Copies of the proposed collection of information may be obtained by contacting the Bureau's clearance officer at the phone number listed below. OMB has up to 60 days to approve or disapprove the information collection, but may respond after 30 days; therefore comments on the proposal should be made directly to the Desk Officer for the Interior Department, Office of Regulatory Affairs, Office of Management and Budget, Washington, DC 20503; and to the Bureau Clearance Officer, U.S. Geological Survey, 807 National Center, 12201 Sunrise Valley Drive, Reston, Virginia 20192, telephone (703) 648–7313.

As required by OMB regulations at 5 CFR 1320.8(d)(1), the U.S. Geological Survey solicits specific public comments as to:

Title: Visitor knowledge and economic impact at Arapaho, Arrowwood and Sand Lake National Wildlife Refuges.

OMB Approval No.: New collection.

Abstract: The National Wildlife Refuge System Improvement Act of 1997 requires that all refuges will be managed in accordance with an approved Comprehensive Conservation Plan (CCP) which, when implemented, will achieve refuge purposes; help fulfill the Refuge System mission; maintain and, where appropriate, restore the ecological integrity of each refuge and the Refuge System; help achieve the goals of the Wilderness Preservation System; and meet other mandates. An underlying component of these plans is a strong scientific foundation for establishment for refuge objectives, implementation of management actions, and quantitative monitoring of progress towards these objectives. Few studies have been conducted that evaluate public knowledge, perception, or economic value associated with National Wildlife Refuges. Information about the existing community, economic, and public relations status is a precursor to many of the habitat and visitor management decisions. The primary objective of this study is to gain sufficient knowledge about refuge visitors. Our second objective is to develop and test a set of tools that can be used/repeated at other refuges around the country. Understanding public knowledge, perception, and values is a vital component of natural resource management. Improved understanding will guide future management practices.

Bureau Form No.: None.

Frequency: One time.

Description of Respondents: A sample of visitors to Arapaho, Arrowwood, and Sand Lake National Wildlife Refuges.

Estimated Completion Time: 15 minutes per respondent (approximate).

Number of Respondents: 600 (200 per refuge).

Burden Hours: 150 hours (The burden estimates are based on 15 minutes to complete each questionnaire and an 70% return rate.)

SUPPLEMENTARY INFORMATION:

Title: Designation of Royalty Payment Responsibility.

OMB Control Number: 1010-0107.

Bureau Form Number: MMS-4425.

Abstract: The Department of the Interior (DOI) is responsible for matters relevant to mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary of the Interior (Secretary) is responsible for managing the production of minerals from Federal and Indian lands and the OCS, collecting royalties from lessees who produce minerals, and distributing the funds collected in accordance with applicable laws. The Secretary also has an Indian trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. MMS performs the royalty management functions and assists the Secretary in carrying out DOI's Indian trust responsibility.

The Federal Oil and Gas Royalty Simplification and Fairness Act of 1996 (RSFA), Public Law 104-185, as corrected by Public Law 104-200, established that owners of operating rights or lease record title (referred to as "lessees") are responsible for making royalty and related payments on Federal oil and gas leases. It is common, however, for a payor rather than a lessee to make these payments. When a payor makes payments on behalf of a lessee, RSFA requires that the lessee designate the payor as its designee and notify MMS of this arrangement in writing. These RSFA requirements are codified in 30 CFR 218.52.

MMS designed Form MMS-4425, Designation Form, to contain all the information necessary for lessees to comply with these RSFA requirements. We are proposing a minor revision to Form MMS-4425 to remove the field for revenue source code. This revision is necessary to make Form MMS-4425 compatible with other recently revised
