing should give specific reasons why a hearing would be appropriate. The holding of such a hearing is at the discretion of the Director.

Applicant: Wayne Webber, Houston, TX, PRT-052890.

The applicant requests a permit to import a polar bear (*Ursus maritimus*) sport hunted from the Western Hudson Bay polar bear population in Canada for personal use.

The U.S. Fish and Wildlife Service has information collection approval from OMB through March 31, 2004, OMB Control Number 1018-0093. Federal Agencies may not conduct or sponsor and a person is not required to respond to a collection of information

unless it displays a current valid OMB control number.

Documents and other information submitted with these applications are available for review, subject to the requirements of the Privacy Act and Freedom of Information Act, by any party who submits a written request for a copy of such documents within 30 days of the date of publication of this notice to: U.S. Fish and Wildlife Service, Division of Management Authority, 4401 North Fairfax Drive, Room 700, Arlington, Virginia 22203, telephone 703/358-2104 or fax 703/358-2281.

Dated: February 11, 2002.

Monica Farris,

Senior Permit Biologist, Branch of Permits, Division of Management Authority.

Notice of Receipt of Applications for Permit; Endangered Species

Endangered Species

The public is invited to comment on the following application(s) for a permit to conduct certain activities with endangered species. This notice is provided pursuant to section 10(c) of the Endangered Species Act of 1973, *as amended* (16 U.S.C. 1531, *et seq.*). Written data, comments, or requests for copies of these complete applications should be submitted to the Director (address below) and must be received within 30 days of the date of this notice.

Applicant: Barbara & Yaro Hoffmann, Gibsonton, FL, PRT-053061.

The applicant requests a permit to re-export and re-import captive-born tigers (*Panthera tigris*) and progeny of the animals currently held by the applicant and any animals acquired in the United States by the applicant to/from worldwide locations to enhance the survival of the species through conservation education. This notification covers activities conducted by the applicant over a three year period.

Documents and other information submitted with these applications are available for review, subject to the requirements of the Privacy Act and Freedom of Information Act, by any party who submits a written request for a copy of such documents within 30 days of the date of publication of this notice to: U.S. Fish and Wildlife Service, Division of Management Authority, 4401 North Fairfax Drive,

Room 700, Arlington, Virginia 22203, telephone 703/358-2104 or fax 703/358-2281.

Dated: February 15, 2002.

Anna Barry,

Senior Permit Biologist, Branch of Permits, Division of Management Authority.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability; Draft Environmental Impact Statement on Resident Canada Goose Management

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability for public comment.

SUMMARY: The U.S. Fish and Wildlife Service (Service) has prepared a Draft Environmental Impact Statement (DEIS) which is available for public review. The DEIS analyzes the potential environmental impacts of alternative strategies to reduce, manage, and control resident Canada goose populations in the continental United States and to reduce goose-related damages. The analysis provided in the DEIS is intended to accomplish the following: inform the public of the proposed action and alternatives; address public comment received during the scoping period; and disclose the direct, indirect, and cumulative environmental effects of the proposed actions and each of the alternatives. The Service invites the public to comment on the DEIS.

DATES: Written comments on the DEIS must be received by May 30, 2002.

ADDRESSES: Requests for copies of the DEIS should be mailed to Chief, Division of Migratory Bird Management, U.S. Fish and Wildlife Service, Department of the Interior, ms 634-ARLSQ, 1849 C Street NW., Washington, DC 20240. Comments on the DEIS should be sent to the above address.

FOR FURTHER INFORMATION CONTACT: Jon Andrew, Chief, Division of Migratory Bird Management, or Ron Kokel (703) 358-1714.

SUPPLEMENTARY INFORMATION: On August 19, 1999, a notice was published in the **Federal Register** (64 FR 45269) announcing that the Service intended to prepare an Environmental Impact Statement for resident Canada goose management. Comments were received and considered and are reflected in the

DEIS made available for comment through this notice. This notice is provided pursuant to Fish and Wildlife Service regulations for implementing the National Environmental Policy Act of 1969 (40 CFR 1506.6).

Several public hearings will be held throughout the country during the comment period to solicit oral comments from the public. The dates and locations of these hearings are yet to be determined. A notice of public meetings with the locations, dates, and times will be published in the **Federal Register**.

We will not consider anonymous comments. All comments received, including names and addresses, will become part of the public record. The public may inspect comments during normal business hours in Room 634—Arlington Square Building, 4401 N. Fairfax Drive, Arlington, Virginia. Requests for such comments will be handled in accordance with the Freedom of Information Act and the Council on Environmental Quality's National Environmental Policy Act regulations (40 CFR 1506.6(f)). Our practice is to make comments available for public review during regular business hours. Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by law. If a respondent wishes us to withhold his/her name and/or address, this must be stated prominently at the beginning of the comment.

The DEIS evaluates alternative strategies to reduce, manage, and control resident Canada goose populations in the continental United States and to reduce goose-related damages. The objective of the DEIS is to provide a regulatory mechanism that would allow State and local agencies, other Federal agencies, and groups and individuals to respond to damage complaints or damages by resident Canada geese. The DEIS is a comprehensive programmatic plan intended to guide and direct resident Canada goose population growth and management activities in the conterminous United States. The DEIS analyzes seven management alternatives: (1) No Action (Alternative A); (2) Increase Use of Nonlethal Control and Management (excludes all permitted activities) (Alternative B); (3) Increase Use of Nonlethal Control and Management (continued permitting of those activities generally considered nonlethal) (Alternative C); (4) New Regulatory Options to Expand Hunting Methods and Opportunities (Alternative D); (5) Integrated Depredation Order Management (consisting of an Airport

Depredation Order, a Nest and Egg Depredation Order, a Agricultural Depredation Order, and a Public Health Depredation Order) (Alternative E); (6) State Empowerment (PROPOSED ACTION) (Alternative F); and (7) General Depredation Order (Alternative G). Alternatives were analyzed with regard to their potential impacts on resident Canada geese, other wildlife species, natural resources, special status species, socioeconomic, historical resources, and cultural resources.

Our proposed action (Alternative F) would establish a regulation authorizing State wildlife agencies (or their authorized agents) to conduct (or allow) management activities, including the take of birds, on resident Canada goose populations. Alternative F would authorize indirect and/or direct population control strategies such as aggressive harassment, nest and egg destruction, gosling and adult trapping and culling programs, expanded methods of take to increase hunter harvest, or other general population reduction strategies. The intent of Alternative F is to allow State wildlife management agencies sufficient flexibility, within predefined guidelines, to deal with problems caused by resident Canada geese within their respective States. Other guidelines under Alternative F would include criteria for such activities as special expanded harvest opportunities during the portion of the Migratory Bird Treaty closed period (August 1–31), airport, agricultural, and public health control, and the non-permitted take of nests and eggs.

Dated: February 14, 2002.

Steve Williams,

Director.

North American Wetlands Conservation Council (Council) Meeting Announcement

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of meeting.

SUMMARY: The Council will meet to select North American Wetlands Conservation Act (NAWCA) proposals for recommendation to the Migratory Bird Conservation Commission. The meeting is open to the public.

DATES: March 6, 2002, 9 a.m.–12 noon.

ADDRESSES: The meeting will be held at the Aspen Wye River Conference Center, 201 Wye Woods Way, Queenstown, MD 21658. The Council Coordinator is located at U.S. Fish and Wildlife Service, 4401 N. Fairfax Drive, Suite 110, Arlington, Virginia, 22203.

FOR FURTHER INFORMATION CONTACT: David A. Smith, Council Coordinator, (703) 358–1784 or dbhc@fws.gov.

SUPPLEMENTARY INFORMATION: In accordance with NAWCA (Pub. L. 101–233, 103 Stat. 1968, December 13, 1989, as amended), the State-private-Federal Council meets to consider wetland acquisition, restoration, enhancement and management projects for recommendation to, and final funding approval by, the Migratory Bird Conservation Commission. Proposals require a minimum of 50 percent non-Federal matching funds.

Dated: February 7, 2002.

Paul R. Schmidt,

Acting Assistant Director, Migratory Birds and State Programs, Fish and Wildlife Service.
