

this action are those that join the voluntary Commuter Choice Leadership Initiative. No other entities are affected.

**Title:** Information Collection Activities Associated With the Commuter Choice Leadership Initiative; EPA ICR No. 2053.01

**Abstract:** EPA and the U.S. Department of Transportation (DOT) are launching the Commuter Choice Leadership Initiative (CCLI), a voluntary program for employer-provided commuter benefits in which employers that meet or exceed a national standard of excellence are recognized by EPA. Employers voluntarily sign an Agreement with EPA committing themselves to taking certain actions that will result in reducing the number of single-occupancy vehicles being driven to the workplace, thereby reducing vehicle emissions. Data collection is required for two reasons: to make certain that participating employers are meeting the terms of the agreement and to evaluate the effectiveness of the program. Respondents can be from any kind of employer. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

**Burden Statement:** Total annual burden is estimated at 46,189 hours plus non-labor costs of \$493. 41,759 of these hours are projected to come from private entities with the remainder from state and local governments. The projected number of respondents is 400 per year, with fewer in the first year and more in the third. Burden represents once annually reporting estimated to incur a burden of 115 hours per respondent. Burden means the total time, effort, or financial resources expended by persons

to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Dated: March 19, 2002.

**Robert E. Larson,**

*Division Director, Transportation and Regional Programs Division.*

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-7169-3]

### Agency Information Collection Activities: Proposed Collection; Comment Request; Disinfectants/Disinfection Byproducts, Chemical and Radionuclides Rules: Lead and Copper Rule Amendment

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit the following continuing Information Collection Request (ICR) to the Office of Management and Budget (OMB): Disinfectants/Disinfection Byproducts, Chemical and Radionuclides Rules: Lead and Copper Rule Amendment, EPA ICR No. 1896.03, OMB Control No. 2040-0204 which expires September 30, 2002. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

**DATES:** Comments must be submitted on or before June 10, 2002.

**ADDRESSES:** To obtain a copy of the draft Disinfectants/Disinfection Byproducts, Chemical, and Radionuclides Rules: Lead and Copper Rule Amendment ICR without charge, please contact the Safe Drinking Water Hotline (800-426-4791). Hours of operation are 9:00 a.m. to 5:30 p.m. (ET), Monday-Friday, excluding

Federal holidays. People interested in getting information or making comments about the Disinfectants/Disinfection Byproducts, Chemical, and Radionuclides Rules: Lead and Copper Rule Amendment ICR should direct inquiries or comments to the Office of Ground Water and Drinking Water, Drinking Water Protection Branch, Mail Code 4606M, 1200 Pennsylvania Avenue, NW, Washington, D.C. 20460.

**FOR FURTHER INFORMATION CONTACT:** Lisa Christ at (202)564-8354, fax (202) 564-3755, *e-mail:* christ.lisa@epa.gov.

**SUPPLEMENTARY INFORMATION:** *Affected entities:* Entities potentially affected by this action are Public Water Systems, primacy agents including regulators in the States, Puerto Rico, the U.S. Trust Territories; Indian Tribes and Alaska Native Villages, and in some instances, U. S. EPA Regional Administrators and staff.

**Title:** Disinfectants/Disinfection Byproducts, Chemical and Radionuclides Rules: Lead and Copper Rule Amendment, EPA ICR No. 1896.03, OMB Control No. 2040-0204 which expires September 30, 2002.

**Abstract:** The Disinfectants/Disinfection Byproducts, Chemical, and Radionuclides Rules ICR is the result of a consolidation of activities covered in the 1998 Stage 1 DBPR ICR, some rules and activities covered in the 1993 PWSS ICR and activities and rules previously covered in other Office of Ground Water Drinking Water (OGWDW) standalone ICRs. As part of the consolidation effort, the Disinfectants/Disinfection, Chemical, and Radionuclides Rules ICR will be amended to include burden and costs associated with the Lead and Copper Rule. The National Primary Drinking Water Regulations (NPDWRs) for Lead and Copper (The Lead and Copper Rule or LCR), promulgated by EPA in 1991, is a regulatory program mandated by the Safe Drinking Water Act (SDWA). The LCR's goal is to reduce the levels of lead and copper at the tap to as close to the maximum contaminant level goals of 0 parts per billion (ppb) of lead and 1.3 ppb of copper as possible. To accomplish this, the LCR requires community and non-transient non-community water systems to conduct periodic monitoring, optimize corrosion control and, under specified conditions, install source water treatment, conduct public education, and/or replace lead service lines in the distribution system.

In January 2000, EPA published the Lead and Copper Rule Minor Revisions (LCRMR) which eliminated unnecessary requirements, streamlined and reduced reporting burden, and promoted

consistent national implementation. The LCRMR do not affect the lead or copper rule maximum contaminant level goals, action levels, or the basic regulatory requirements.

Monitoring, reporting and record keeping are required at both the system and State levels under the National Primary Drinking Water Regulations (NPDWRs). EPA has chosen to require the least frequent collection that remains consistent with overall public health preservation objectives. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

**Burden Statement:** The estimated annual burden hours for the LCR amendment to the Disinfectants/Disinfection Byproducts, Chemical, and Radionuclides Rules ICR are 2,431,728 hours. The estimated average burden hours per response is 0.3 hours. The estimated average number of responses per respondent is 2.1. The estimated number of likely respondents annually is 76,001. The estimated annual cost is \$14 million which represents O&M costs only. The estimated annual burden hours and costs for the LCR amendment will be additive to the current OMB inventory for the The Disinfectants/Disinfection Byproducts, Chemical, and Radionuclides Rules ICR. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and

systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Dated: April 2, 2002.

## FEDERAL RESERVE SYSTEM

### Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at [www.ffiec.gov/nic/](http://www.ffiec.gov/nic/).

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than May 3, 2002.

**A. Federal Reserve Bank of Kansas City** (Susan Zubradt, Assistant Vice

President) 925 Grand Avenue, Kansas City, Missouri 64198-0001:

1. *First York Ban Corp.*, York, Nebraska; to increase its ownership from 20.13 percent to 21.88 percent, of the voting shares of NebraskaLand Financial Services, Inc., York, Nebraska, and thereby acquire additional voting shares of NebraskaLand National Bank, North Platte, Nebraska.

Board of Governors of the Federal Reserve System, April 4, 2002.

## FEDERAL TRADE COMMISSION

[File No. 012 3060]

### Kryton Coatings International, Inc., et al.; Analysis To Aid Public Comment

**AGENCY:** Federal Trade Commission.

**ACTION:** Proposed consent agreement.

**SUMMARY:** The consent agreement in this matter settles alleged violations of federal law prohibiting unfair or deceptive acts or practices or unfair methods of competition. The attached Analysis to Aid Public Comment describes both the allegations in the draft complaint that accompanies the consent agreement and the terms of the consent order—embodied in the consent agreement—that would settle these allegations.

**DATES:** Comments must be received on or before May 1, 2002.

**ADDRESSES:** Comments filed in paper form should be directed to: FTC/Office of the Secretary, Room 159-H, 600 Pennsylvania Avenue, NW., Washington, DC 20580. Comments filed in electronic form should be directed to: [consentagreement@ftc.gov](mailto:consentagreement@ftc.gov) as prescribed below.

#### FOR FURTHER INFORMATION CONTACT:

Hampton Newsome or Joni Lupovitz, Bureau of Consumer Protection, 600 Pennsylvania Avenue, NW., Washington, DC. 20580, (202) 326-2889 or 326-3743.

**SUPPLEMENTARY INFORMATION:** Pursuant to Section 6(f) of the Federal Trade Commission Act, 38 Stat. 721, 15 U.S.C. 46(f), and Section 2.34 of the Commission's Rules of Practice, 16 CFR 2.34, notice is hereby given that the above-captioned consent agreement containing a consent order to cease and desist, having been filed with and accepted, subject to final approval, by the Commission, has been placed on the public record for a period of thirty (30)
