Port Access Routes Study; Along the Sea Coast and in the Approaches to the Cape Fear River and Beaufort Inlet, North Carolina

AGENCY: Coast Guard, DOT.

ACTION: Notice of study; reopening of comment period.

SUMMARY: The Coast Guard announced in the **Federal Register** that we were conducting a Port Access Routes Study (PARS) to evaluate the need for vessel-routing or other vessel-traffic-management measures along the sea coast of North Carolina and in the approaches to the Cape Fear River and Beaufort Inlet. We understand that government agencies as well as private

entities did not receive notification of the PARS until late in the original comment period, which ended March 19, 2002. Therefore, we're reopening the comment period through May 19, 2002, to allow more time for public comment.

DATES: Comments and related material must reach the Docket Management Facility on or before May 19, 2002.

ADDRESSES: To make sure that your comments and related material are not entered more than once in the docket, please submit them by only one of the following means:

(1) By mail to the Docket Management Facility (USCG-2001-11201), U.S. Department of Transportation, room PL-401, 400 Seventh Street SW., Washington, DC 20590-0001.

(2) By delivery to room PL-401 on the Plaza level of the Nassif Building, 400 Seventh Street SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202-366-9329.

(3) By fax to the Docket Management Facility at 202-493-2251.

(4) Electronically through the Web Site for the Docket Management System at <http://dms.dot.gov>.

The Docket Management Facility maintains the public docket for this document. Comments and material received from the public, as well as documents mentioned in this preamble as being available in the docket, will become part of this docket and will be available for inspection or copying at room PL-401 on the Plaza level of the

Nassif Building, 400 Seventh Street SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. You may also find this docket on the Internet at <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice of study, call Tom Flynn, Project Officer, Aids to Navigation and Waterways Management Branch, Fifth Coast Guard District, telephone 757-398-6229, e-mail TWflynn@lantd5.uscg.mil; or George Detweiler, Office of Vessel Traffic Management, Coast Guard, telephone 202-267-0574, e-mail Gdetweiler@comdt.uscg.mil. If you have questions on viewing or submitting material to the docket, call Dorothy Beard, Chief, Dockets, Department of Transportation, telephone 202-366-5149.

SUPPLEMENTARY INFORMATION:

Request for Comments

We encourage you to participate in this study by submitting comments and related material. If you do so, please include your name and address, identify the docket number for this notice of study (USCG-2001-11201), indicate the specific section of this document to which each comment applies, and give the reason for each comment. You may submit your comments and material by mail, delivery, fax, or electronic means to the Docket Management Facility at the address under **ADDRESSES**; but please submit your comments and material by only one means. If you

submit them by mail or delivery, submit them in an unbound format, no larger than 8 1/2 by 11 inches, suitable for copying and electronic filing. If you submit them by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period.

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for one to the Docket Management Facility at the address under **ADDRESSES** explaining why one would be beneficial. If we determine that one would aid this study, we will hold one at a time and place announced by a later notice in the **Federal Register**.

Background and Purpose

On January 18, 2002, the Coast Guard published a notice in the **Federal Register** entitled "Port Access Routes Study; Along the Sea Coast and in the Approaches to the Cape Fear River and Beaufort Inlet, North Carolina" (67 FR 2616). The purpose of the study is to evaluate the need for vessel-routing or other vessel-traffic-management measures along the sea coast of North Carolina and in the approaches to the Cape Fear River and Beaufort Inlet.

The goal of the study is to help reduce the risk of marine casualties and increase the efficiency of management of vessel traffic in the study area. The recommendations of the study may lead to future rulemaking or to appropriate international agreements.

Dated: April 9, 2002.

Joseph J. Angelo,

Director of Standards, Marine Safety, Security and Environmental Protection.

New Jersey Gold Track Program Under Project XL

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; Request for comment.

SUMMARY: The Environmental Protection Agency (EPA) is today proposing to

modify the regulations under the Resource Conservation and Recovery Act (RCRA) and the Clean Air Act (CAA) to enable the implementation of the New Jersey Department of Environmental Protection (NJDEP) Gold Track Program (Gold Track), which has been developed under EPA's Project eXcellence and Leadership (Project XL) Program. Project XL is a national pilot program that allows state and local governments, businesses and federal facilities to develop with EPA innovative strategies to test better or more cost-effective ways of achieving environmental and public health protection. In exchange, EPA will issue regulatory, program, policy, or procedural flexibilities to conduct the pilot experiments.

In today's proposed rule, EPA is providing high performing companies in New Jersey with the regulatory flexibility to test environmental management strategies that produce increased, measurable results. NJDEP has expressed an interest in Project XL to test new pilot ideas with a select group of facilities that focus resources on activities NJDEP believes would provide progressively greater environmental benefits than are achievable through compliance with current regulatory requirements. This proposed rule is intended to provide the multimedia regulatory flexibility that will enable these test projects to move forward.

Under the proposed CAA rule modifications, participating Gold Track facilities would be able to obtain a Plantwide Applicability Limit (PAL) based on past actual emissions. As long as a Gold Track facility did not exceed the emission level identified in its PAL for a particular pollutant, it would be exempted from major New Source Review (NSR) for that pollutant. Also, this proposed rule encourages the development of Combined Heat and Power (CHP) technologies in New Jersey by allowing a CHP facility participating in Gold Track to obtain a PAL using its own past actual emissions plus the offset emissions derived from the shutting down or curtailment of boilers at the off-site facility.

Under today's proposed modifications under RCRA for Gold Track participants, secondary materials destined for recycling that would otherwise be considered solid wastes would be excluded from the definition of solid waste, provided certain conditions are met. Participating facilities would also be allowed up to 180 days (or 270 days as applicable) to accumulate hazardous waste without a

permit as long as specified conditions are met.

DATES: Public Comments: All public comments on the proposed rule must be received on or before May 16, 2002, unless a public hearing is requested, in which case comments must be received no later than 30 days following the hearing. Comments provided electronically will be considered timely if they are submitted electronically by 11:59 p.m. (Eastern time) May 16, 2002, unless a public hearing is requested, in which case they must be received by 11:59 p.m. (Eastern time) on the date 30 days following the hearing.

Public Hearing: Commenters may request a public hearing by April 30, 2002, during the public comment period. Commenters requesting a public hearing should specify the basis for their request. If a hearing is requested based on a relevant issue, it will be held by May 7, 2002, during the last week of the public comment period. Requests for a public hearing should be submitted to the address below. If a public hearing is scheduled, the date, time, and location will be available through a **Federal Register** announcement or by contacting Mr. Stan Siegel at the U.S. EPA Region 2 office.

ADDRESSES: Comments: Written comments should be mailed to the RCRA Information Center Docket Clerk (5305W), U.S. Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460. Please send an original and two copies of all comments, and refer to Docket Number F-2001-NJGP-FFFFF.

Request for a Hearing: Requests for a hearing should be mailed to the RCRA Information Center Docket Clerk (5305G), U.S. Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460. Please send an original and two copies of all comments, and refer to Docket Number F-2001-NJGP-FFFFF. A copy should also be sent to Mr. Stan Siegel at the U.S. EPA Region 2 office. Mr. Siegel may be contacted at the following address: U.S. Environmental Protection Agency, Region 2, 290 Broadway, 25th Floor, New York, NY 10007, (212) 637-3701.

Viewing Project Materials: A docket containing the proposed rule, Final Project Agreement, supporting materials, and public comments is available for public inspection and copying at the RCRA Information Center (RIC), located at Crystal Gateway, 1235 Jefferson Davis Highway, First Floor, Arlington, Virginia. The RIC is open from 9 am to 4 pm Monday through Friday, excluding Federal holidays. The public is encouraged to phone in
