

adequate evidence of industry support and, therefore, polling is unnecessary. See Import Administration Countervailing Duty Investigation *Initiation Checklist* for Austria, Industry Support section and Attachment II, April 18, 2002 (collectively, the Initiation Checklist), on file in the Central Records Unit, Room B-099 of the main Department of Commerce building.

Grant Prideco, Inc., which is a domestic producer of the like product and is the majority owner of the Austrian OCTG producer, asserted that the petitioners had failed to demonstrate that they account for a majority of the domestic industry. We determined that the petitioners have demonstrated industry support representing over 50 percent of total production of the domestic like product. The Department also determined that it will disregard Grant Prideco's opposition to the petition because it is related to a foreign producer. See Attachment II to the Initiation Checklist for further explanation. Accordingly, we determine that this petition is filed on behalf of the domestic industry within the meaning of section 702(b)(1) of the Act.

Injury Test

Because Austria is a "Subsidies Agreement Country" within the meaning of section 701(b) of the Act, section 701(a)(2) of the Act applies to this investigation. Accordingly, the ITC must determine whether imports of the subject merchandise from Austria materially injure, or threaten material injury to, an industry in the United States.

Allegations and Evidence of Material Injury and Causation

The petitioners allege that the U.S. industry producing the domestic like product is being materially injured, or is threatened with material injury, by reason of imports of the subject merchandise. The petitioners contend that the industry's injured condition is evident in the declining trends in net operating profits, net sales volumes, profit-to-sales ratios, production employment, and capacity utilization. The allegations of injury and causation are supported by relevant evidence including U.S. Customs import data, lost sales, and pricing information. We have assessed the allegations and supporting evidence regarding material injury and causation, and have determined that these allegations are properly supported by accurate and adequate evidence and meet the statutory requirements for initiation. See *Initiation Checklist*. With respect to the

countervailing duty petition on Austria, since Austria is not a developing country, imports from Austria cannot be less than 3 percent for purposes of the injury analysis. See Sections 771(24)(A) and (B) of the Act. Imports from Austria are greater than 3 percent.

Allegations of Subsidies

Section 702(b) of the Act requires the Department to initiate a countervailing duty proceeding whenever an interested party files a petition, on behalf of an industry, that (1) alleges the elements necessary for an imposition of a duty under section 701(a), and (2) is accompanied by information reasonably available to petitioners supporting the allegations.

Initiation of Countervailing Duty Investigation

The Department has examined the countervailing duty petition on OCTG from Austria and found that it complies with the requirements of section 702(b) of the Act. Therefore, in accordance with section 702(b) of the Act, we are initiating a countervailing duty investigation to determine whether the producers/exporters of subject merchandise in Austria received subsidies. See *Initiation Checklist*.

We are including in our investigation the following programs alleged in the petition to have provided countervailable subsidies to Voest Alpine Tubulars in Austria:

1. 1987 Equity Infusions
2. 1987 Assumption of Losses by Österreichische Industrieholding-Aktiengesellschaft (OIAG)
3. 1993 Grant from OIAG to Voest-Alpine Stahl AG
4. 1993 Assumption of Liabilities by OIAG
5. 1993 OIAG Subordinated Shareholder's Loan

We will also be investigating whether subsidies were conferred under these programs on suppliers of Voest-Alpine Tubulars that can be attributed to Voest-Alpine Tubulars under the cross-ownership provisions of section 351.525(b)(5) of the Department's regulations. See *Initiation Checklist*.

Distribution of Copies of the Petitions

In accordance with section 702(b)(4)(A)(i) of the Act, copies of the public version of the petition have been provided to the representatives of the GOA and the EC. We will attempt to provide copies of the public version of the petition to all the exporters named in the petition, as provided for under section 351.203(c)(2) of the Department's regulations.

ITC Notification

Pursuant to section 702(d) of the Act, we have notified the ITC of this initiation.

Preliminary Determination by the ITC

The ITC will determine no later than May 13, 2002, whether there is a reasonable indication that imports of OCTG from Austria are causing material injury, or threatening to cause material injury, to a U.S. industry. A negative ITC determination will result in the investigation being terminated with respect to Austria; otherwise, the investigation will proceed according to statutory and regulatory time limits.

This notice is issued and published pursuant to section 777(i) of the Act.

Submission for OMB Review; Comment Request

SUPPLEMENTARY INFORMATION: The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Seafood Inspection and Certification Requirements.

Form Number(s): NOAA Forms 89-800, 89-814, 89-819.

OMB Approval Number: 0648-0266.

Type of Request: Regular submission.

Burden Hours: 13,065.

Number of Respondents: 7,082.

Average Hours Per Response: 5

minutes for an application for inspection services, an application for appeal, or completion of a contract; 30 minutes for a label and specification submission; 105 hours for a Hazard Analysis Critical Control Point (HACCP) Plan; and 80 hours for monitoring and recordkeeping.

Needs and Uses: NOAA operates a voluntary fee-for-service seafood inspection program. Federally-inspected products may display official quality grade marks. Those wishing to participate in the program must request

the services and submit specific compliance information.

Affected Public: Business and other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain a benefit.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, Room 6608, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at MClayton@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503.

Dated: April 18, 2002.

Submission for OMB Review; Comment Request

SUPPLEMENTARY INFORMATION: The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Highly Migratory Species Vessel Logbooks and Cost-Earnings Data Reports.

Form Number(s): NOAA Form 88-191.

OMB Approval Number: 0648-0371.

Type of Request: Regular submission.

Burden Hours: 24,295.

Number of Respondents: 5,290.

Average Hours Per Response: 12 minutes per trip summary report; 2 minutes for a no-catch or no-fishing report; 30 minutes for a cost-earnings trip report; and 30 minutes for an annual expenditure report.

Needs and Uses: The National Marine Fisheries Service (NMFS) of NOAA seeks to reinstate Paperwork Reduction

Act clearance of an existing logbook information collection and to make mandatory an existing voluntary collection of cost-earnings data from fishermen who possess permits to fish for highly migratory species. The cost-earnings form is an added portion of the existing trip summary form for vessel logbooks. This form has been simplified, and some cost information has been removed from the trip summary form to be placed on an annual expenditures form, in response to comments from fishermen. The information collected in logbooks and the cost-earnings form will help NMFS identify impacts of proposed regulatory measures on fishermen and the resource, consistent with applicable law such as the Magnuson-Stevens Fishery Conservation and Management Act and the Regulatory Flexibility Act.

Affected Public: Business or other for-profit organizations, individuals or households.

Frequency: Annually, by trip.

Respondent's Obligation: Mandatory.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, Room 6608, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at MClayton@doc.gov).

National Oceanic and Atmospheric Administration

Advisory Committee on Commercial Remote Sensing

ACTION: Notice to establish an Advisory Committee on Commercial Remote Sensing.

SUMMARY: In accordance with the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. 2, and the General Services Administration (GSA)

rule of Federal Advisory Committee Management, 41 CFR part 102-3, and after consultation with GSA, the Secretary of Commerce has determined that the establishment of the National Oceanic and Atmospheric Administration (NOAA) Advisory Committee on Commercial Remote Sensing (ACCRES) is in the public interest, in connection with the performance of duties imposed on the Department by law.

The ACCRES will advise the Secretary, through the Under Secretary of Commerce for Oceans and Atmosphere, on long- and short-range strategies for the licensing of commercial remote-sensing satellite systems. The ACCRES will consist of no more than 15, and no less than 12, members to be appointed by the Under Secretary to assure a balanced representation among commercial remote-sensing satellite operators, data users, value-added resellers, academic and technical experts, and information technology firms. The ACCRES will function solely as an advisory body, and in compliance with the provisions of the Federal Advisory Committee Act. Its charter will be filed under the Act, fifteen days from the date of publication of this notice.

FOR FURTHER INFORMATION CONTACT:

Interested persons are invited to submit comments regarding the establishment of this committee to Timothy Stryker, Acting Remote-Sensing Licensing Coordinator, NOAA/NESDIS International and Interagency Affairs, 1335 East West Highway, Room 7311, Silver Spring, Maryland 20910; telephone 301-713-2024 x.205, e-mail Timothy.Stryker@noaa.gov.
