

Blaine Cliver, Chief, HABS/HAER/HALS, at (202) 343-9624.

Due to an unanticipated administrative delay in reviewing this notice within the National Park Service, it could not be published at least 15 days prior to the meeting dates. The National Park Service regrets this error, but is compelled to hold the meeting as scheduled because of the significant sacrifice re-scheduling would require of board members who have adjusted their schedules to accommodate the proposed meeting dates and the high level of anticipation by all parties who will be affected by the outcome of the board's actions. Since there has been advance notice to the board members about this meeting, the National Park Service believes that the public interest will not be adversely affected by the less-than-15-days advance notice in the **Federal Register**.

Meeting minutes of the meeting will be available for public inspection about eight weeks after the meeting at the office of HABS/HAER/HALS, National Park Service, 800 North Capitol Street NW, Suite 300, Washington, DC.
