

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686). The panel review in this matter was requested and terminated pursuant to these Rules.

Dated: May 3, 2002.

Caratina L. Alston,

United States Secretary, NAFTA Secretariat.

DEPARTMENT OF COMMERCE

International Trade Administration

North American Free Trade Agreement (NAFTA), Article 1904 Binational Panel Reviews: Notice of Termination of Panel Review

AGENCY: NAFTA Secretariat, United States Section, International Trade Administration, Department of Commerce.

ACTION: Notice of Consent Motion to Terminate the Panel Review of the final antidumping duty administrative review of the dumping order made by the International Trade Administration, respecting porcelain-on-steel cookware from Mexico (Secretariat File No. USA-MEX-00-1904-04).

SUMMARY: Pursuant to the Notice of Consent Motion to Terminate the Panel Review, the panel review is terminated as of April 29, 2002. A panel has been appointed to this panel review and has consented to this motion. Pursuant to Rule 71(2) of the *Rules of Procedure for Article 1904 Binational Panel Review*, this panel review is terminated.

FOR FURTHER INFORMATION CONTACT: Caratina L. Alston, United States Secretary, NAFTA Secretariat, Suite

2061, 14th and Constitution Avenue, Washington, DC 20230, (202) 482-5438.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 050102B]

Gulf of Mexico Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council will convene a public meeting for a stakeholders workshop.

DATES: A stakeholders workshop on bioeconomic modeling will be held beginning at 8:30 a.m. on Wednesday, May 22, 2002, and will conclude at 4 p.m. on Friday, May 24, 2002.

ADDRESSES: The meeting will be held at the Tampa Airport Hilton Hotel, 2225 Lois Avenue, Tampa, FL 33607; telephone 813-877-6688.

FOR FURTHER INFORMATION CONTACT:

Antonio B. Lamberte, Economist, Gulf of Mexico Fishery Management Council, 813-228-2815.

Council address: Gulf of Mexico Fishery Management Council, 3018 U.S. Highway 301 North, Suite 1000, Tampa, FL 33619.

SUPPLEMENTARY INFORMATION:

A stakeholders workshop on bioeconomic modeling will be convened to address the economic impacts of regulations proposed for red grouper under Secretarial Amendment 1 to the Reef Fish Fishery Management Plan. A bioeconomic modeling group composed of some members of the Socioeconomic Panel (SEP), a member of the Reef Fish Stock Assessment Panel, and NMFS economists will lead the workshop. The modeling group will be assisted by NMFS stock assessment experts on the biological portion of the model. Dr. Walter Keithly, a SEP member, will act as the moderator for the workshop.

The main goal of the workshop is to adapt a bioeconomic model developed by Dr. Lee Anderson to the red grouper fishery in the Gulf. The public is strongly encouraged to attend and assist the modeling group in assessing the reasonableness of various parameters that would be used in the bioeconomic model. It should be understood by the attending public that while their active participation in the discussion is encouraged, the workshop is not a public hearing on the red grouper Secretarial amendment. A copy of the agenda can be obtained by calling 813-228-2815.

Upon successful adaptation of Dr. Anderson's bioeconomic model to the Gulf red grouper fishery, the SEP will employ the model to address the economic implications of various measures proposed for the red grouper Secretarial amendment. The SEP will meet on June 12-14, 2002, to evaluate the results of the model and prepare a report for review by the Reef Fish Advisory Panel and the Standing Scientific and Statistical Committee. The SEP report and its various reviews will be presented to the Council at their July 8-12, 2002, meeting when they will make final decisions on the red grouper Secretarial amendment.

Although other non-emergency issues not on the agendas may come before the workgroup for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act, those issues may not be the subject of formal action during these meetings. Actions of the workgroup will be restricted to those issues specifically identified in the agendas and any issues

arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take action to address the emergency.

Special Accommodations

The meeting is open to the public and is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office by May 15, 2002.

Dated: May 2, 2002.

Virginia M. Fay,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Stock Assessment of Small Coastal Sharks in the U.S. Atlantic and Gulf of Mexico

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability.

SUMMARY: NMFS announces the availability of a stock assessment report on small coastal sharks (SCS) in the Atlantic and Gulf of Mexico, prepared by the NMFS Southeast Fisheries Science Center.

ADDRESSES: Written requests for copies of the report should be sent to Margo Schulze-Haugen, Highly Migratory Species Management Division (F/SF1), National Marine Fisheries Service (NMFS), 1315 East-West Highway, Silver Spring, MD 20910, or may be sent via facsimile (fax) to 301-713-1917.

FOR FURTHER INFORMATION CONTACT:

Margo Schulze-Haugen or Karyl Brewster-Geisz, (301) 713-2347; fax (301) 713-1917.

SUPPLEMENTARY INFORMATION: Several species of SCS are caught in directed fisheries and as bycatch in the southeastern region of the United States. This management group presently includes the Atlantic sharpnose, bonnethead, blacknose, and finetooth sharks. The previous stock assessment of the SCS complex was conducted over a decade ago and the ensuing management plan classified this group as being fully utilized. A substantial

amount of information has become available since then, including biological data, improved fisheries statistics, and bycatch estimates from the shrimp trawl fishery. Several new fishery-independent and fishery-dependent catch rate series have become available and previously developed time series have been extended. The report uses this information to assess the status of SCS stocks in the southeastern U.S. region.

The final version of the report is now available on the NMFS website (<http://www.nmfs.noaa.gov/sfa/hmspg.html>). Hard copies of the document are available upon request (see **ADDRESSES**).

Authority: 16 U.S.C. 971 *et seq.* and 1801 *et seq.*

Dated: May 2, 2002.

Virginia M. Fay,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
