

D. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq believes that the proposed rule change will not result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

E. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Comments were neither solicited nor received.

III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of the filing will also be available for inspection and copying at the principal office of the NASD. All submissions should refer to the file number in the caption above and should be submitted by April 1, 2002.

IV. Commission's Findings and Order Granting Accelerated Approval of the Amendment

After careful consideration, the Commission finds, for the reasons set forth below, that the extension of the Short Sale Rule Pilot and the suspension of the existing PMM standards until December 15, 2002 is consistent with the requirements of the Act and the rules and regulations thereunder. In particular, the extension is consistent with section 15A(b)(6) ¹² of the Act, which requires that the NASD's rules be designed, among other things, to remove impediments to and perfect the mechanism of a free and open market and a national market system and to promote just and equitable principles of trade.

The Commission finds that the continuation of the Short Sale Rule Pilot and the continued suspension of the PMM standards will maintain the status quo while the Commission is considering amending Rule 10a-1 under the Act. This extension of the pilot and continued suspension of the PMM standards is subject to modification or revocation should the Commission amend Rule 10a-1 under the Act in a manner as to deem the extension or suspension unnecessary or in conflict with any adopted amendments.¹³

The Commission finds good cause for approving the extension of the Short Sale Rule Pilot and the suspension of existing PMM standards prior to the 30th day after the date of publication of notice of the filing in the **Federal Register**. It could disrupt the Nasdaq market and confuse market participants to reintroduce the previous PMM standards while new PMM standards are being developed, and while the Commission considers amending Rule 10a-1 under the Act.

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹⁴ that Amendment No. 12 to the proposed rule change, SR-NASD-98-26, which extends the NASD Short Sale Rule Pilot and suspends the PMM standards through December 15, 2002, is approved on an accelerated basis.¹⁵

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁶

statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq proposes to extend through September 1, 2002 its current pilot program that makes available certain Nasdaq systems and facilities until 6:30 P.M. Eastern Time. The pilot will continue to operate under the same terms and conditions as set forth in the Commission's original approval order, including mandating 90-second trade reporting until 6:30 P.M. Eastern Time.⁶

2. Statutory Basis

Nasdaq believes that the proposal is consistent with the provisions of Section 15A(b)(6) of the Act⁷ in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, and processing information with respect to, and facilitating transactions in securities.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- (i) Significantly affect the protection of investors or the public interest;
- (ii) Impose any significant burden on competition; and
- (iii) Become operative for 30 days from the date on which it was filed, or such shorter time as the Commission

may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Nasdaq has requested that the Commission waive the 5-day pre-filing notice requirement and accelerate the operative date. The Commission finds good cause to waive the 5-day pre-filing notice requirement and the 30-day operative waiting period, because such designation is consistent with the protection of investors and the public interest. Acceleration of the operative date will allow the pilot program to continue without interruption through September 1, 2002. For these reasons, the Commission finds good cause to waive both the 5-day pre-filing notice requirement and the 30-day operative waiting period.¹⁰

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposal is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the Association. All submissions should refer to file number SR-NASD-2002-29 and should be submitted by April 1, 2002.
