## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[I.D. 011701C]

#### Endangered and Threatened Species; Take of Anadromous Fish

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Reopening of comment period; Notice of Availability and request for comments.

**SUMMARY:** Notice is hereby given that NMFS is reopening the comment period for the Routine Road Maintenance Program (RMP) submitted jointly by the State of Washington through Washington State Department of Transportation (WSDOT), King, Pierce, Snohomish, Clallam, Kitsap, Mason, and Thurston Counties, and the Cities of Bellevue, Bremerton, Burien, Covington, Edgewood, Everett, Kenmore, Kent, Lake Forest Park, Lakewood, Maple Valley, Newcastle, Renton, SeaTac, Sammamish, Shoreline, Tacoma, and University Place pursuant to protective regulations promulgated under the Endangered Species Act (ESA). NMFS is also modifying the list of Evolutionarily

Significant Units (ESUs) in the **SUPPLEMENTARY INFORMATION** section. The RMP would affect 10 Evolutionarily Significant Units (ESUs) of threatened salmonids identified in the **SUPPLEMENTARY INFORMATION** section, not 12 as stated in the previous notice. The comment period is being reopened because there were delays in notifying the public about the availability of the RMP. This document serves to notify the public of the availability of the RMP for review and comment before a final approval or disapproval is made by NMFS.

**DATES:** Written comments on the draft RMP must be received at the appropriate address or fax number (see **ADDRESSES**) no later than 5 p.m. Pacific Standard Time on April 12, 2002.

**ADDRESSES:** Written comments should be sent to Laura Hamilton, Habitat Conservation Division, National Marine Fisheries Service, 510 Desmond Drive, Suite 103, Lacey, Washington 98503. Comments may also be faxed to 360–753–9517. Copies of the entire RMP are available on the Internet at <http://www.metrokc.gov/roadcon/bmp/pdfguide.htm>. Comments will not be accepted if submitted via email or the Internet.

**FOR FURTHER INFORMATION CONTACT:** Laura Hamilton at phone number 360–753–5820, or e-mail: *Laura.Hamilton@noaa.gov*.

**SUPPLEMENTARY INFORMATION:** This notice is relevant to the following 10 threatened salmonid ESUs: Puget Sound, Lower Columbia River, Upper Willamette River chinook salmon (*Oncorhynchus tshawytscha*); Hood Canal summer-run and Columbia River chum salmon (*O. Keta*); Ozette Lake sockeye salmon (*O. Nerka*); Snake River Basin, Lower Columbia River, Upper Willamette River, and Middle Columbia River steelhead (*O. mykiss*).

#### Background

WSDOT and the counties and cities named here, submitted the RMP for routine road maintenance activities that might affect certain salmonid ESUs listed as threatened in Washington State. The RMP was designed to be intentionally protective of salmonids and their habitat in the conduct of routine road maintenance activities.

In Part 1, the RMP describes the program framework including the 10 program elements that comprise the program (Regional Forum, Program Review, Best Management Practices (BMPs) and Conservation Outcomes (element 3), Training, Compliance Monitoring, Research, Adaptive

Management, Emergency Response, Biological Data Collection, and Reporting). In Part 2, the RMP elaborates on element 3, the BMPs, in much greater detail and provides detailed instructions to crews, supervisors, environmental support staff, design personnel and managers. Part 3 describes a process by which additional counties, cities, and ports in Washington State may develop routine road maintenance programs by adopting RMP parts 1 and 2, and then submit their RMP to NMFS for review, public comment, and approval or disapproval.

The RMP defines what activities are routine road maintenance. These consist of maintenance activities that are conducted on currently serviceable structures, facilities, and equipment, involve no expansion of or change in use, and do not result in significant negative hydrological impact.

Finally, the RMP includes a biological review of the RMP prepared by WSDOT and the other entities named above. The biological review analyzes the effects of the RMP on listed salmonids and their habitat statewide. The biological review concludes that the identified routine road maintenance activities conducted throughout Washington State under the RMP will neither impair properly functioning habitat, nor appreciably reduce the functioning of already impaired habitat, nor retard the long-term progress of impaired habitat toward PFC. Approval or disapproval of the RMP will depend on NMFS' findings after public review and comment.

As specified in the July 10, 2000, ESA 4(d) rule for salmon and steelhead (65 FR 42422), NMFS may approve a routine road maintenance program of any state, city, county, or port, provided that NMFS finds the activities to be consistent with the conservation of listed salmonids' habitat by contributing to the attainment and maintenance of properly functioning condition. Prior to final approval of a routine road maintenance program, NMFS must publish notification in the **Federal Register** announcing the program's availability for public review and comment.

#### Authority

Under section 4 of the ESA, the Secretary of Commerce is required to adopt such regulations as he deems necessary and advisable for the conservation of species listed as threatened. The ESA salmon and steelhead 4(d) rule (65 FR 42422, July 10, 2000) specifies categories of activities that contribute to the conservation of listed salmonids and

sets out the criteria for such activities. The rule further provides that the prohibitions of paragraph (a) of the rule do not apply to activities associated with routine road maintenance provided that a state or local program has been approved by NMFS to be in accordance with the salmon and steelhead 4(d) rule (65 FR 42422, July 10, 2000).

## COMMODITY FUTURES TRADING COMMISSION

### New York Mercantile Exchange's Proposal To Permit Exchange of Futures for, or in Connection With, Futures Transactions in Brent Crude Oil Futures Contracts

**AGENCY:** Commodity Futures Trading  
Commission.

**ACTION:** Request for public comment on  
a proposed exchange rule to permit  
Exchange of Futures for Futures ("EFF")  
transactions.

**SUMMARY:** The New York Mercantile  
Exchange ("NYMEX" or "Exchange")  
has requested that the Commission

approve proposed new Rule 6.21D to  
permit EFF transactions in the  
Exchange's Brent Crude Oil ("Brent")  
futures contract. The proposed new rule  
would establish a non-competitive  
trading procedure that would operate in  
a manner that is analogous in some  
respects to block trading rules and in  
other respects to exchange of futures for  
physicals ("EFP") rules currently in  
operation at some exchanges. NYMEX  
intends for the proposal to enable  
"eligible contract participants," as that  
term is defined by section 1a(12) of the  
Commodity Exchange Act, to liquidate  
open positions in Exchange-specified  
substantially equivalent contracts at  
another exchange and to establish  
comparable positions in the Exchange's  
Brent contract. The proposed rule  
essentially provides a mechanism to  
transfer Brent futures positions from  
another exchange to NYMEX. NYMEX  
proposes to implement the rule on a  
one-year pilot program basis.

Acting pursuant to the authority  
delegated by Commission Regulation  
140.96(b), the Division of Trading and  
Markets, in concurrence with the  
Division of Economic Analysis and the  
Office of General Counsel, has  
determined to publish NYMEX's  
proposal for public comment. The  
Division believes that publication of the  
proposal is in the public interest and  
will assist the Commission in  
considering the views of interested  
persons.

**DATES:** Comments must be received on  
or before April 12, 2002.

**ADDRESSES:** Interested persons should  
submit their views and comments to  
Jean A. Webb, Secretary, Commodity  
Futures Trading Commission, Three  
Lafayette Centre, 1155 21st Street, NW,  
Washington, DC 20581. In addition,  
comments may be sent by facsimile  
transmission to (202) 418-5521 or by  
electronic mail to [secretary@cftc.gov](mailto:secretary@cftc.gov).  
Reference should be made to the  
NYMEX proposal to adopt EFF  
procedures for the Brent Crude Oil  
futures contract.

Attorney, Division of Trading and  
Markets, Commodity Futures Trading  
Commission, Three Lafayette Centre,
