Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigation. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in section 207.21 of the Commission's rules, upon notice from the Department of Commerce of an affirmative preliminary determination in the investigation under section 733(b) of the Act, or, if the preliminary determination is negative, upon notice of an affirmative final determination in that investigation under section 735(a) of the Act. Background

On February 13, 2002, a petition was filed with the Commission and Commerce by the American Bearing Manufacturers Association, Washington, DC, alleging that an industry in the United States is materially injured and threatened with material injury by reason of LTFV imports of certain ball bearings and parts thereof from China. Accordingly, effective February 13, 2002, the Commission instituted antidumping duty investigation No. 731-TA-989 (Preliminary).

Notice of the institution of the Commission's investigation and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of February 21, 2002 (67 FR 8039). The conference was held

in Washington, DC, on March 6, 2002, and all persons who requested the opportunity were permitted to appear in person or by counsel. The Commission transmitted its determination in this investigation to the Secretary of Commerce on April 29, 2002. The views of the Commission are contained in USITC Publication 3504 (May 2002), entitled *Ball Bearings from China: Investigation No. 731-TA-989 (Preliminary)*.

Issued: April 30, 2002.
